

Update

Deadline for Filing Plans for the Individual and Small Group Federally-facilitated Marketplace (FFM) and Any Health Insurance Plan or Stand Alone Dental Plan Whose Offering/Enrollment Period Mirrors that of FFM Plans

The Bureau will require carriers to submit Individual, Small Group, and Stand-Alone Dental Plan form and rate filings no later than **8 PM Eastern Time, Thursday, May 1, 2014** for plan or policy year beginning January 1, 2015.

Complete binder filings will be accepted as soon as they are made available in SERRF and validation services are functioning, but should be filed no later than **8 PM Eastern Time, Friday, June 6, 2014**. Should federal deadlines, technological issues, or other circumstances necessitate a date change, notification will be provided on this website.

Finally, be advised that the Commission intends to hold rate presentations this summer for Health Insurance plans that are intended to be offered on or off the Federal exchange. The rate presentations will be scheduled to provide sufficient review of both new and renewal rates before any Bureau approvals are given. The presentations are tentatively scheduled for late July but notice will be provided on this page and via SERFF once formally scheduled.
