Re:Union Security Insurance Company
Company NAIC # 70408; FEIN #: 81-0170040
Individual Long-Term Care Insurance Rate Revision Submission
Revised Actuarial Memos and Policyholder Communication Package

Dear Commissioner:

In March 2000, John Hancock entered into an agreement whereby it would administer and reinsure the Fortis Benefits Insurance Company (now known as Union Security Insurance Company) block of individual long-term care insurance. Through this coinsurance arrangement, John Hancock assumed the administration and servicing, the financial risk and the paying of claims and maintaining sufficient reserves for these policies, as well as for analysis supporting this rate filing.

John Hancock is submitting the enclosed premium rate increase filing due to the fact we are seeing higher incidence and longer lasting claims, particularly at the older attained ages.
As a result of the factors listed above, we are requesting a premium rate increase on the policy series listed below and are enclosing the actuarial memos and rates for your review and acceptance.
These rate increases are based on assumptions developed by John Hancock in 2016. Morbidity and mortality assumptions are based on combined Union Security and Time II experience. Lapse assumptions are based on combined John Hancock, Time II and Union Security experience.

| Policy Series | Approval Dates | Years Sold | Average Increase |
|---|---|---|---|
| 6060-VA | 3/5/1998, 10/15/2008, 8/8/2013 | 1998-2002 | 155% |
| 6062-VA | 3/5/1998, 10/15/2008, 8/8/2013 | 1998-2002 | 155% |
| 6063-VA | 3/5/1998, 10/15/2008, 8/8/2013 | 1998-2003 | 155% |
| 6072-VA | 3/5/1998, 10/15/2008, 8/8/2013 | 1998-1999 | 155% |
| 6073-VA | 3/5/1998, 10/15/2008, 8/8/2013 | 1998-1999 | 155% |

The proposed premium rates will be effective on the next policy anniversary date, following a 90-day policyholder notification period, which will be made as soon as practicable following state acceptance. As we will describe later in this letter, we will also offer affected insureds various benefit reduction options to help mitigate the impact of the rate increase.

Policyholder Options
We are fully aware that a premium increase may be difficult for our policyholders. Therefore, we will provide all policyholders with options which will help them mitigate the impact of any increase.

•Shared Cost Option
If the policyholder selects this option, they will be able to offset the premium rate increase. The Shared Cost Option consists of two components.
•All policy benefit amounts and lifetime maximum benefit amount will be decreased by an assigned Shared Cost percentage (based upon policy series and the insured's original issue age and benefit selected); and
•We will also apply that same Shared Cost percentage to future claims for covered services and will pay our portion (1 minus the Shared Cost percentage) of covered services, up to the new revised [daily/monthly] benefit amount. The insured will be responsible for the remaining expenses.
Example: If the revised Daily Benefit for Nursing Facility Care is $200 and the Shared Cost Percentage is 20%, we will pay 80% of the Actual Expenses, but no more than $200.
•If Actual Expenses are $100, we will pay $80 and the insured will be responsible for $20.
•If Actual Expenses are $200, we will pay $160 and the insured will be responsible for $40.

•If Actual Expenses are $300, we will pay $200 and the insured will be responsible for $100.

All Shared Cost percentages were determined to be actuarially equivalent to the requested rate increases by combination of issue age, benefit period and inflation type and therefore these options are only available if the full rate increase requested is accepted.

•Paid-up Option
If the policyholder selects this option, the policy will be converted to paid-up status on the rate increase effective date. The new policy limit will be equal to 150% of premiums paid, less any claims paid. Under this option all optional riders will terminate and no additional inflation adjustments/increases will be provided. This option will only be available if the full rate increase requested is accepted.

•Nonforfeiture
If the NAIC contingent nonforfeiture benefit or the nonforfeiture benefit (if purchased) is triggered, customers will be offered paid-up coverage in accordance with the applicable provision. We are allowing contingent nonforfeiture if the rate increase trigger is met for all affected policyholders, even if it was not otherwise required in your State. (Please note, that we will be voluntarily administering the enhanced contingent nonforfeiture benefit as described in the NAIC Model Bulletin "Announcement of Alternative Filing Requirements for Long-Term Care Premium Rate Increases" (as adopted by the Senior Issues Task Force on 8/9/2013.)

•Additional Mitigation Options
Policyholders may also be able to reduce their benefit period, adjust their daily/monthly benefit amount, drop optional benefit riders or extend their elimination period.

Please note all of the referenced mitigation options may not be available if the rate increase is not approved as requested.

The corresponding forms for the Shared Cost and Paid-Up Options will be submitted under separate cover shortly.

Policyholder Communication Package

We are submitting for informational purposes only, our sample template policyholder communication package regarding the rate increase. This package will be personalized for each customer and of course will vary by their respective situation (i.e., policy forms, benefit selection, etc.) This package is included in Supporting Documentation. The communication package will be submitted for approval with the forms filing.

Ensuring No Cross-Subsidization Between States

We have ensured no state's rate increase approvals will subsidize other states' experience. Rate increases will vary by state to reflect the timing and amount of prior rate increases approved by that state. This is accomplished by first backing-out all prior rate increases from our nationwide premium data. We then re-introduce prior rate increases with the amount and timing based on your state's prior approvals. The current proposed rate increases are then determined based on the amounts needed in order to achieve our target loss ratios where our targets reflect the lifetime loss ratios certified to in our prior filing.

Although some states may have capped our previous inforce rate increase filings, in each case this was done with the

understanding that the full amount of the proposed rate increases were justified, and that John Hancock would be refiling for the remainder at a later date. In instances where the remainder remains unapproved, it has been included in the current filings.

Past Losses Testing
Preventing companies from recouping past losses was the subject of a discussion by the Health Actuarial Task Force in late 2013. The accepted methodology by the Health Actuarial Task Force is to define past losses as actual past claims less expected past claims when determining loss ratio compliance where expected past claims are defined as the following:

“Expected claims shall be calculated based on the original filing assumptions assumed until new assumptions are filed as part of a rate increase. New assumptions shall be used for all periods beyond each requested effective date of a rate increase regardless of whether or not the rate increase is approved. Expected claims are calculated for each calendar year based on the in-force during the calendar year. Expected claims shall include margins for moderately adverse experience; the margins included in the claims that were used to determine the lifetime loss ratio consistent with the original filing or as modified in any rate increase filing.”

The rate increases we calculated follow the methodology described above to ensure that we are not recouping past losses.

# Objection Letter

| | |
|---|---|
| Objection Letter Status | Info has been requested from company |
| Objection Letter Date | 09/23/2021 |
| Submitted Date | 09/23/2021 |
| Respond By Date | 10/23/2021 |

*Dear Carol Folsom,*

***Introduction:***

*The Bureau has the following concerns and/or needs additional information to continue its review.*

*Please note, any revisions, modifications, or changes of any type to this filing must be clearly identified and explained in detail. For clarity, multiple changes should be summarized in a cover letter, etc.*

***Objection 1***

*- L&H Actuarial Memorandum (Supporting Document)*

*Comments: 1) Please confirm if the Shared Cost option will be offered to all policyholders.*

*2) We note that updated Shared Cost rates were included in the 8/20/21 objection response, however, the wording in Section 18 of the Actuarial Memorandum still states that the Share Cost options are only available if the full rate increase request is accepted. Since the amount of the rate revision is less than the full amount requested, please revise Section 18 accordingly.*

*3) Section 19 indicates that the Paid-Up Policy will only be offered "if we receive a full approval". Please confirm if the Paid-Up Policy will still be offered and revise Section 19 accordingly.*

***Objection 2***

*- Long Term Care Insurance Rate Request Summary (Supporting Document)*

*Comments: The purpose of the LTC Rate Request Summary narrative is to provide a brief, high level justification for the rate increase to the public, in language which would be easily understood by individuals with little to no insurance background. More detailed technical information is in the Actuarial Memorandum and policyholder options will be communicated in the notification letters. Please revise the narrative to be a brief description of the increase.*

*1) The information in paragraphs 1 and 3 explain the relationship between John Hancock and the reasons behind the increase. The additional information in the narrative is either too technical or will be addressed in the policyholder notification documents.*

*2) We are concerned that the title referring to the 2016 rate increase may cause confusion for policyholders. For clarity, we recommend removing the title.*

***Objection 3***

*- Rate Table, [6060-VA] (Rate)*

*Comments: Form 6060-VA*

*We note that in the previously approved filing, MULF-126869528, the rate sheets for form 6060-VA are labeled Time Insurance Company and on most pages refer to form 4063-VA rather than form 6060-VA.*

*1) Please confirm that those were the rates for Union Security Insurance Company.*

2) Please confirm that the Year 3 of 3 rates in the previously approved filing beginning on page 34 are the rates currently being used for form 6060-VA.

### Objection 4

- Rate Table, [6060-VA] (Rate)

Comments: Form 6060-VA - The proposed rates on page 20, Standard rates per $10 of Nursing Home Daily Benefit, 90 day EP, AL at 100%, are not calculating correctly at the 42.3% increase for the 3.2% simple inflation. It appears that the rates in the previously approved filing, MULF-126869528, may have been incorrect as the same rates are shown for both simple and compound inflation.

1) Please confirm the correct current rates for the simple inflation benefit.
2) Please confirm the rates which are currently being charged for this benefit and if any policyholders are impacted.

### Objection 5

- Rate Table, [6060-VA] (Rate)

Comments: There are several additional places where the rates in the current filing are not reflecting a 42.3% increase over the Year 3 of 3 rates in the previously approved filing. For example:

Form 6060-VA Standard and Preferred rates per $10 of Nursing Home Daily Benefit, all EP and ASL options, no previous inflation decrease some of the base rates for ages 33 and under on each rate sheet reflect lower increases.

Form 6060-VA Standard rates per $10 of Nursing Home Daily Benefit, 20 day EP, AL at 100% - the 3.2% Compound inflation rates are showing lower increases.

To assist us in our review, please attach in Supporting Documentation an Excel file with working formulas showing the current rates, proposed rates and % change calculation for each Form and benefit option.

### Conclusion:

We shall be glad to continue our review of this submission upon receipt of the requested information or resolution of the issues described above. Upon subsequent review, other concerns may require attention.

A response to this request for information is expected within 30 days. After 30 days, the filing will be DISAPPROVED and CLOSED unless an extension is requested. An initial extension of up to 30-days will be granted upon request before the Respond By Date.

Once a submission has been closed, a new SERFF submission will be required. To expedite the review, the new submission should reference the SERFF tracking number of the prior submission and verify that all outstanding issues have been addressed. Should you wish to discuss any of the objections or provide additional information related to any of the objections, this should be done prior to making a new SERFF submission.

Please let me know if you need additional clarification.

Thank you for your courtesy and consideration in this matter.

*Dear Carol Folsom,*

***Introduction:***

*The Bureau has the following concerns and/or needs additional information to continue its review.*

*Please note, any revisions, modifications, or changes of any type to this filing must be clearly identified and explained in detail. For clarity, multiple changes should be summarized in a cover letter, etc.*

***Objection 1***

*- L&H Actuarial Memorandum (Supporting Document)*

*Comments: The company's most recent rate increase request of 42.3% has been accepted by the Bureau. To implement the new increase, please update the filing to reflect the revised request, including:*

- *The Overall Rate Impact and filing description on the General Information tab (using a post submission update),*
- *Revised rate sheets and Company Rate Information on the Rate/Rule Schedule,*
- *Revised Actuarial Memorandum and all exhibits, and*
- *A revised Long-Term Care Rate Request Summary and narrative.*

***Conclusion:***

*We shall be glad to continue our review of this submission upon receipt of the requested information or resolution of the issues described above. Upon subsequent review, other concerns may require attention.*

*A response to this request for information is expected within 30 days. After 30 days, the filing will be DISAPPROVED and CLOSED unless an extension is requested. An initial extension of up to 30-days will be granted upon request before the Respond By Date.*

*Once a submission has been closed, a new SERFF submission will be required. To expedite the review, the new submission should reference the SERFF tracking number of the prior submission and verify that all outstanding issues have been addressed. Should you wish to discuss any of the objections or provide additional information related to any of the objections, this should be done prior to making a new SERFF submission.*

# Objection Letter

| | |
|---|---|
| Objection Letter Status | Info has been requested from company |
| Objection Letter Date | 05/11/2021 |
| Submitted Date | 05/11/2021 |
| Respond By Date | 06/10/2021 |

*Dear Carol Folsom,*

***Introduction:***

*The Bureau has the following concerns and/or needs additional information to continue its review.*

*Please note, any revisions, modifications, or changes of any type to this filing must be clearly identified and explained in detail. For clarity, multiple changes should be summarized in a cover letter, etc.*

***Objection 1***

*- L&H Actuarial Memorandum (Supporting Document)*
*Comments: For the reasons noted below, the Bureau proposes an overall increase of 23.6%.*

*1)The company has not complied with 14VAC5-200-125, which requires the filing of an Annual Rate Report followed by an Action Plan within 60 days if the premiums are not sufficient*

*2)The previous filing, submitted in 2015 (MULF-129573228), was disapproved by the Bureau for nonresponse*

*It is the Bureau's position that the company should not recoup past losses. An increase of 23.6% would allow the company to maintain a target loss ratio of 119.5%.*

*To accept this increase, please update the filing to reflect the revised increase, including the actuarial memorandum and loss ratio exhibits, rate request summary, rate sheets and other impacted items.*

***Conclusion:***

*We shall be glad to continue our review of this submission upon receipt of the requested information or resolution of the issues described above. Upon subsequent review, other concerns may require attention.*

*A response to this request for information is expected within 30 days. After 30 days, the filing will be DISAPPROVED and CLOSED unless an extension is requested. An initial extension of up to 30-days will be granted upon request before the Respond By Date.*

# Objection Letter

| | |
|---|---|
| Objection Letter Status | Info has been requested from company |
| Objection Letter Date | 01/06/2021 |
| Submitted Date | 01/06/2021 |
| Respond By Date | 02/05/2021 |

*Dear Carol Folsom,*

***Introduction:***

*The Bureau has the following concerns and/or needs additional information to continue its review. Please respond by the Respond By Date above. If an extension is required, submit your request prior to that date.*

*Please note, any revisions, modifications, or changes of any type to this filing not specifically requested by us must be brought to our attention upon resubmission and explained in detail.*

***Objection 1***

*- Response to 11/6/2019 objections (Supporting Document)*

*Comments: In the response to objection #4 submitted 12/19/19, the Company indicates that while assumptions were used based on combined Time II and Union Security experience, the two companies no longer have common ownership. Since they are now unaffiliated entities, please submit a letter of authorization from Time II giving authorization for their experience data to be used in this Union Security filing.*

***Objection 2***

*- Response to 3/31/20 objection (Supporting Document)*

*Comments: For compliance with 14VAC5-200-125, each long term care insurer must submit an Annual Rate Report to the commission by June 30th annually. This filing is separate from any rate filings which have been submitted. The last Annual Rate Report filing submitted by the Company was in 2017. In the response to Objection 6 submitted 5/21/20, the Company confirmed that Annual Rate Reports would be submitted going forward. It does not appear an Annual Rate Report was submitted in 2020. Please provide the SERFF number of the Annual Rate Report filing submitted in 2020 or explain why the filing was not submitted in accordance with 14VAC5-200-125.*

***Objection 3***

*- Response to 3/31/20 objection (Supporting Document)*

*Comments: 1) Please revise Section 14 of the Actuarial Memorandum to include the number of policyholders and average premium as of 12/31/2018.*

*2) Please revise the Rate/Rule Schedule to reflect the 12/31/2018 policyholder count and written premium.*

***Conclusion:***

*We shall be glad to continue our review of this submission upon receipt of the requested information or resolution of the issues noted above. Upon subsequent review, other concerns may require attention.*

*IMPORTANT! PLEASE NOTE: A response to this objection (or request for information if more applicable) is expected within 30 days. After 30 days, the filing will be DISAPPROVED and CLOSED unless an extension is requested. An initial extension of up to 30-days will be granted upon request before the Respond By Date.*

*Once a submission has been closed, a new SERFF submission will be required. To expedite the review, the new submission should reference the SERFF tracking number of the prior submission and verify that all outstanding issues have been addressed. Should you wish to discuss any of the objections or provide additional information related to any of the objections, this should be done prior to making a new SERFF submission.*

*Dear Carol Folsom,*

***Introduction:***

*The Bureau has the following concerns and/or needs additional information to continue its review.*

*Please note, any revisions, modifications, or changes of any type to this filing not specifically requested by us must be brought to our attention upon resubmission and explained in detail.*

***Objection 1***

*- Response to 11/6/2019 objections (Supporting Document)*

*Comments: The documents "2016 Fortis Rate Increase Filing Summary (Union).pdf" and "2018 USIC AAT & GPV Memo Final.pdf" are both labeled as Confidential. There is no provision in Title 38.2, or anywhere else in the Code, under which long term care form and rate filings and actuarial memoranda could be considered confidential or proprietary. Section 38.2-221.1 of the Code applies to information requested or discovered during the review only and does not apply to information submitted by a company in its filing. Additionally, it is the Commissions policy to regulate long-term care insurance in a way that promotes the publics understanding and comparison of long-term care insurance and that protects the public interest. See 14 VAC 5-200-10.*

*If you wish to pursue this matter further, please provide us with a detailed analysis from your legal department citing Virginias statutes and regulations that support the Companys request for confidentiality.*

***Objection 2***

*- Rate Table, [6060-VA] (Rate)*

*- L&H Actuarial Memorandum (Supporting Document)*

*Comments: 1) To assist us in our review of the proposed rates, provide an exhibit showing how the rate increases will be applied across policy form, ages, inflation protection, etc.*

*2)Please confirm that the rates for the Shared Cost option are determined using both Exhibits C1 and C2 and the percentages in Appendix D. If so, please attach Appendix D under the Rate/Rule Schedule.*

***Objection 3***

*- Response to 11/6/2019 objections (Supporting Document)*

*- L&H Actuarial Memorandum (Supporting Document)*

*Comments: 1) Please update all experience projections to include historical experience through 12/31/18. Please also update the Actuarial Memorandum for the data through 12/31/18 and, using a post submission update, revise the Company Rate Information to be consistent with the updated premiums and enrollment.*

*2)Thank you for providing Excel version of Exhibits 1 and 2. Please provide all experience exhibits in Excel with working formulas, including Exhibits 1A, 1B, and the Since Inception Loss Ratio Exhibit.*

*3)Exhibit 2. Virginia Loss Ratio Exhibit in the file VA Union loss ratio exhibit.xlsx still indicates it includes 4062-NY and 4063-NY. Please update the exhibit to include only those forms sold in Virginia.*

***Objection 4***

*- L&H Actuarial Memorandum (Supporting Document)*

**State:** Virginia **Filing Company:** Union Security Insurance Company
**TOI/Sub-TOI:** LTC03I Individual Long Term Care/LTC03I.001 Qualified
**Product Name:** 2016 Inforce Rate Increases-UNION SECURITY
**Project Name/Number:** 2016 Inforce Rate Increases-UNION SECURITY/

Comments: Please provide all projections necessary to evaluate the requests based on both the Prospective Present Value Approach (or Texas Method) and the "If-Knew/Makeup Blend" approach (or Minnesota Method).

### Objection 5

- Response to 11/6/2019 objections (Supporting Document)

Comments: 1) Please save the revised Rate Request Summary (RRS) under "Long Term Care Insurance Rate Request Summary" .

2) The narrative portion of the RRS is for Time Insurance Company II rather than Union Security. Please revise the summary to reflect Union Security.

3) If the narrative references John Hancock, please include an explanation of John Hancock's relationship to Union Security.

4) Please revise the narrative to include a brief explanation for the increase, in very consumer friendly language, which would be easily understood by an older consumer with little insurance background.

### Objection 6

Comments: For compliance with 14VAC5-200-125, each long term care insurer must submit an Annual Rate Report to the commission by June 30th annually. This filing is separate from any rate filings which have been submitted. The last Annual Rate Report filing submitted by the Company was in 2017.

Please confirm the Company's understanding that an Annual Rate Report filing is required each year and that the company will submit annual filings going forward.

### Conclusion:

We shall be glad to continue our review of this submission upon receipt of the requested information or resolution of the issues noted above. Upon subsequent review, other concerns may require attention.

IMPORTANT! PLEASE NOTE: A response to this objection (or request for information if more applicable) is expected within 30 days. After 30 days, the filing will be DISAPPROVED and CLOSED unless an extension is requested. An initial extension of up to 30-days will be granted upon request before the Respond By Date.

Once a submission has been closed, a new SERFF submission will be required. To expedite the review, the new submission should reference the SERFF tracking number of the prior submission and verify that all outstanding issues have been addressed. Should you wish to discuss any of the objections or provide additional information related to any of the objections, this should be done prior to making a new SERFF submission.

Should you need clarification, please contact me.

Thank you for your courtesy and consideration in this matter.

Colleen Moore
Insurance Market Examiner

# Objection Letter

| | |
|---|---|
| Objection Letter Status | Info has been requested from company |
| Objection Letter Date | 11/06/2019 |
| Submitted Date | 11/06/2019 |
| Respond By Date | 12/20/2019 |

*Dear Carol Folsom,*

***Introduction:***

*The Bureau has the following concerns and/or needs additional information to continue its review.*

*Please note, any revisions, modifications, or changes of any type to this filing not specifically requested by us must be brought to our attention upon resubmission and explained in detail.*

***Objection 1***

*- L&H Actuarial Memorandum (Supporting Document)*

*Comments: 1) Section 1 of the actuarial memorandum says the premium rates are for the policy series forms "and their associated riders." Please update the Rate/Rule Schedule as well as the Actuarial Memorandum and Rate Request Summary to include the rider numbers.*

*2) Experience data in this filing was cut off as of 12/31/2017. To facilitate our analysis, please update the experience to include data through 12/31/2018.*

*3) For compliance with 14VAC5-130-70-B 6, please update Section 14 to include the current number of Virginia and national members to which the revision applies. The data provided in Section 14 is as of 12/31/17. Please also make any corresponding updates to the Company Rate Information on the Rate/Rule Schedule and the Rate Request Summary.*

***Objection 2***

*- Long Term Care Insurance Rate Request Summary (Supporting Document)*

*Comments: 1) Please update the Rate Request Summary to the new LTC form available on the Virginia SCC website: https://www.scc.virginia.gov/boi/co/health/ltcmed/ltcratereq_sum.pdf.*

*2) Please review the page 2 narrative and make any necessary revisions so that any person reviewing this filing would understand the reason for the rate increase and its driving factors. Below is an example of what we would consider user friendly language:*

*When the policy was originally priced, premiums were based on projections regarding how long the policy stays in force, at what rate deaths occur, and when an insured voluntarily cancels their policy. The results are much higher than these original projections. The reasons for this are due to individuals living longer and keeping their policies longer. This has resulted in more claims. For these reasons, premiums must be increased to ensure that all claims are thoroughly funded.*

***Objection 3***

*- L&H Actuarial Memorandum (Supporting Document)*

*Comments: 1) Please provide an exhibit showing the anticipated policy reserves and additional reserves to be held in each future year for active lives. Include a description of the reserves and justification for the reserve levels provided.*

*2) Please specify the interest rate used in the valuation.*

***Objection 4***

*- L&H Actuarial Memorandum (Supporting Document)*

*Comments: 1) Please provide a copy of all projections in Excel with working formulas. Include sufficient detail or*

*documentation so that any projections can be recreated.*

*2) Restate the nationwide experience using Virginia approved rates.*

*3) Provide a separate calculation of the Lifetime Loss Ratio so that the historical premium component is restated to what it would be if the proposed premium had been charged (collected) since the forms introduction.*

*4) Please advise in which states the company has requested rate increases on this block and describe how the rate changes requested in Virginia compare with those in other states, along with a listing of the status of the rate reviews in those other states.*

*5) Please provide a loss ratio projection (both past and future) which reflects all the original pricing assumptions for interest, mortality, morbidity, persistency and premium scale, but uses the actual distribution of policies as issued rather than the originally assumed mix of business.*

*6) There are several places in the filing where it references a 2016 rate filing. Please explain these references.*
*-Actuarial Memorandum Page 12, Section 17 1.*
*-Summary of the John Hancocks 2016 Rate Increase Request*
*- Appendix A*

*7) The Summary of the John Hancocks 2016 Rate Increase Request mentions 3 previously requested and implemented increases (2008, 2010 and 2013). Section 20 of the Actuarial Memorandum only lists 2 previous rate increases. Please resolve this discrepancy.*

*8) Please expand Section 20 to include not only the overall increase approved in 2013, but the increases which apply for each of the 3 years, since this increase was approved to be implemented over a period of 3 years.*

*9) Section 5 and Section 16 of the actuarial memorandum shows actuarial assumptions derived from John Hancocks analysis for Time II and Union Security experience. Yet Section 17 states that you are not combining nationwide data for Time and Union Security and are determining the increases separately. Please clarify this apparent discrepancy.*

***Objection 5***

*- L&H Actuarial Memorandum (Supporting Document)*

*Comments: 1) For compliance with 14VAC5-200-125, every LTC insurer shall submit an Annual Report to the commission report by June 30. It does not appear that the company submitted an Annual Report in 2019 or 2018.*

*a. Please explain why the company is not submitting the required reports.*
*b. Please provide the SERFF filing number of the most recent LTC Annual Report.*

*2) The previous rate filing, MULF-129573228 was closed and Disapproved due to the lack of a response. Please confirm that any outstanding issues from the previous filing have been addressed in this resubmission.*

*3) Appendix D*

*a. In Appendix D, the company appears to have provided a premium calculation methodology to be used to determine the premiums for individuals choosing the Shared Cost option. Only the Rates Sheets attached to the Rate/Rule Schedule are subject to approval by the Bureau. Please attach Rate Sheets under the Rate/Rule Schedule for all options being submitted for approval.*
*b. the formula in Appendix D refers to Appendices C1 to C4. The Actuarial Memorandum only includes Appendices C1 and C2. Please resolve this discrepancy.*

*4)On page 13 of the Actuarial Memorandum the company indicates that Exhibit 1 demonstrates compliance with the 58%/85% test.*

*Since these policies were issued prior to 10/2003, please demonstrate compliance with 14VAC5-200-150 B.*

*5)Exhibits 1, 1A and 1B (NW loss ratio projections) say they include 4062-NY and 4063-NY. Exhibit 2, VA also says it includes 4062-NY and 4063-NY. Please explain why these policy forms were included, and revise as needed to exclude policies not written in Virginia.*

*6)Please provide an exhibit summarizing the rate increase percentages by benefit option.*

***Conclusion:***

*We shall be glad to continue our review of this submission upon receipt of the requested information or resolution of the issues noted above. Upon subsequent review, other concerns may require attention.*

*IMPORTANT! PLEASE NOTE: A response to this objection (or request for information if more applicable) is expected within 30 days. After 30 days, the filing will be DISAPPROVED and CLOSED unless an extension is requested. An initial extension of up to 30-days will be granted upon request before the Respond By Date.*

*Once a submission has been closed, a new SERFF submission will be required. To expedite the review, the new submission should reference the SERFF tracking number of the prior submission and verify that all outstanding issues have been addressed. Should you wish to discuss any of the objections or provide additional information related to any of the objections, this should be done prior to making a new SERFF submission.*

*Should you need clarification, please contact me.*

*Thank you for your courtesy and consideration in this matter.*

# Response Letter

| | |
|---|---|
| Response Letter Status | Submitted to State |
| Response Letter Date | 10/21/2021 |
| Submitted Date | 10/21/2021 |

*Dear Colleen Moore,*

***Introduction:***

*Thank you for your letter.*

***Response 1***

***Comments:***

*Please find our response to your September 23, 2021 objection on the Supporting Documentation tab labeled as "Response to 9/23/21 objection".*

***Related Objection 1***

*Applies To:*

*- L&H Actuarial Memorandum (Supporting Document)*

*Comments: 1) Please confirm if the Shared Cost option will be offered to all policyholders.*

*2) We note that updated Shared Cost rates were included in the 8/20/21 objection response, however, the wording in Section 18 of the Actuarial Memorandum still states that the Share Cost options are only available if the full rate increase request is accepted. Since the amount of the rate revision is less than the full amount requested, please revise Section 18 accordingly.*

*3) Section 19 indicates that the Paid-Up Policy will only be offered "if we receive a full approval". Please confirm if the Paid-Up Policy will still be offered and revise Section 19 accordingly.*

***Changed Items:***

*No Form Schedule items changed.*

*No Rate/Rule Schedule items changed.*

***Response 2***

***Comments:***

*Please find our response to your September 23, 2021 objection on the Supporting Documentation tab labeled as "Response to 9/23/21 objection".*

***Related Objection 2***

*Applies To:*

- *Long Term Care Insurance Rate Request Summary (Supporting Document)*

| | | | |
|---|---|---|---|
| **State:** | *Virginia* | **Filing Company:** | *Union Security Insurance Company* |
| **TOI/Sub-TOI:** | *LTC03I Individual Long Term Care/LTC03I.001 Qualified* | | |
| **Product Name:** | *2016 Inforce Rate Increases-UNION SECURITY* | | |
| **Project Name/Number:** | *2016 Inforce Rate Increases-UNION SECURITY/* | | |

*Comments: The purpose of the LTC Rate Request Summary narrative is to provide a brief, high level justification for the rate increase to the public, in language which would be easily understood by individuals with little to no insurance background. More detailed technical information is in the Actuarial Memorandum and policyholder options will be communicated in the notification letters. Please revise the narrative to be a brief description of the increase.*

*1) The information in paragraphs 1 and 3 explain the relationship between John Hancock and the reasons behind the increase. The additional information in the narrative is either too technical or will be addressed in the policyholder notification documents.*

*2) We are concerned that the title referring to the 2016 rate increase may cause confusion for policyholders. For clarity, we recommend removing the title.*

***Changed Items:***

### Response 3

**Comments:**

Please find our response to your September 23, 2021 objection on the Supporting Documentation tab labeled as "Response to 9/23/21 objection".

### Related Objection 3

Applies To:

- Rate Table, [6060-VA] (Rate)

Comments: Form 6060-VA

We note that in the previously approved filing, MULF-126869528, the rate sheets for form 6060-VA are labeled Time Insurance Company and on most pages refer to form 4063-VA rather than form 6060-VA.

1) Please confirm that those were the rates for Union Security Insurance Company.

2) Please confirm that the Year 3 of 3 rates in the previously approved filing beginning on page 34 are the rates currently being used for form 6060-VA.

### Changed Items:

No Form Schedule items changed.

No Rate/Rule Schedule items changed.

No Supporting Documents changed.

### Response 4

**Comments:**

Please find our response to your September 23, 2021 objection on the Supporting Documentation tab labeled as "Response to 9/23/21 objection".

### Related Objection 4

Applies To:

- Rate Table, [6060-VA] (Rate)

Comments: Form 6060-VA - The proposed rates on page 20, Standard rates per $10 of Nursing Home Daily Benefit, 90 day EP, AL at 100%, are not calculating correctly at the 42.3% increase for the 3.2% simple inflation. It appears that the rates in the previously approved filing, MULF-126869528, may have been incorrect as the same rates are shown for both simple and compound inflation.

1) Please confirm the correct current rates for the simple inflation benefit.
2) Please confirm the rates which are currently being charged for this benefit and if any policyholders are impacted.

### Changed Items:

No Form Schedule items changed.

No Rate/Rule Schedule items changed.

No Supporting Documents changed.

### Response 5

#### Comments:

Please find our response to your September 23, 2021 objection on the Supporting Documentation tab labeled as "Response to 9/23/21 objection".

### Related Objection 5

Applies To:

- Rate Table, [6060-VA] (Rate)

Comments: There are several additional places where the rates in the current filing are not reflecting a 42.3% increase over the Year 3 of 3 rates in the previously approved filing. For example:

Form 6060-VA Standard and Preferred rates per $10 of Nursing Home Daily Benefit, all EP and ASL options, no previous inflation decrease some of the base rates for ages 33 and under on each rate sheet reflect lower increases.

Form 6060-VA Standard rates per $10 of Nursing Home Daily Benefit, 20 day EP, AL at 100% - the 3.2% Compound inflation rates are showing lower increases.

To assist us in our review, please attach in Supporting Documentation an Excel file with working formulas showing the current rates, proposed rates and % change calculation for each Form and benefit option.

### Changed Items:

No Form Schedule items changed.

No Rate/Rule Schedule items changed.

No Supporting Documents changed.

### Conclusion:

Should you have any additional questions or concerns, please do not hesitate to contact us.

Sincerely,

Michelle Fluet

*Dear Colleen Moore,*

***Introduction:***

*Thank you for your letter.*

***Response 1***

***Comments:***

*Please find our response to your May 11, 2021 objection on the Supporting Documentation tab labeled as "Response to 5/11/21 objection".*

***Related Objection 1***

*Applies To:*

*- L&H Actuarial Memorandum (Supporting Document)*

*Comments: For the reasons noted below, the Bureau proposes an overall increase of 23.6%.*

*1)The company has not complied with 14VAC5-200-125, which requires the filing of an Annual Rate Report followed by an Action Plan within 60 days if the premiums are not sufficient*

*2)The previous filing, submitted in 2015 (MULF-129573228), was disapproved by the Bureau for nonresponse*

*It is the Bureau's position that the company should not recoup past losses. An increase of 23.6% would allow the company to maintain a target loss ratio of 119.5%.*

*To accept this increase, please update the filing to reflect the revised increase, including the actuarial memorandum and loss ratio exhibits, rate request summary, rate sheets and other impacted items.*

***Related Objection 2***

*Applies To:*

*- Response to 3/31/20 objection (Supporting Document)*

*Comments: For compliance with 14VAC5-200-125, each long term care insurer must submit an Annual Rate Report to the commission by June 30th annually. This filing is separate from any rate filings which have been submitted. The last Annual Rate Report filing submitted by the Company was in 2017. In the response to Objection 6 submitted 5/21/20, the Company confirmed that Annual Rate Reports would be submitted going forward. It does not appear an Annual Rate Report was submitted in 2020. Please provide the SERFF number of the Annual Rate Report filing submitted in 2020 or explain why the filing was not submitted in accordance with 14VAC5-200-125.*

***Changed Items:***

*- Response to 11/6/2019 objections (Supporting Document)*

*Comments: The documents "2016 Fortis Rate Increase Filing Summary (Union).pdf" and "2018 USIC AAT & GPV Memo Final.pdf" are both labeled as Confidential. There is no provision in Title 38.2, or anywhere else in the Code, under which long term care form and rate filings and actuarial memoranda could be considered confidential or proprietary. Section 38.2-221.1 of the Code applies to information requested or discovered during the review only and does not apply to information submitted by a company in its filing. Additionally, it is the Commissions policy to regulate long-term care insurance in a way that promotes the publics understanding and comparison of long-term care insurance and that protects the public interest. See 14 VAC 5-200-10.*

*If you wish to pursue this matter further, please provide us with a detailed analysis from your legal department citing Virginias statutes and regulations that support the Companys request for confidentiality.*

Please find our response to your March 31, 2020 objection on the Supporting Documentation tab labeled as " Response to 3/31/20 objection".

**Related Objection 6**

Comments: For compliance with 14VAC5-200-125, each long term care insurer must submit an Annual Rate Report to the commission by June 30th annually. This filing is separate from any rate filings which have been submitted. The last Annual Rate Report filing submitted by the Company was in 2017.

Please confirm the Company's understanding that an Annual Rate Report filing is required each year and that the company will submit annual filings going forward.

**Changed Items:**

No Form Schedule items changed.

No Rate/Rule Schedule items changed.

No Supporting Documents changed.

**Conclusion:**

Should you have any additional questions or concerns, please do not hesitate to contact us.

Sincerely,

Michelle Fluet

*Dear Colleen Moore,*

***Introduction:***

***Response 1***

***Comments:***

*Please refer to the Supporting Documentation for our response.*

***Related Objection 1***

*Applies To:*

*- L&H Actuarial Memorandum (Supporting Document)*

*Comments: 1) Section 1 of the actuarial memorandum says the premium rates are for the policy series forms "and their associated riders." Please update the Rate/Rule Schedule as well as the Actuarial Memorandum and Rate Request Summary to include the rider numbers.*

*2) Experience data in this filing was cut off as of 12/31/2017. To facilitate our analysis, please update the experience to include data through 12/31/2018.*

*3) For compliance with 14VAC5-130-70-B 6, please update Section 14 to include the current number of Virginia and national members to which the revision applies. The data provided in Section 14 is as of 12/31/17. Please also make any corresponding updates to the Company Rate Information on the Rate/Rule Schedule and the Rate Request Summary.*

***Changed Items:***

***Response 2***

***Comments:***

*Please refer to the Supporting Documentation for our response.*

***Related Objection 2***

*Applies To:*

*- Long Term Care Insurance Rate Request Summary (Supporting Document)*

*Comments: 1) Please update the Rate Request Summary to the new LTC form available on the Virginia SCC website: https://www.scc.virginia.gov/boi/co/health/ltcmed/ltcratereq_sum.pdf.*

*2) Please review the page 2 narrative and make any necessary revisions so that any person reviewing this filing would understand the reason for the rate increase and its driving factors. Below is an example of what we would consider user friendly language:*

*When the policy was originally priced, premiums were based on projections regarding how long the policy stays in force, at what rate deaths occur, and when an insured voluntarily cancels their policy. The results are much higher than these original projections. The reasons for this are due to individuals living longer and keeping their policies longer. This has resulted in more claims. For these reasons, premiums must be increased to ensure that all claims are thoroughly funded.*

*No Rate/Rule Schedule items changed.*

*No Supporting Documents changed.*

### Response 3

**Comments:**

Please refer to the Supporting Documentation for our response.

### Related Objection 3

Applies To:

- L&H Actuarial Memorandum (Supporting Document)

Comments: 1) Please provide an exhibit showing the anticipated policy reserves and additional reserves to be held in each future year for active lives. Include a description of the reserves and justification for the reserve levels provided.

2) Please specify the interest rate used in the valuation.

### Changed Items:

No Form Schedule items changed.

No Rate/Rule Schedule items changed.

No Supporting Documents changed.

### Response 4

**Comments:**

Please refer to the Supporting Documentation for our response.

### Related Objection 4

Applies To:

- L&H Actuarial Memorandum (Supporting Document)

Comments: 1) Please provide a copy of all projections in Excel with working formulas. Include sufficient detail or documentation so that any projections can be recreated.

2) Restate the nationwide experience using Virginia approved rates.

3) Provide a separate calculation of the Lifetime Loss Ratio so that the historical premium component is restated to what it would be if the proposed premium had been charged (collected) since the forms introduction.

4) Please advise in which states the company has requested rate increases on this block and describe how the rate changes requested in Virginia compare with those in other states, along with a listing of the status of the rate reviews in those other states.

5) Please provide a loss ratio projection (both past and future) which reflects all the original pricing assumptions for interest, mortality, morbidity, persistency and premium scale, but uses the actual distribution of policies as issued rather than the originally assumed mix of business.

6) There are several places in the filing where it references a 2016 rate filing. Please explain these references.
-Actuarial Memorandum Page 12, Section 17 1.
-Summary of the John Hancocks 2016 Rate Increase Request
- Appendix A

7) The Summary of the John Hancocks 2016 Rate Increase Request mentions 3 previously requested and implemented increases (2008, 2010 and 2013). Section 20 of the Actuarial Memorandum only lists 2 previous rate increases. Please resolve this discrepancy.

8) Please expand Section 20 to include not only the overall increase approved in 2013, but the increases which apply for each of the 3 years, since this increase was approved to be implemented over a period of 3 years.

9) Section 5 and Section 16 of the actuarial memorandum shows actuarial assumptions derived from John Hancocks analysis for Time II and Union Security experience. Yet Section 17 states that you are not combining nationwide data for Time and Union Security and are determining the increases separately. Please clarify this apparent discrepancy.

### Changed Items:

No Form Schedule items changed.

No Rate/Rule Schedule items changed.

No Supporting Documents changed.

### Response 5

### Comments:

Please refer to the Supporting Documentation for our response.

### Related Objection 5

Applies To:

- L&H Actuarial Memorandum (Supporting Document)

Comments: 1) For compliance with 14VAC5-200-125, every LTC insurer shall submit an Annual Report to the commission report by June 30. It does not appear that the company submitted an Annual Report in 2019 or 2018.

a. Please explain why the company is not submitting the required reports.

b. Please provide the SERFF filing number of the most recent LTC Annual Report.

2) The previous rate filing, MULF-129573228 was closed and Disapproved due to the lack of a response. Please confirm that any outstanding issues from the previous filing have been addressed in this resubmission.

3) Appendix D

a. In Appendix D, the company appears to have provided a premium calculation methodology to be used to determine the premiums for individuals choosing the Shared Cost option. Only the Rates Sheets attached to the Rate/Rule Schedule are subject to approval by the Bureau. Please attach Rate Sheets under the Rate/Rule Schedule for all options being submitted for approval.

b. the formula in Appendix D refers to Appendices C1 to C4. The Actuarial Memorandum only includes Appendices C1 and C2. Please resolve this discrepancy.

4)On page 13 of the Actuarial Memorandum the company indicates that Exhibit 1 demonstrates compliance with the 58%/85% test. Since these policies were issued prior to 10/2003, please demonstrate compliance with 14VAC5-200-150 B.

5)Exhibits 1, 1A and 1B (NW loss ratio projections) say they include 4062-NY and 4063-NY. Exhibit 2, VA also says it includes 4062-NY and 4063-NY. Please explain why these policy forms were included, and revise as needed to exclude policies not written in Virginia.

6)Please provide an exhibit summarizing the rate increase percentages by benefit option.

### Changed Items:

No Form Schedule items changed.

No Rate/Rule Schedule items changed.

No Supporting Documents changed.

### Conclusion:

Thank you for your time in this matter.

*Sincerely,*

*Joanne Witham*

Subject: **Long Term Care Rate Increase Report**
**SERFF Tracking #MULF-131989593**

At the request of the Virginia SCC Bureau of Insurance (the "Bureau"), I have reviewed the filing for the above captioned submission from **Union Security Insurance Company** (the "Company"). This is a rate increase filing pursuant to the requirements of 14VAC5-200-150 for the Company's pre-stability blocks of Individual Long Term Care Insurance.

**Recommendation**

My review of this filing was performed according to the provisions of 14VAC5-200-150. Applicable Actuarial Standards of Practice were considered, including Actuarial Standard of Practice No. 18, "Long-Term Care Insurance" and Actuarial Standard of Practice No. 8, "Regulatory Filings for Rates and Financial Projections for Health Plans". After review of the Company's submission, I believe that the Company has demonstrated that the full amount of their requested increase is in compliance with 14VAC5-200-150. Considering only the requirements of the applicable regulations, I would recommend the Bureau approve the request.

**Other Extra-Regulatory Considerations**

In addition to the regulatory analysis referenced above, I have reviewed a series of extra-regulatory tests that the Bureau considers for LTC rate filings. The maximum rate increase allowed under each of those tests is shown in the chart below:

| | **6060** |
|---|---|
| Requested Increase | 155% |
| Compliant Increase under 14VAC5-200-150 | full |
| **Additional Test** | **Max Allowed** |
| PV Future Loss | full |
| Prospective PV | 146% |
| If-Knew/Makeup | 129% |
| State Equity | 38% to 95% |

**Historical Background**

The forms subject to this filing are referred to as the 6060 Policy Series, which were issued from 1998-2003. Since all policies are issued prior to 10/1/2003 they are subject to 14VAC5-200-150.

Relevant statistics on these policies as of 12/31/2017 are shown in the chart below:

| Series | Previous Increases | # of Policyholders | Requested Increase | Cumulative Increase |
|---|---|---|---|---|
| 6060 | 18.0% (10/2008)<br>45.3% (8/2013) | 1,542 | 42.5% to 251.5%; Avg 155.0% | 337% |

Requests were sent to the Company for additional information and the Company's responses clarified issues which arose during the course of my review. The Bureau was involved in all correspondence with the Company.

**Methodology**

My approach was to a) review the submitted filing materials, b) check the filing contents and assumptions for compliance with all relevant regulations, c) verify the calculations in the supplied exhibits, d) review the projections for reasonableness, and e) analyze the current increase and cumulative increase in Virginia relative to other states.

**Assumptions**

*Morbidity* – the morbidity assumptions are derived from a study of Company experience completed in 2016. Future improvement is assumed at 1.1% per year for 12 years. The morbidity A/E ratios are 100% for incidence, 100% for terminations, and 101% for utilization.

*Voluntary Lapse* – the lapse assumptions vary by issue age, inflation, and duration; the lapse rate for inflation policies dips to 0.43% to 0.91% before rising again at advanced attained ages; for non-inflation policies, the range is 0.55% to 1.55%; the original ultimate lapse rate assumption was approximately 3.0%; the A/E result for the six year period ending 12/31/2014 was 103% overall and for durations 16+ was 105%. A shock lapse of 9.3% is assumed due to the increase.

*Mortality* – 1994 GAM Table with 22 years of historical improvement and adjustment factors which vary by plan, underwriting class, marital status, issue age, duration and gender, based on past experience. Future improvement is assumed for 12 years. The A/E result for the six year period ending 12/31/2014 was 98%.

**Projections**

The Company has provided Excel exhibits supporting the nationwide loss ratio calculations as of 12/31/2017. We have used that data to produce the loss ratios below:

| Benefit Period | Inflation | Original Pricing LR* | Lifetime Loss Ratio* | | Future Loss Ratio w/ALR* | |
|---|---|---|---|---|---|---|
| | | | Before Incr | With Increase | Before Incr | With Increase |
| All | All | 71.1% | 128.7% | 94.1% | 291.9% | 110.7% |

* using the average valuation interest rate for discounting

Since the lifetime loss ratio exceeds 80%, the 60/80 Test is passed.

PV of Future Loss Test

The goal of this test is to ensure that, when looking only into the future, the company is not in a better position financially than if the assumptions were to play out according to original assumptions (except for interest). This is done by calculating the present value of the future expected loss under original assumptions and comparing that to the current assumptions with and without the proposed premium action. For this filing, the loss is greater with the increase than original assumptions, so this test would not limit the increase.

| Benefit Period | Inflation | PV Future Loss (in millions) | | | |
|---|---|---|---|---|---|
| | | Original | Before Incr | With Incr | Allowable |
| All | All | -354 | -1,652 | -714 | full |

Prospective PV Approach

The details of this test are shown in the file "Updated VA Union Prospective Present Value Calculations.xlsx" and would allow a base increase of 41.9% based on the change in assumptions, plus 103.8% as a catch-up for previous increases that were reduced or denied, for a total of 145.7%.

If-Knew/Makeup Blend Approach

The details of this test are shown in the file "VA Union Blended If-Knew Calculations.xlsx" and would allow an increase of 128.9%.

Comparison of Increases Versus Other States

The Company provided the status of rate increases by state for each plan. The rate increase to match the current average is shown in the chart below:

| | Previous in VA | Nationwide Curr Avg | Nationwide Pend Avg | Allowable |
|---|---|---|---|---|
| 6060 et al | 71.5% | 136.5% | 234.1% | 38%/95% |

**Alternatives to Rate Increase**

Shared Cost Option

In return for no premium increase, a kind of coinsurance is introduced in the benefits which the Company calls the Shared Cost percentage (SC%). The SC% varies by issue age, inflation and

benefit period. So if, for example, the SC% is 15%, then the policy will pay 85% of the covered charges up to 85% of the previous benefit maximum for any future claims.

In a previous rate filing (see Reviewer Note "Shared Cost % Option" in MULF-131210202), I had asked about the seemingly erratic levels of the SC% by pricing cell and the Company responded with their rationale for the assumptions that were made. While not perfect, they have attempted to provide a better fit for policyholder equity by cell in the method they used.

**Reliance and Qualifications**

I am providing this letter to the Bureau as the sole intended user. The scope of the review relates only to compliance with applicable laws and regulations relating to the actuarial aspects of the filing under consideration, and the intended purpose is to communicate my findings regarding this filing. Distribution of this letter to parties other than the Bureau by me or any other party does not constitute advice by me to those parties. The reliance of parties other than the Bureau on any aspect of this work is not authorized by me and is done at their own risk.

In arriving at my opinion, I used and relied on information provided by the Company and the Bureau without independent investigation or verification. If this information is inaccurate, incomplete, or out of date, my findings and conclusions may need to be revised. While I have relied on the data provided without independent investigation or verification, I have reviewed the data for consistency and reasonableness. In the event that I found the data inconsistent or unreasonable, I have requested clarification.

I am a member of the American Academy of Actuaries and meet that body's Qualification Standards to render this opinion. I am responsible for this work and have utilized generally accepted actuarial methodologies in arriving at my opinion.

If you have any questions regarding this filing, please contact me for discussion.

Sincerely,

Shawn D. Parks, FSA, MAAA

**Attach a narrative to summarize the key information used to develop the rates including the main drivers for the revised rates.**

This document is prepared by the carrier to help explain the requested rate change and is only a summary of the company's request. It is not intended to describe or include all factors or information considered in the review process. For more detailed information, please refer to the complete filing at https://www.scc.virginia.gov/boi/SERFFInquiry/default.aspx. *(Rev. 06/19)*

When pricing a long-term care insurance product, insurance companies use the best available information at that time to predict how many policyholders might ultimately use the benefit in the future. This involves making certain assumptions about a variety of factors, including but not limited to particular medical conditions, the expected lifespan of policyholders, the length of time policyholders keep their policies, and the cost of receiving long-term care services. If the actual experience differs in an unfavorable way from the expected experience based on these assumptions, a premium rate increase may become necessary. John Hancock requested and implemented rate increases on Union Security Insurance Company's long-term care policies in 2008, 2010, and 2013.

Increases will vary by issue age, inflation, benefit period, policy series, and state. The filing will vary by state based on the amount and timing of prior increases that we were permitted to implement in that state. In this way, policyholders are not subsidizing policyholders in other states.

In Virginia, on our Union Security Insurance Company block of business, we are requesting a rate increase of 42.3% for all impacted Virginia policyholders. This includes the 6060s policy forms.

No individual has been singled out for an increase, nor is the increase due to a policyholder's advancing age or changing health. John Hancock's decision to increase premiums on certain policies is based upon the future claims anticipated on these policies.

There will be a number of benefit adjustment options to help keep premiums at or close to their current level. For example, policyholders will have the option of electing the new, actuarially equivalent Shared Cost option. Customers can also reduce their benefit period, adjust their daily/monthly benefit amount, extend their elimination period, or drop riders from their coverage.

After the rate increase is accepted by the Virginia Insurance Department, affected policyholders will be provided with an extensive and personalized notification communication at least 90 days prior to the effective date of their rate increase, which will describe the increase and options available to help mitigate the impact of the rate increase. In addition, customer support will be available through a dedicated customer service team in order to help our policyholders navigate through their choices and respond to any questions.

# Part 2 - Long Term Care Insurance Rate Request Summary

**Completed by the Bureau of Insurance (Bureau) of the Virginia State Corporation Commission**

Company Name and NAIC Number: Union Security Insurance Company – NAIC # 70408

SERFF Tracking Number: MULF-131989593

Disposition: Approved

Approval Date: 10/31/2022

Current Average Annual Premium Per Member: $2,060

**Rate Changes:**

Average Percentage Rate Change Per Member: 42.3%

Minimum Requested Percentage Rate Change Per Member: 42.3%

Maximum Requested Percentage Rate Change Per Member: 42.3%

Number of Virginia Policy Holders Affected: 1,466

## Summary of the Bureau's review of the rate request:

The Company requested a 155.5% rate increase on this block of individual long-term care insurance policy forms. However, after discussion with the Bureau, the increase was reduced to 42.3%.

The Bureau and its consulting actuary reviewed the documentation and determined that this rate increase complies with the regulatory and actuarial requirements for a rate increase as set forth in 14VAC5-200-150 of the Virginia Administrative Code. The review indicated that the lifetime anticipated loss ratio after the increase will be 115.5%, which exceeds the minimum required loss ratio of 60%.

While the Company has advised that they are likely to file for additional rate increases in the future, these will first need to be filed for review and approval with the Bureau.

The primary reasons for the rate increase are that policyholders are living longer and keeping their policies in force longer, which has resulted in more claims being filed than the Company anticipated when the policy was originally priced. The Company determined that a premium increase is necessary to reflect that future claims are expected to be significantly higher on these policies than originally expected or priced and to ensure that sufficient funds are available to pay claims.

The Company is offering all policyholders options to reduce the premium increase by reducing their coverage. These reductions could be in the form of lower daily benefits, a shorter benefit period, a longer elimination period, the termination of riders or any combination of these reductions, a paid-up policy or a new Shared Cost option. Specific options are included in the letter sent to all policyholders notifying them of the rate increase and can be discussed with the Company by calling its customer service department.

The filing can be reviewed on the Bureau's webpage under the Rate/Policy Form Search at: https://scc.virginia.gov/boi/SERFFInquiry/LtcFilings.aspx

* Certain cells are blank because there are no nationwide polcies with that benefit period, issue age and inflation combination

For GPO policies with multiple layers of coverage, the Shared Cost percentage will be based on the issue age of the base contract. Each GPO layer will be reduced by the Shared Cost percentage

## Appendix D

**6060-6073 (Including 4062-NY & 4063-NY)**
**Shared Cost Percentages**

### Note on premium calculation for a policyholder who elects the Shared Cost option:

To calculate the premium after election of the Shared Cost option, the premium rate schedules in Appendix C should be used. Since the Shared Cost option reduces the daily benefit, an additional factor is required to calculate the premium appropriately, as shown below:

$$\text{Premium after electing Shared Cost option} = \frac{\text{(Premium Rate Schedule per \$10 daily benefit: Appendix C)} * \text{(New Daily Benefit/10)}}{\text{(1 – Shared Cost Percentage)}}$$

A similar formula can be used for GPO policies with multiple layers of coverage:

$$\text{Premium after electing Shared Cost option} = \frac{[\ \text{(Premium Rate Schedule, Base Issue Age per \$10 Daily Benefit: Appendix C)} * \text{(New Base Daily Benefit/10)} + \text{(Premium Rate Schedule, GPO Layer 1 Issue Age per \$10 Daily Benefit: Appendix C)} * \text{(New Layer 1 Daily Benefit/10)} + \ \ldots\ ]}{\text{(1 – Shared Cost Percentage)}}$$

# Appendix B1

## Union Security Insurance Company

## 6062-VA

***Premiums to be used only with those that have***
***not previously elected an inflation decrease option***

### Standard rates per $10 of Nursing Home Daily Benefit - 7 Day Elimination Period
### Home and Community Care at 80%

* Certain cells are blank because there are no nationwide polcies with that benefit period, issue age and inflation combination

For GPO policies with multiple layers of coverage, the Shared Cost percentage will be based on the issue age of the base contract. Each GPO layer will be reduced by the Shared Cost percentage

## Appendix D

**6060-6073 (Including 4062-NY & 4063-NY)**
**Shared Cost Percentages**

### Note on premium calculation for a policyholder who elects the Shared Cost option:

To calculate the premium after election of the Shared Cost option, the premium rate schedules in Appendix C should be used. Since the Shared Cost option reduces the daily benefit, an additional factor is required to calculate the premium appropriately, as shown below:

$$\text{Premium after electing Shared Cost option} = \frac{\text{(Premium Rate Schedule per \$10 daily benefit: Appendix C)} * \text{(New Daily Benefit/10)}}{\text{(1 – Shared Cost Percentage)}}$$

A similar formula can be used for GPO policies with multiple layers of coverage:

$$\text{Premium after electing Shared Cost option} = \frac{[\ \text{(Premium Rate Schedule, Base Issue Age per \$10 Daily Benefit: Appendix C)} * \text{(New Base Daily Benefit/10)} + \text{(Premium Rate Schedule, GPO Layer 1 Issue Age per \$10 Daily Benefit: Appendix C)} * \text{(New Layer 1 Daily Benefit/10)} + \ \ldots\ ]}{\text{(1 – Shared Cost Percentage)}}$$

# Appendix B1

## Union Security Insurance Company

## 6063-VA

***Premiums to be used only with those that have***
***not previously elected an inflation decrease option***

### Standard rates per $10 of Nursing Home Daily Benefit - 7 Day Elimination Period
### Home and Community Care at 100%

* Certain cells are blank because there are no nationwide polcies with that benefit period, issue age and inflation combination

For GPO policies with multiple layers of coverage, the Shared Cost percentage will be based on the issue age of the base contract. Each GPO layer will be reduced by the Shared Cost percentage

## Appendix D

**6060-6073 (Including 4062-NY & 4063-NY)**
**Shared Cost Percentages**

### Note on premium calculation for a policyholder who elects the Shared Cost option:

To calculate the premium after election of the Shared Cost option, the premium rate schedules in Appendix C should be used. Since the Shared Cost option reduces the daily benefit, an additional factor is required to calculate the premium appropriately, as shown below:

$$\text{Premium after electing Shared Cost option} = \frac{\text{(Premium Rate Schedule per \$10 daily benefit: Appendix C)} * \text{(New Daily Benefit/10)}}{\text{(1 – Shared Cost Percentage)}}$$

A similar formula can be used for GPO policies with multiple layers of coverage:

$$\text{Premium after electing Shared Cost option} = \frac{[\ \text{(Premium Rate Schedule, Base Issue Age per \$10 Daily Benefit: Appendix C)} * \text{(New Base Daily Benefit/10)} + \text{(Premium Rate Schedule, GPO Layer 1 Issue Age per \$10 Daily Benefit: Appendix C)} * \text{(New Layer 1 Daily Benefit/10)} + \ \ldots\ ]}{\text{(1 – Shared Cost Percentage)}}$$

# Appendix B1

## Union Security Insurance Company

## 6072-VA

***Premiums to be used only with those that have***
***not previously elected an inflation decrease option***

### Standard rates per $10 of Nursing Home Daily Benefit - 7 Day Elimination Period
### Home and Community Care at 80%
