Richmond, VA 23219

STATE CORPORATION COMMISSION
RECEIVED

APR 20 2015

DIVISION OF COMMUNICATIONS
RICHMOND, VA

Dear Mr. Irby:

The Final Order in Case No. PUC-201400034 adopted CenturyLink's proposed competitive tests and associated administrative process, as modified and clarified by the Staff in the Staff Report. Attached for filing under the administrative process is a proposed tariff and supporting documents for the following exchanges for Central Telephone Company of Virginia d/b/a CenturyLink: Bassett, Boones Mill, Collinsville, Fieldale, Front Royal, Rocky Mount, South Boston and Spencer.

Please contact me if you have any questions or require additional information regarding this filing.

Sincerely,

A handwritten signature in blue ink, appearing to read "Richard Schollmann", with a long horizontal flourish extending to the right.

Richard Schollmann

Competitiveness Test

Bassett Exchange

Step A. A minimum of 75% of the households in the telephone exchange area can choose telephone service from among at least two (2) competitors to CenturyLink.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, T-Mobile, US Cellular and Verizon as well as by telephone service offered by Comcast.

Step B. A minimum of two (2) of the competitors to CenturyLink in “Step A” must offer local telephone service that may be purchased by the household without a corresponding requirement to purchase non-telecommunications services from that competitor.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, T-Mobile, US Cellular and Verizon as well as by telephone service offered by Comcast.

Step C. At least 50% of the households in the telephone exchange area can choose a facilities-based competitor that owns its own wireline facilities, leases UNE-loops from CenturyLink, or is a wireless communications provider that offers voice communications services.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, T-Mobile, US Cellular and Verizon as well as by telephone service offered by Comcast.

Competitive Test Under § 56-235.5(I)

This exchange represents 2.6% of residential households in the Central Telephone territory.

Competitiveness Test

Boones Mill Exchange

Step A. A minimum of 75% of the households in the telephone exchange area can choose telephone service from among at least two (2) competitors to CenturyLink.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Shentel.

Step B. A minimum of two (2) of the competitors to CenturyLink in “Step A” must offer local telephone service that may be purchased by the household without a corresponding requirement to purchase non-telecommunications services from that competitor.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Shentel.

Step C. At least 50% of the households in the telephone exchange area can choose a facilities-based competitor that owns its own wireline facilities, leases UNE-loops from CenturyLink, or is a wireless communications provider that offers voice communications services.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Shentel.

Competitive Test Under § 56-235.5(I)

This exchange represents 1.0% of residential households in the Central Telephone territory.

Competitiveness Test

Collinsville Exchange

Step A. A minimum of 75% of the households in the telephone exchange area can choose telephone service from among at least two (2) competitors to CenturyLink.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Comcast.

Step B. A minimum of two (2) of the competitors to CenturyLink in “Step A” must offer local telephone service that may be purchased by the household without a corresponding requirement to purchase non-telecommunications services from that competitor.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Comcast.

Step C. At least 50% of the households in the telephone exchange area can choose a facilities-based competitor that owns its own wireline facilities, leases UNE-loops from CenturyLink, or is a wireless communications provider that offers voice communications services.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Comcast.

Competitive Test Under § 56-235.5(I)

This exchange represents 1.4% of residential households in the Central Telephone territory.

Competitiveness Test

Fieldale Exchange

Step A. A minimum of 75% of the households in the telephone exchange area can choose telephone service from among at least two (2) competitors to CenturyLink.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, and Verizon as well as by telephone service offered by Comcast.

Step B. A minimum of two (2) of the competitors to CenturyLink in “Step A” must offer local telephone service that may be purchased by the household without a corresponding requirement to purchase non-telecommunications services from that competitor.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, and Verizon as well as by telephone service offered by Comcast.

Step C. At least 50% of the households in the telephone exchange area can choose a facilities-based competitor that owns its own wireline facilities, leases UNE-loops from CenturyLink, or is a wireless communications provider that offers voice communications services.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, and Verizon as well as by telephone service offered by Comcast.

Competitive Test Under § 56-235.5(I)

This exchange represents 0.7% of residential households in the Central Telephone territory.

Competitiveness Test

Front Royal Exchange

Step A. A minimum of 75% of the households in the telephone exchange area can choose telephone service from among at least two (2) competitors to CenturyLink.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, T-Mobile and Verizon as well as by telephone service offered by Comcast.

Step B. A minimum of two (2) of the competitors to CenturyLink in “Step A” must offer local telephone service that may be purchased by the household without a corresponding requirement to purchase non-telecommunications services from that competitor.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, T-Mobile and Verizon as well as by telephone service offered by Comcast.

Step C. At least 50% of the households in the telephone exchange area can choose a facilities-based competitor that owns its own wireline facilities, leases UNE-loops from CenturyLink, or is a wireless communications provider that offers voice communications services.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, T-Mobile and Verizon as well as by telephone service offered by Comcast.

Competitive Test Under § 56-235.5(I)

This exchange represents 6.1% of residential households in the Central Telephone territory.

Competitiveness Test

Rocky Mount Exchange

Step A. A minimum of 75% of the households in the telephone exchange area can choose telephone service from among at least two (2) competitors to CenturyLink.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Shentel and Comcast.

Step B. A minimum of two (2) of the competitors to CenturyLink in “Step A” must offer local telephone service that may be purchased by the household without a corresponding requirement to purchase non-telecommunications services from that competitor.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Shentel and Comcast.

Step C. At least 50% of the households in the telephone exchange area can choose a facilities-based competitor that owns its own wireline facilities, leases UNE-loops from CenturyLink, or is a wireless communications provider that offers voice communications services.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile and Verizon as well as by telephone service offered by Shentel and Comcast.

Competitive Test Under § 56-235.5(I)

This exchange represents 4.5% of residential households in the Central Telephone territory.

Competitiveness Test

South Boston Exchange

Step A. A minimum of 75% of the households in the telephone exchange area can choose telephone service from among at least two (2) competitors to CenturyLink.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile, and Verizon as well as by telephone service offered by Comcast.

Step B. A minimum of two (2) of the competitors to CenturyLink in “Step A” must offer local telephone service that may be purchased by the household without a corresponding requirement to purchase non-telecommunications services from that competitor.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile, and Verizon as well as by telephone service offered by Comcast.

Step C. At least 50% of the households in the telephone exchange area can choose a facilities-based competitor that owns its own wireline facilities, leases UNE-loops from CenturyLink, or is a wireless communications provider that offers voice communications services.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, nTelos, Sprint, US Cellular, T-Mobile, and Verizon as well as by telephone service offered by Comcast.

Competitive Test Under § 56-235.5(I)

This exchange represents 2.8% of residential households in the Central Telephone territory.

Competitiveness Test

Spencer Exchange

Step A. A minimum of 75% of the households in the telephone exchange area can choose telephone service from among at least two (2) competitors to CenturyLink.

This test is met by the combined coverage of a number of wireless competitors, including AT&T, Sprint, nTelos, US Cellular, and Verizon as well as by telephone service offered by Comcast.
