Financial Responsibility Requirements

The Bureau of Insurance wrote to you on June 8, 1978 concerning the change effective January 1, 1978 in the Financial Responsibility Limits and the minimum limits required for Protection Against Uninsured Motorists Insurance. A copy of that letter is enclosed for your information.

To assist you in supplying the requested information, the Bureau included a duplicate copy of its June 8, 1978 letter. You were asked to complete the letter and return it to this office. We need this information to enable us to inform the Virginia Division of Motor Vehicles concerning the status of the automobile policyholders of your Company on January 1, 1979.

Our records show that your Company has not responded to our request.

As such, please be advised that if we do not receive a completed copy of the June 8, 1978 letter from your Company by Friday, December 15, 1978, we will take appropriate disciplinary action.

Very truly yours,
