PETITION OF

NEW ALBERTSONS L.P.
d/b/a NEW ALBERTSONS VIRGINIA, L.P.

CASE NO. PUR-2018-00164

For approval to aggregate its
demand pursuant to § 56-577 A 4
of the Code of Virginia

ORDER FOR NOTICE AND HEARING

On September 26, 2018, New Albertsons L.P. d/b/a New Albertsons Virginia, L.P. ("New Albertsons"), filed with the State Corporation Commission ("Commission") a petition ("Petition") seeking permission to aggregate the demands of certain nonresidential customers of electric energy pursuant to § 56-577 A 4 of the Code of Virginia ("Code").

Under Code § 56-577 A 3, retail access to competitive electricity supply is available to certain large customers with demand exceeding five megawatts. For the purpose of meeting the demand limitations of Code § 56-577 A 3, certain customers may petition for Commission approval to aggregate or combine their demands.¹ Code § 56-577 A 4 provides, among other things, that the Commission may approve such a petition if it finds that:

- a. Neither such customers' incumbent electric utility nor retail customers of such utility that do not choose to obtain electric energy from alternate suppliers will be adversely affected in a manner contrary to the public interest by granting such petition. In making such determination, the Commission shall take into consideration, without limitation, the impact and effect of any and all other previously approved petitions of like type with respect to such incumbent electric utility; and

¹ Code § 56-577 A 4 provides in part that "two or more individual nonresidential retail customers of electric energy within the Commonwealth, whose individual demand during the most recent calendar year did not exceed five megawatts, may petition the Commission for permission to aggregate or combine their demands . . . so as to become qualified to purchase electric energy from any supplier of electric energy licensed to sell retail electric energy within the Commonwealth. . . ."

b. Approval of such petition is consistent with the public interest.

New Albertsons seeks Commission permission to aggregate or combine the demands of 37 nonresidential retail customers.² The Petition also identifies Virginia Electric and Power Company as the local distribution company that is certificated to provide retail electric service in the area where New Albertsons proposes to aggregate load.³

New Albertsons also filed a Motion for Protective Order in accordance with 5 VAC 5-20-170 of the Commission's Rules of Practice and Procedure ("Rules of Practice").⁴

NOW THE COMMISSION, upon consideration of New Albertsons' Petition, is of the opinion and finds that the Petition should be docketed; this Order for Notice and Hearing should be served upon appropriate persons; a public hearing should be scheduled for the purpose of receiving testimony and evidence on the Petition; interested persons should have an opportunity to file comments on the Petition or to participate as respondents in this proceeding; and the Commission's Staff ("Staff") should be directed to investigate the Petition and file testimony and exhibits containing its findings and recommendations thereon. Further, we find that a Hearing Examiner should be assigned to conduct all further proceedings in this matter on behalf of the Commission, including ruling on the Motion for Protective Order and filing a final report containing the Hearing Examiner's findings and recommendations.

Accordingly, IT IS ORDERED THAT:
