ORDER FOR NOTICE AND HEARING

On June 1, 2015, Virginia Electric and Power Company d/b/a Dominion Virginia Power ("Dominion Virginia Power" or "Company") filed an annual update with respect to the Company's rate adjustment clause, Rider B ("Application"). The Company filed its Application pursuant to § 56-585.1 A 6 of the Code of Virginia ("Code") and the directive contained in Ordering Paragraph (4) of the Final Order issued by the State Corporation Commission of Virginia ("Commission") in Case No. PUE-2014-00050 ("2014 Rider B Proceeding").¹ Through its Application, Dominion Virginia Power seeks to recover costs associated with the major unit modifications of the Altavista, Hopewell, and Southampton power stations (collectively, the "Biomass Conversions").

Biomass Conversions, the Commission also approved a rate adjustment clause, designated Rider B, which allowed Dominion Virginia Power to recover its costs associated with the major unit modifications of the Biomass Conversions.³ In Case Nos. PUE-2012-00072,⁴ PUE-2013-00060,⁵ and in the 2014 Rider B Proceeding, the Commission approved updates to Rider B.⁶

According to Dominion Virginia Power, Altavista became fully operational as a biomass fueled unit on July 12, 2013, Hopewell became fully operational as a biomass fueled unit on October 18, 2013, and Southampton became fully operational as a biomass fueled unit on November 28, 2013.⁷

In this proceeding, Dominion Virginia Power has asked the Commission to approve an update to Rider B for the rate year beginning April 1, 2016, and ending March 31, 2017 ("2016 Rate Year").⁸ The Company is requesting a total revenue requirement of approximately \$29,698,000 for service rendered during the 2016 Rate Year.⁹ The two key components of the proposed total revenue requirement are the Projected Cost Recovery Factor and the Actual Cost True-Up Factor. The Company is requesting a Projected Cost Recovery Factor revenue

requirement of \$12,958,000, and an Actual Cost True-Up Factor revenue requirement of \$16,740,000.¹⁰

Dominion Virginia Power utilized a rate of return on common equity ("ROE") of 12.00% for purposes of calculating the revenue requirement in this case. This ROE is comprised of a general ROE of 10.00% approved by the Commission in its Final Order in Case No. PUE-2013-00020,¹¹ plus a 200 basis point enhanced return applicable to qualifying renewable powered generation facilities as described in § 56-585.1 A 6 of the Code.¹²

If the proposed Rider B for the 2016 Rate Year is approved, the impact on customer bills would depend on the customer's rate schedule and usage. According to Dominion Virginia Power, implementation of its proposed Rider B on April 1, 2016, would increase the monthly bill of a residential customer using 1,000 kilowatt hours per month by approximately \$0.39.¹³

The Company states that it has calculated the proposed Rider B rates in accordance with the same methodology as used for rates approved by the Commission in the 2014 Rider B Proceeding.¹⁴

Dominion Virginia Power also requests a waiver of Rules 20 VAC 5-201-60 ("Rule 60") and 20 VAC 5-201-90 ("Rule 90") of the Rules Governing Utility Rate Applications and Annual Informational Filings ("Rate Case Rules") with respect to Schedule 45. Rule 60 of the Rate Case

Rules requires that an application filed pursuant to § 56-585.1 A 6 of the Code include Schedule 45, "Return on Equity Peer Group Benchmark," with the utility's direct testimony. Rule 90 of the Rate Case Rules states that Schedule 45 must include "documentation supporting the return on equity benchmark proposed pursuant to § 56-585.1 A 2 a and b of the Code" In support of its request for waiver of Schedule 45, Dominion Virginia Power states that it has requested in this Application that the general ROE of 10.00% as approved by the Commission in the 2013 Biennial Review Proceeding be used to calculate the revenue requirement, and the Company filed testimony and other evidence in support of its requested general ROE, including Filing Schedule 45 materials and analysis, in the 2013 Biennial Review Proceeding. Accordingly, the Company asserts that waiver of this schedule in this proceeding is warranted by judicial economy and efficiency of case administration.¹⁵

Finally, in conjunction with the filing of its Application, on June 1, 2015, the Company filed the Motion of Virginia Electric and Power Company for Entry of a Protective Ruling ("Motion for Protective Ruling") and a proposed protective ruling that establishes procedures governing the use of confidential information in this proceeding.

NOW THE COMMISSION, upon consideration of this matter, is of the opinion and finds that this matter should be docketed; Dominion Virginia Power should provide public notice of its Application; a public hearing should be scheduled for the purpose of receiving testimony and evidence on the Application; interested persons should have an opportunity to file comments on the Application or to participate as a respondent in this proceeding; and the Commission's Staff ("Staff") should be directed to investigate the Application and file testimony and exhibits containing its findings and recommendations thereon.

¹⁵ Application at 12.

We also find that a Hearing Examiner should be assigned to conduct all further proceedings in this matter on behalf of the Commission, including ruling on the Company's Motion for Protective Ruling and filing a final report containing the Hearing Examiner's findings and recommendations.

Finally, we grant Dominion Virginia Power's request to waive the filing of Schedule 45 for purposes of making the Application complete and commencing this proceeding.

Accordingly, IT IS ORDERED THAT:

- (1) This matter is docketed and assigned Case No. PUE-2015-00058.
- (2) As provided by § 12.1-31 of the Code and Rule 5 VAC 5-20-120, *Procedure before Hearing Examiners*, of the Commission's Rules of Practice and Procedure ("Rules of Practice"),¹⁶ a Hearing Examiner is appointed to conduct all further proceedings in this matter on behalf of the Commission.
- (3) A public hearing on the Application shall be convened on January 26, 2016, at 10 a.m., in the Commission's courtroom, Second Floor, Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, to receive the testimony of public witnesses and the evidence of the Company, any respondents, and the Staff. Any person desiring to offer testimony as a public witness at this hearing should appear in the Commission's Courtroom fifteen (15) minutes prior to the starting time of the hearing and identify himself or herself to the Commission's Bailiff.

NOTICE TO THE PUBLIC OF AN APPLICATION BY
VIRGINIA ELECTRIC AND POWER COMPANY,
FOR REVISION OF RATE ADJUSTMENT CLAUSE:
RIDER B, BIOMASS CONVERSIONS OF THE ALTAVISTA,
HOPEWELL, AND SOUTHAMPTON POWER STATIONS
CASE NO. PUE-2015-00058

On June 1, 2015, Virginia Electric and Power Company d/b/a Dominion Virginia Power ("Dominion Virginia Power" or "Company") filed an annual update with respect to the Company's rate adjustment clause, Rider B ("Application"). The Company filed its Application pursuant to § 56-585.1 A 6 of the Code of Virginia ("Code") and the directive contained in Ordering Paragraph (4) of the Final Order issued by the State Corporation Commission of Virginia ("Commission") in Case No. PUE-2014-00050 ("2014 Rider B Proceeding"). Through its Application, Dominion Virginia Power seeks to recover costs associated with the major unit modifications of the Altavista, Hopewell, and Southampton power stations (collectively, the "Biomass Conversions").

In Case No. PUE-2011-00073, the Commission approved a certificate of public convenience and necessity for the Biomass Conversions. In conjunction with its approval of the Biomass

Conversions, the Commission also approved a rate adjustment clause, designated Rider B, which allowed Dominion Virginia Power to recover its costs associated with the major unit modifications of the Biomass Conversions. In Case Nos. PUE-2012-00072, PUE-2013-00060, and in the 2014 Rider B Proceeding, the Commission approved updates to Rider B.

According to Dominion Virginia Power, Altavista became fully operational as a biomass fueled unit on July 12, 2013, Hopewell became fully operational as a biomass fueled unit on October 18, 2013, and Southampton became fully operational as a biomass fueled unit on November 28, 2013.

In this proceeding, Dominion Virginia Power has asked the Commission to approve an update to Rider B for the rate year beginning April 1, 2016, and ending March 31, 2017 ("2016 Rate Year"). The Company is requesting a total revenue requirement of approximately \$29,698,000 for service rendered during the 2016 Rate Year. The two key components of the proposed total revenue requirement are the Projected Cost Recovery Factor and the Actual Cost True-Up Factor. The Company is requesting a Projected Cost Recovery Factor revenue requirement of \$12,958,000, and an Actual Cost True-Up Factor revenue requirement of \$16,740,000.

Dominion Virginia Power utilized a rate of return on common equity ("ROE") of 12.00% for purposes of calculating the revenue requirement in this case. This ROE is comprised of a general ROE of 10.00% approved by the Commission in its Final Order in Case No. PUE-2013-00020, plus a 200 basis point enhanced return applicable to qualifying renewable powered generation facilities as described in § 56-585.1 A 6 of the Code.

If the proposed Rider B for the 2016 Rate Year is approved, the impact on customer bills would depend on the customer's rate schedule and usage. According to Dominion Virginia Power, implementation of its proposed Rider B on April 1, 2016, would increase the monthly bill of a residential customer using 1,000 kilowatt hours per month by approximately \$0.39.

The Company states that it has calculated the proposed Rider B rates in accordance with the same methodology as used for rates approved by the Commission in the 2014 Rider B Proceeding.

Interested persons are encouraged to review the Application and supporting documents for the details of these and other proposals.

TAKE NOTICE that the Commission may apportion revenues among customer classes and/or design rates in a manner differing from that shown in the Application and supporting documents and thus may adopt rates that differ from those appearing in the Company's Application and supporting documents.

The Commission entered an Order for Notice and Hearing that, among other things, scheduled a public hearing on January 26, 2016, at 10 a.m., in the Commission's second floor courtroom located in the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, to receive testimony from members of the public and evidence related to the Application from the Company, any respondents, and the Commission's Staff. Any person desiring to testify as a public witness at this hearing should appear fifteen (15) minutes prior to the starting time of the hearing and contact the Commission's Bailiff. Individuals with disabilities who require an accommodation to participate in the hearing should contact the Commission at least seven (7) days before the scheduled hearing at 1-800-552-7945 (voice).

The public version of the Company's Application and the Commission's Order for Notice and Hearing are available for public inspection during regular business hours at each of the Company's business offices in the Commonwealth of Virginia. Copies also may be obtained by submitting a written request to counsel for the Company, Lisa S. Booth, Esquire, Dominion Resources Services, Inc., 120 Tredegar Street, Richmond, Virginia 23219. If acceptable to the requesting party, the Company may provide the documents by electronic means.

Copies of the public version of the Application and documents filed in this case also are available for interested persons to review in the Commission's Document Control Center, located on the first floor of the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, between the hours of 8:15 a.m. and 5 p.m., Monday through Friday, excluding holidays.
