August 10, 2004

Mr. Larry Kubrock
Richmond, Virginia

Dear Sir:

I am writing this brief note to express my support for locating the present power lines underground. Not only do these lines present a safety threat as they do in our Lynchburg neighborhood, but they are unsightly. As a result, they negatively impact property values and are a real detriment to the sale of otherwise desirable property.

Thank you for your consideration.

Sincerely,
Frances B. Fisher
(Mrs. J. Gregory)
