**RESPONSE OF APPLICANT  
VIRGINIA ELECTRIC AND POWER COMPANY  
REGARDING MOTION BY COMMISSION STAFF FOR  
EXPEDITED SUMMARY RULING**

Pursuant to the directive provided by the Hon. Chief Hearing Examiner in the Hearing Examiner’s Ruling issued on April 4, 2016, Virginia Electric and Power Company, d/b/a Dominion Virginia Power (the “Company”), the Applicant in the instant proceeding, by counsel, hereby responds to the representations in the Staff’s *Motion for Expedited Summary Ruling that the Proposed Remington-Pratts Alternative Should Not Continue as Part of this Proceeding* (“Staff Motion”) filed in the above-captioned proceeding on April 1, 2016.

The Company does not support the Remington-Pratts alternative as its proposed solution because it does not reasonably minimize impacts compared to the use of the existing right-of-way corridor between Remington and Gordonsville Substations. In addition, as noted in the Company’s application, at this time the Remington-Pratts alternative does not represent a complete electrical solution in-and-of-itself. As stated in Staff’s Motion, the Company authorized the Staff to state that it does not object to the relief requested in Staff’s Motion.
