ADMINISTRATIVE LETTER 1993-11

TO: All Companies Licensed to Write Credit Insurance

RE: Credit Involuntary Unemployment Insurance

During its 1993 session, the General Assembly of Virginia enacted and amended certain statutes affecting credit involuntary unemployment insurance.

A definition of credit involuntary unemployment insurance was added to Chapter 1 of Title 38.2 of the Code of Virginia. The new definition at §38.2-122.1 enables property and casualty insurers to offer this type of insurance without including a default provision. Previously, this type of insurance was considered credit insurance, as defined in §38.2-122, and a default provision was required to trigger coverage under the policy.

Contracts of credit involuntary unemployment insurance must meet the readability requirements of §38.2-233.F. The attached certification form must be included as a part of any submission of forms for this coverage.

Companies must also file the disclosure notices described in §38.2-233 for review and approval. The disclosures must be on a separate form(s) and may not be incorporated within the contract of insurance or its application. Forms for truncated coverage must include a statement pursuant to §38.2-233.G.1.

All companies currently writing or planning to write credit involuntary unemployment insurance must have the proper authorization added to their license and must promptly file forms in compliance with these statutes for use with policies effective on or after July 1, 1993.

Questions concerning license authorization should be directed to the Company Licensing Section of the Financial Regulation Division of the Bureau of Insurance. Policy forms and related certifications must be filed with the Forms and Rates Section of the Property and Casualty Division of the Bureau of Insurance.

Sincerely,

A handwritten signature in black ink, appearing to read "S. T. Foster", followed by a horizontal line extending to the right.

Steven T. Foster
Commissioner of Insurance
