

STATE CORPORATION COMMISSION
RECEIVED

MAR 17 2015

DIVISION OF COMMUNICATIONS
RICHMOND, VA

March 16, 2015

Mr. William Irby, Director
Division of Communications
Virginia State Corporate Commission
Tyler Building, 9th Floor
1300 E. Main Street
Richmond, VA 23219

Dear Mr. Irby:

The Final Order in Case No. PUC-201400034 adopted CenturyLink's proposed competitive tests and associated administrative process, as modified and clarified by the Staff in the Staff Report. Attached for filing under the administrative process is a proposed tariff and supporting documents for the following exchanges for Central Telephone Company of Virginia d/b/a CenturyLink: Altavista, Buena Vista, Burnt Chimney, Lexington, Martinsville, Palmyra, Ridgeway and Stanley.

Please contact me if you have any questions or require additional information regarding this filing.

Sincerely,

A handwritten signature in blue ink, appearing to read "Richard Schollmann", with a long horizontal flourish extending to the right.

Richard Schollmann

Competitiveness Test

Altavista Exchange

Step A. A minimum of 75% of the households in the telephone exchange area can choose telephone service from among at least two (2) competitors to CenturyLink.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular and Verizon as well as by telephone service offered by Shentel and Comcast.

Step B. A minimum of two (2) of the competitors to CenturyLink in “Step A” must offer local telephone service that may be purchased by the household without a corresponding requirement to purchase non-telecommunications services from that competitor.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular and Verizon as well as by telephone service offered by Shentel and Comcast.

Step C. At least 50% of the households in the telephone exchange area can choose a facilities-based competitor that owns its own wireline facilities, leases UNE-loops from CenturyLink, or is a wireless communications provider that offers voice communications services.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular and Verizon as well as by telephone service offered by Shentel and Comcast.

Competitive Test Under § 56-235.5(I)

This exchange represents 1.3% of residential households in the Central Telephone territory.

Competitiveness Test

Buena Vista Exchange

Step A. A minimum of 75% of the households in the telephone exchange area can choose telephone service from among at least two (2) competitors to CenturyLink.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Comcast.

Step B. A minimum of two (2) of the competitors to CenturyLink in “Step A” must offer local telephone service that may be purchased by the household without a corresponding requirement to purchase non-telecommunications services from that competitor.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Comcast.

Step C. At least 50% of the households in the telephone exchange area can choose a facilities-based competitor that owns its own wireline facilities, leases UNE-loops from CenturyLink, or is a wireless communications provider that offers voice communications services.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Comcast.

Competitive Test Under § 56-235.5(I)

This exchange represents 1.6% of residential households in the Central Telephone territory.

Competitiveness Test

Burnt Chimney Exchange

Step A. A minimum of 75% of the households in the telephone exchange area can choose telephone service from among at least two (2) competitors to CenturyLink.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Shentel and Comcast.

Step B. A minimum of two (2) of the competitors to CenturyLink in “Step A” must offer local telephone service that may be purchased by the household without a corresponding requirement to purchase non-telecommunications services from that competitor.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Shentel and Comcast.

Step C. At least 50% of the households in the telephone exchange area can choose a facilities-based competitor that owns its own wireline facilities, leases UNE-loops from CenturyLink, or is a wireless communications provider that offers voice communications services.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Shentel and Comcast.

Competitive Test Under § 56-235.5(I)

This exchange represents 2.0% of residential households in the Central Telephone territory.

Competitiveness Test

Lexington Exchange

Step A. A minimum of 75% of the households in the telephone exchange area can choose telephone service from among at least two (2) competitors to CenturyLink.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Comcast.

Step B. A minimum of two (2) of the competitors to CenturyLink in “Step A” must offer local telephone service that may be purchased by the household without a corresponding requirement to purchase non-telecommunications services from that competitor.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Comcast.

Step C. At least 50% of the households in the telephone exchange area can choose a facilities-based competitor that owns its own wireline facilities, leases UNE-loops from CenturyLink, or is a wireless communications provider that offers voice communications services.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Comcast.

Competitive Test Under § 56-235.5(I)

This exchange represents 2.8% of residential households in the Central Telephone territory.

Competitiveness Test

Martinsville Exchange

Step A. A minimum of 75% of the households in the telephone exchange area can choose telephone service from among at least two (2) competitors to CenturyLink.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Comcast.

Step B. A minimum of two (2) of the competitors to CenturyLink in “Step A” must offer local telephone service that may be purchased by the household without a corresponding requirement to purchase non-telecommunications services from that competitor.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Comcast.

Step C. At least 50% of the households in the telephone exchange area can choose a facilities-based competitor that owns its own wireline facilities, leases UNE-loops from CenturyLink, or is a wireless communications provider that offers voice communications services.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Comcast.

Competitive Test Under § 56-235.5(I)

This exchange represents 5.4% of residential households in the Central Telephone territory.

Competitiveness Test

Palmyra Exchange

Step A. A minimum of 75% of the households in the telephone exchange area can choose telephone service from among at least two (2) competitors to CenturyLink.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Comcast.

Step B. A minimum of two (2) of the competitors to CenturyLink in “Step A” must offer local telephone service that may be purchased by the household without a corresponding requirement to purchase non-telecommunications services from that competitor.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Comcast.

Step C. At least 50% of the households in the telephone exchange area can choose a facilities-based competitor that owns its own wireline facilities, leases UNE-loops from CenturyLink, or is a wireless communications provider that offers voice communications services.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Comcast.

Competitive Test Under § 56-235.5(I)

This exchange represents 3.2% of residential households in the Central Telephone territory.

Competitiveness Test

Ridgeway Exchange

Step A. A minimum of 75% of the households in the telephone exchange area can choose telephone service from among at least two (2) competitors to CenturyLink.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular and Verizon as well as by telephone service offered by Comcast.

Step B. A minimum of two (2) of the competitors to CenturyLink in “Step A” must offer local telephone service that may be purchased by the household without a corresponding requirement to purchase non-telecommunications services from that competitor.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular and Verizon as well as by telephone service offered by Comcast.

Step C. At least 50% of the households in the telephone exchange area can choose a facilities-based competitor that owns its own wireline facilities, leases UNE-loops from CenturyLink, or is a wireless communications provider that offers voice communications services.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular and Verizon as well as by telephone service offered by Comcast.

Competitive Test Under § 56-235.5(I)

This exchange represents 1.2% of residential households in the Central Telephone territory.

Competitiveness Test

Stanley Exchange

Step A. A minimum of 75% of the households in the telephone exchange area can choose telephone service from among at least two (2) competitors to CenturyLink.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, Sprint, and Verizon as well as by telephone service offered by Comcast.
