Anthem Blue Cross and Blue Shield
KeyCare 30 Member Certificate

This member booklet fully explains your health care benefits and how you can maximize them. Treat it as you treat the owner's manual for your car - store it in a convenient place and refer to it whenever you have questions about your health care coverage.

How to obtain language assistance
Anthem is committed to communicating with our members about their health plan, regardless of their language. Anthem employs a Language Line interpretation service for use by all of our Member Services Call Centers. Simply call the Member Services phone number on the back of your ID card and a representative will be able to assist you. Translation of written materials about your benefits can also be requested by contacting Member Services. In the event of a dispute, the provisions of the English version will control.

Si necesita ayuda en español para entender este documento, puede solicitarla sin costo adicional, llamando al número de servicio al cliente.
(If you need Spanish-language assistance to understand this document, you may request it at no additional cost by calling the customer service number.)

Hours of operation:
Monday-Friday
8:00 a.m. to 6:00 p.m. ET
Saturday
9:00 a.m. to 1:00 p.m. ET

Visit us on-line at:
www.anthem.com

Helpful tip: Look for these icons to identify which services are considered inpatient and which are outpatient.
Key words
There are a few key words you will see repeated throughout this booklet. We've highlighted them here to make the booklet easier to understand. In addition, we have included a Definitions section on page 74 that lists the various words referenced. A defined word will be italicized each time it is used.

We, us, our, Anthem
Anthem Blue Cross and Blue Shield.

Covered persons
You and enrolled eligible dependents.

Outpatient
When you receive care in a hospital outpatient department, emergency room, professional provider's office, or your home.

Inpatient
When you are a bed patient in the hospital.

You
The enrolled employee.

Your health plan
Anthem KeyCare plan.

Copayment
The fixed dollar amount you pay for some covered services.

Coinsurance
The percentage of the maximum allowed amount you pay for some covered services.

Deductible
The fixed dollar amount of covered services you pay in a calendar year before your health plan will pay for any remaining covered services during that calendar year.

# Summary of benefits

This chart is an overview of your benefits for covered services. They are listed in detail beginning on page 15. A list of services that are not covered begins on page 34.

## What will I pay?

This chart shows the most you pay for deductibles and out-of-pocket expenses for covered services in one year of coverage. Please see the Out-of-network care paragraph on page 8 for more information about amounts above the maximum allowed amount when services are received from non-participating providers.

Visits to an out-of-network emergency room for emergency services will be covered at in-network benefit levels and apply the in-network cost shares. The facility and provider may balance bill for any amounts in excess of the maximum allowed amount. The out-of-network benefit shown reflects the cost shares for visits to an out-of-network emergency room for services that are not emergency services.

* Services for out-of-network ambulance providers will be subject to the in-network deductible (if any) only.

The calendar year deductible does not apply to wellness services received in network; however, if wellness services are received from out-of-network providers, the services will be subject to the calendar year deductible. Screenings received for diagnostic purposes (as billed by the in or out-of-network provider or facility) are not considered to be wellness services, and therefore will also be subject to the calendar year deductible.

<td></td>
<td></td>
</tr>
</tbody>
</table>

All deductible, copayment or coinsurance amounts (if applicable) for first-tier, second-tier or third-tier drugs purchased at both retail and mail service pharmacies will apply to the out-of-pocket expense limit for prescription drugs. However, the out-of-pocket expense limit for prescription drugs is separate from the out-of-pocket expense limit for most other covered services described in the Claims and payments section of this booklet, and amounts applied to one do not apply to the other.

One routine eye examination per calendar year.

In order to receive in-network benefits, services should be received from a Blue View Vision Network provider. For out-of-network care, you will be responsible for the difference between the allowance and the provider's charge.
How your health plan works

Your health plan provides a wide range of health care services within a special network of health care providers and facilities. You will receive benefits based on where you receive health care services and the limits stated in the Summary of benefits (see page 1) and related exclusions.

Carry your ID card

Your Anthem Blue Cross and Blue Shield ID card identifies you as a member and contains important health care coverage information. When you show your ID card to your doctor, hospital, pharmacist, or other health care provider, they will file your claims for you in most cases. Carrying your card at all times will ensure you always have this coverage information with you when you need it.

Covered providers and facilities

Your health plan covers certain care administered by providers and facilities. To ensure benefits, providers and facilities must be licensed in the state where they operate to perform the service you receive and the service must be covered by your health plan. Certain services are covered by the plan and rendered by other covered medical suppliers, such as suppliers of medical equipment (durable), private duty nursing services, prescription drugs, ambulance services, etc.

A provider may delegate to his employee the responsibility for performing a covered service. Your health plan will cover this care if we determine that a bona fide employer-employee relationship exists, based on information given by the provider. Under these circumstances:
- both the provider and the delegated employee must be licensed/certified to render the service;
- the service must be performed under the direct supervision of the provider since the provider is primarily responsible for the patient's care; and
- the provider who is directly supervising the service must bill for the service.

Because the service of the delegated employee is a substitute for the provider's service, your health plan will not pay a supervisory or other fee for the same service performed by both the provider and his delegated employee.

Primary care physicians and specialty care providers

Your health plan covers care provided by primary care physicians and specialty care providers. To see a primary care physician, simply visit any network physician who is a general or family practitioner, internist or pediatrician. Your health plan also covers care provided by any specialty care provider you choose. Referrals are never needed to visit any specialty care provider.
Choose a health care provider

In Virginia

You have the freedom to receive care from any provider or facility. However, you receive the highest level of benefits when you receive care from providers and facilities within the KeyCare PPO Network. Care received from KeyCare PPO Network providers and facilities is considered in-network care. Your policy provides coverage for certain services that do not have providers within our networks. These services would be considered in-network services. An example is private duty nursing services.

There is one exception. A member who is designated at the time of enrollment as a Cost Awareness person will receive the highest level of benefits for care received from any provider or facility, not just from facilities and providers within the KeyCare PPO Network. Care that a Cost Awareness covered person receives from any provider or facility (other than non-participating hospitals) is considered in-network care.

Helpful tip: You may call Member Services for information regarding the qualifications of providers in the KeyCare PPO Network. Qualifications include: medical school attended, residency completed, and board certification status.

Out-of-area services

We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Programs.” Whenever you obtain health care services outside of our service area, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard Program and may include negotiated National Account arrangements available between us and other Blue Cross and Blue Shield Licensees.

Typically, when accessing care outside our service area, you will obtain care from health care providers that have a contractual agreement (i.e., are “participating providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, you may obtain care from non-participating health care providers. Our payment practices in both instances are described below.

BlueCard® Program

Under the BlueCard® Program, when you access covered health care services within the geographic area served by a Host Blue, we will remain responsible for fulfilling our contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating health care providers.

Whenever you access covered health care services outside our service area and the claim is processed through the BlueCard Program, the amount you pay for covered health care services, is calculated based on the lower of:
the billed covered charges for your covered services; or
the negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your health care provider. Sometimes, it is an estimated price that takes into account special arrangements with your health care provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of health care providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price we use for your claim because they will not be applied retroactively to claims already paid.

Laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If any state laws mandate other liability calculation methods, including a surcharge, we would then calculate your liability for any covered health care services according to applicable law.

Non-participating health care providers outside our service area

1. Member Liability Calculation
When covered health care services are provided outside of our service area by non-participating health care providers, the amount you pay for such services will generally be based on either the Host Blue’s non-participating health care provider local payment or the pricing arrangements required by applicable state law. In these situations, you may be liable for the difference between the amount that the non-participating health care provider bills and the payment we will make for the covered services as set forth in this paragraph.

2. Exceptions
In certain situations, we may use other payment bases, such as billed covered charges, the payment we would make if the health care services had been obtained within our service area, or a special negotiated payment, as permitted under Inter-Plan Programs Policies, to determine the amount we will pay for services rendered by non-participating health care providers. In these situations, you may be liable for the difference between the amount that the non-participating health care provider bills and the payment we will make for the covered services as set forth in this paragraph.

Helpful tip: In the event that you travel outside of Virginia and receive services in a state with more than one Blue plan network, an exclusive network arrangement may be in place. If you see a provider who is not part of an exclusive network arrangement, that provider’s service(s) will be considered out-of-network care, and you may be billed the difference between the charge and the maximum allowed amount. You may call Member Services or go to www.anthem.com for information regarding such arrangements.
For coverage overseas

If you plan to travel outside the United States, call Member Services and ask for the names of the participating hospitals in the area you will be visiting. If you need inpatient hospital care while you're overseas, show your Anthem ID card at the admissions office. The participating hospital will bill Anthem for covered expenses. Anthem will pay the hospital directly. If you go to a non-participating hospital or receive outpatient care, you will usually have to pay the bills and submit the claims for reimbursement. However, if possible we will work out direct payment with the providers.

How to find a provider in the network

There are four ways you can find out if a provider or facility is in your network:
- Refer to your health plan's directory of network providers at www.anthem.com, which lists doctors and health care facilities that participate in your health plan's network, as well as information about the standards of care in area hospitals.
- Call Anthem's Member Services to request a list of doctors and health care facilities that participate in your health plan's network, based on specialty and geographic area.
- Check with your doctor or health care facility.
- Ask your group administrator.

All network providers have a process in place to help you access urgent medical care 24 hours a day, 7 days a week. If you require urgent medical care after your doctor's normal business hours call his/her office and you will be directed to needed care.

Out-of-network care

Out-of-network care is covered at a lower level of benefits than in-network care. After you satisfy a calendar year deductible (if any), you are responsible for your coinsurance, a percentage of the maximum allowed amount as stated in the Summary of benefits (see page 1). If the out-of-network ambulance, provider or facility participates in any Anthem network or other Blue Cross Blue Shield company's network, they will accept the maximum allowed amount as payment in full for their services. However, ambulances, providers and facilities that do not participate in any Anthem or Blue Cross Blue Shield company's network may bill you for the difference between their charge and the maximum allowed amount.

Helpful tip: Covered services received during the last three months of the calendar year that are applied to a covered person's deductible, may also apply to the deductible required for the following calendar year.
The advance approval process

Your health plan will make coverage decisions on services requiring advance approval (for example, home care services, etc.), within 15 days from the receipt of the request. Your health plan may extend this period for another 15 days if we determine it to be necessary because of matters beyond our control. In the event that this extension is necessary, you will be notified prior to the expiration of the initial 15-day period. If the coverage decision involves a determination of the appropriateness or medical necessity of services, your health plan will make its decision within 2 working days of its receipt of all necessary clinical information needed to process the advance approval request.

For urgent care claims, coverage decisions will be completed and we will respond to you and your provider as soon as possible taking into account your medical condition, but not later than 72 hours from receipt of the request. If insufficient information is submitted in order to review the claim, we will ask you or your provider for the information needed within 24 hours of the receipt of your request, and make our decision within 48 hours of receiving the information. If the requested information is not received within 48 hours of our request, we will make our decision within 96 hours from the date of our request.

Once your health plan has made a coverage decision on services requiring advance approval, you will receive written notification of the coverage decision. In the event of an adverse benefit determination, the written notification will include the following:
- information sufficient to identify the claim involved;
- the specific reason(s) and the plan provision(s) on which the determination is based;
- a description of any additional material or information necessary to reopen the claim for consideration, along with an explanation of why the requested material or information is needed;
- a description of your health plan's appeal procedures and applicable time limits;
- in the case of an urgent care claim, a description of the expedited appeal and expedited review process applicable to such claims; and
- the availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman who may assist you with the internal or external appeals process.

If all or part of a pre-service or urgent care claim was not covered, you have a right to see, upon request and at no charge, any rule, guideline, protocol or criterion that your health plan relied upon in making the coverage decision. If a coverage decision was based on medical necessity or the experimental nature of the care, you are entitled to receive, upon request and at no charge, the explanation of the scientific or clinical basis for the decision as it relates to your medical condition.

Approvals of care involving an ongoing course of treatment

Network providers must follow certain procedures to ensure that if a previously approved course of treatment needs to be extended, the extension is requested in time to minimize disruption of needed services. If you are receiving care from a non-network provider and need to receive an extension of a previously approved course of treatment, you will be required to ask for the extension. You should
request the extension at least 24 hours prior to the end of the authorized time frame to avoid disruption of care or services. We will notify you of our coverage decision within 24 hours of your request.

If we make a determination to reduce or terminate benefits for all or any part of a previously approved course of treatment prior to its conclusion, this will be considered an adverse benefit determination. If the reduction or termination was not a result of a health plan amendment or health plan termination, we will notify you in advance of the reduction or termination in sufficient time for you to file an internal appeal prior to the reduction or termination.

In an emergency or if specialty care is not reasonably available in the network

If you have an emergency medical condition, go to the nearest appropriate provider or medical facility. If the provider or facility is not in the network, you or your network physician can call Anthem to have the out-of-network services authorized for the highest level of benefits.

If specialty care is required and it's not available from a provider within the network, your network provider can call Anthem in advance of your receiving care to have the out-of-network services authorized for the highest level of benefits.

Hospital Admission Review

All hospital stays, skilled nursing home stays, or treatment in partial day programs should be approved before each admission. The exception to this is maternity admissions as specified in the maternity section of this booklet. If you are admitted to the hospital as a result of an emergency medical condition, your hospital stay should be reviewed by Anthem within 48 hours of admission. The emergency room doctor, a relative, or a friend can call for Hospital Admission Review. Network providers and facilities handle Hospital Admission Review for you. You must initiate the Hospital Admission Review process for out-of-network services. If you fail to obtain approval for an inpatient stay, and the stay is later determined by Anthem not to be medically necessary, you may have to pay the entire hospital bill in addition to any charges for services provided while you were an inpatient. Anthem may not require strict adherence to this procedure for services that arise over the weekend.

Before you are admitted to the hospital for medical care or surgery, you or someone you authorize must call the Member Services telephone number located on your identification card. If your provider is calling on your behalf, the telephone number for providers is 804-342-0010 in Richmond or toll-free 800-533-1120. You should have the following information available:

• your Anthem Blue Cross and Blue Shield identification number (shown on your ID card);
• your doctor's name and phone number;
• the date you plan to enter the hospital and length of stay; and
• the reason for hospitalization.
Your health plan will respond to a request for hospital admission within 2 working days after receiving all of the medical information needed to process the request, but not to exceed 15 days from the receipt of the request. We may extend this period for another 15 days if we determine it to be necessary because of matters beyond our control. In the event that this extension is necessary, you will be notified prior to the expiration of the initial 15-day period.

In cases where the hospital admission is an urgent care claim, a coverage decision will be completed within 24 hours. Your physician will be notified verbally of the coverage decision within this time frame.

Once a coverage decision has been made regarding your hospital admission, you will receive written notification of the coverage decision. In the event of an adverse benefit determination, the written notification will include the following:

- information sufficient to identify the claim involved;
- the specific reason(s) and the plan provision(s) on which the determination is based;
- a description of any additional material or information necessary to reopen the claim for consideration, along with an explanation of why the requested material or information is needed;
- a description of your health plan's appeal procedures and applicable time limits;
- in the case of an urgent care claim, a description of the expedited review process applicable to such claims; and
- the availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman who may assist you with the internal or external appeals process.

If all or part of a hospital admission was not covered, you have a right to see, upon request and at no charge, any rule, guideline, protocol or criterion that your health plan relied upon in making the coverage decision. If a coverage decision was based on medical necessity or the experimental nature of the care, you are entitled to receive upon request and at no charge the explanation of the scientific or clinical basis for the decision as it relates to your medical condition.

Hospital admissions for covered radical or modified radical mastectomy for the treatment of breast cancer shall be approved for a period of no less than 48 hours. Hospital admissions for a covered total or partial mastectomy with lymph node dissection for the treatment of breast cancer shall be approved for a period of no less than 24 hours. Hospital admissions for a covered laparoscopy-assisted vaginal hysterectomy shall be approved for a period of no less than 23 hours. Hospital admissions for a covered vaginal hysterectomy shall be approved for a period of no less than 48 hours.

The length of stay for maternity hospital admissions is determined according to Virginia insurance law. Virginia law does not specify any number of hours that must be approved for a maternity stay. However, it requires health insurers and HMOs follow the guidelines and standards of the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists in determining length of stay.
Admissions to hospitals located outside of Virginia

If you are admitted to a hospital outside of Virginia, you or someone on your behalf must initiate the Hospital Admission Review process. This applies in all cases, whether you live, work, or travel outside of Virginia. If approval is not obtained for an inpatient stay and the stay is later determined by Anthem not to be medically necessary, you may have to pay the entire hospital bill in addition to any charges for services provided while you were inpatient.

Individual case management

In addition to the covered services listed in this booklet, your health plan may elect to offer benefits for an approved alternate treatment plan for a patient who would otherwise require more expensive covered services. This includes, but is not limited to, long term inpatient care. Your health plan will provide alternate benefits at its sole discretion. It will do so only when and for so long as it decides that the services are medically necessary and cost effective. The total benefits paid for such services may not exceed the total that would otherwise be paid without alternate benefits. If your health plan elects to provide alternate benefits for a covered person in one instance, it will not be required to provide the same or similar benefits for any covered person in any other instance. Also, this will not be construed as a waiver of your health plan's right to enforce the terms of your health plan in the future in strict accordance with its express terms.

Also, from time to time your health plan may offer a covered person and/or their provider or facility information and resources related to disease management and wellness initiatives. These services may be in conjunction with the covered person's medical condition or with therapies that the covered person receives, and may or may not result in the provision of alternative benefits as described in the preceding paragraph.

If you changed plans within the year

Your health plan may include calendar year limitations on deductibles, out-of-pocket expenses, or benefits. These limitations may be affected by a change of health plan coverage during the calendar year.

- If you change from one employer's health plan to another employer's health plan during the calendar year, new limitations will apply as of your effective date of coverage under the new employer's health plan. Amounts that may have accumulated toward similar limitations under your former employer's health plan will not count toward the limitations under your new employer's health plan.
- If you do not change employers, but move from Anthem HealthKeepers coverage (issued by an Anthem - affiliated HMO) to Anthem coverage during the calendar year, new limitations will apply as of the effective date of your Anthem coverage. Amounts that may have accumulated toward specific benefits or out-of-pocket requirements under the Anthem HealthKeepers will not count toward the limitations under the Anthem coverage.
· If you do not change employers, but move from non-Anthem coverage (issued by any other company) to Anthem coverage during the calendar year, new limitations will apply as of the effective date of your Anthem coverage. Amounts that may have accumulated toward specific benefits or out-of-pocket requirements under the non-Anthem coverage will not count toward the limitations under the Anthem coverage. However, in the course of moving to Anthem coverage with your employer, you may be eligible for credit of deductible and/or out-of-pocket expense limit amounts accumulated under the non-Anthem coverage. Please see your group administrator for more information.

· If you do not change employers, but move from one Anthem benefit plan or option to another Anthem benefit plan or option during the calendar year, any amounts that had accumulated toward calendar year limitations before the change will count toward similar limitations under the new Anthem benefit plan or option for the remainder of the calendar year.

If you have a pre-existing condition

During the first 12-months of coverage, services for pre-existing conditions are not covered. This is considered your pre-existing period.

The pre-existing period does not apply to:
· any covered person under age 19;
· pregnancy; or
· covered services for breast cancer when the covered person has been breast cancer free for at least five years.

We will reduce the pre-existing period by the aggregate amount of time, if any, you were covered by creditable coverage, which means coverage under any of the following:
· a group health plan;
· individual health insurance coverage;
· health insurance coverage consisting of medical care provided under any insurance policy, HMO contract, or hospital or medical service plan contract offered by a health insurer;
· Medicare, Medicaid, or Tricare;
· a medical care program of the Indian Health Service or of a tribal organization;
· a state health benefits risk pool;
· the Federal Employees Health Benefits Program
· a public health plan, which means a plan established or maintained by a state, the U.S. government, a foreign country, or a political subdivision of any of these;
· a health benefit plan under the Peace Corps Act; or
· coverage under a State Children's Health Insurance Program authorized by the Social Security Act.

So that we may reduce the pre-existing period by the amount of time you were covered under creditable coverage, we may require you to give us a copy of any certificates of creditable coverage that you have. If you do not have a certificate, but you have creditable coverage, we will help you obtain one from your prior plan or issuer. Please contact us if you need help demonstrating creditable coverage.
If your coverage under this health plan ends, or a covered dependent reaches the maximum age limit, we will issue a certificate of creditable coverage. We will also issue a certificate of creditable coverage upon request, as long as you request it within 24 months after coverage ends.

All questions about the pre-existing period and creditable coverage, as well as requests for creditable coverage certificates should be directed to Member Services at the address or telephone numbers below:

Anthem Blue Cross and Blue Shield
Attention: Member Services
P.O. Box 27401
Richmond, VA 23279

Telephone:
804-358-1551
in Richmond
800-451-1527
from outside Richmond

If you have experienced a significant break in coverage, the previous coverage will not reduce the pre-existing period for this coverage.

We will not reduce the pre-existing period for any amount of time you were covered by:
- accident or disability income insurance, liability insurance, workers’ compensation benefits, automobile medical insurance, credit insurance, or coverage for onsite medical clinics;
- another employer’s waiting period;
- limited scope dental benefits, limited scope vision benefits, or long-term care benefits;
- coverage under health flexible spending arrangements that are “excepted benefits” (as defined in federal regulations); or
- health benefits that are secondary or incidental.
What is covered

Anthem covers only those medical services that are medically necessary. Just because the service is prescribed by a provider does not mean the service is medically necessary. In addition, your health plan requires that services be safely performed in the least costly setting.

See the Summary of benefits (page 1) for payment levels and limits for the covered services. For details of the specific coverage provided as well as what is not covered, use the page number references on the summary. All of the following services, except as noted, must be rendered by covered facilities or providers.

Ambulance travel

Your health plan covers professional ambulance services to or from the nearest facility or provider adequate to treat your condition. Ambulance services billed through the facility are covered the same as all other facility services. Air ambulance services are also covered when pre-authorized or in cases of threatened loss of life. In determining whether any ambulance services will be pre-authorized, we will take into account whether appropriate, cost-effective care is being provided at the facility where the covered person is located.

Dental services

Your health plan covers:

- medically necessary dental services resulting from an accidental injury, provided that, for an injury occurring on or after your effective date of coverage, you seek treatment within 60 days after the injury. You must submit a plan of treatment from your dentist or oral surgeon for prior approval by Anthem.
- the cost of dental services and dental appliances only when required to diagnose or treat an accidental injury to the teeth;
- the repair of dental appliances damaged as a result of accidental injury to the jaw, mouth or face;
- dental services and dental appliances furnished to a newborn when required to treat medically diagnosed cleft lip, cleft palate, or ectodermal dysplasia;
- dental services to prepare the mouth for radiation therapy to treat head and neck cancer; and
- covered general anesthesia and hospitalization services for children under the age of 5, covered persons who are severely disabled, and covered persons who have a medical condition that requires admission to a hospital or outpatient surgery facility. These services are only provided when it is determined by a licensed dentist, in consultation with the covered person's treating physician that such services are required to effectively and safely provide dental care.
Diabetic equipment and education

Your health plan covers medical supplies, equipment, and education for diabetes care for all diabetics. This includes coverage for the following:

- insulin pumps;
- home blood glucose monitors, lancets, blood glucose test strips, syringes, and hypodermic needles and syringes when purchased from a pharmacy; and
- outpatient self-management training and education performed in-person; including medical nutrition therapy, when provided by a certified, licensed, or registered health care professional.

Diabetic education may be received from pharmacies that are authorized to perform this service. Contact the pharmacy to determine if they are authorized to perform this service.

Diagnostic tests

Your benefits include coverage for the following procedures when ordered by your doctor to diagnose a definite condition or disease because of specific signs and/or symptoms:

- radiology (including mammograms), ultrasound or nuclear medicine;
- laboratory and pathology services or tests;
- diagnostic EKGs, EEGs; and
- advanced diagnostic imaging services.

Observation, diagnostic examinations, or diagnostic laboratory testing that involves a hospital stay is covered under your health plan only when:

- your medical skills be constantly available;
- your medical condition requires that medical supervision by your doctor is constantly available; or
- diagnostic services and equipment are available only as an inpatient.

Outpatient diagnostic imaging tools can be the key to identifying underlying health problems, but unnecessary imaging may contribute to patient safety issues: increased radiation exposure and false positive findings that may result in additional unnecessary testing and potential surgical procedures. To help ensure that you are receiving services that are safe and appropriate, we have made available a health services review process for physicians ordering these services. Health services review is a process performed in advance of receiving an outpatient advanced diagnostic imaging service. The purpose is to review for safety, appropriateness, and medical necessity, and to determine whether the service meets coverage guidelines. If your doctor orders one of the following tests for you, we suggest that you ask your doctor to initiate a health services review by contacting Anthem:

- magnetic resonance angiography (MRA);
- magnetic resonance imaging (MRI);
- magnetic resonance spectroscopy (MRS);
- computed tomographic angiography (CTA);
- positron emission tomography (PET) scans;
- computed tomography (CT) scans;
- single photon emission computed tomography (SPECT) scans; and
nuclear cardiology.

Helpful tip: While there is no penalty if the health services review is not performed in advance of receiving the service, the advantage of the front-end review is that you and your doctor know beforehand whether the service is appropriate, medically necessary, and meets coverage guidelines. If advance approval is not obtained and the service is later determined not to be medically necessary, you may have to pay for the service.

Medical supplies and other services that may be required and provided in conjunction with a diagnostic test are not considered part of the diagnostic test. Therefore, if a facility or provider bills a separate charge for such services or supplies, benefits for such services or supplies will be provided as described in the Summary of benefits for such services and supplies and not as part of the diagnostic test.

Dialysis

Your health plan covers dialysis treatment, which is the treatment of severe kidney failure or chronic poor functioning of the kidneys. This includes hemodialysis and peritoneal dialysis.

Doctor visits and services

Your health plan covers:

- visits to a doctor's office or your doctor's visits to your home;
- visits to an urgent care center;
- visits to a hospital outpatient department or emergency room;
- visits for shots needed for treatment (for example, allergy shots); and
- interactive telemedicine services.

Early intervention services

Your health plan covers early intervention services for dependents from birth to age three who are certified by the Department of Behavioral Health and Developmental Services ("the Department") as eligible for services under Part C of the Individuals with Disabilities Education Act. These services consist of:

- speech and language therapy;
- occupational therapy;
- physical therapy; and
- assistive technology services and devices.
Early intervention services for the population certified by the Department are those services listed above which are determined to be medically necessary by the Department and designed to help an individual attain or retain the capability to function age-appropriately within his environment. This shall include services which enhance functional ability without effecting a cure. Benefits for services listed shall not be limited by the exclusion of services that are not medically necessary.

Emergency room care

Your health plan covers emergency room visits, services, and supplies. If you are admitted to the hospital from the emergency room, the hospital stays must be reviewed by Anthem within 48 hours of admission. The emergency room doctor, a relative, or a friend can call Anthem for Hospital Admission Review (see page 10) in an emergency.

Home care services

Your health plan covers treatment provided in your home on a part-time or intermittent basis. This coverage allows for an alternative to repeated hospitalizations that will provide the quality and appropriate level of care to treat your condition. To ensure benefits, your doctor must provide a description of the treatment you will receive at home. Your coverage includes the following home health services:
- visits by a licensed health care professional, including a nurse, therapist, or home health aide; and
- physical, speech, and occupational therapy (services provided as part of home health are not subject to separate visit limits for therapy services).

These services are only covered when your condition generally confines you to your home except for brief absences.

Home private duty nurse’s services

Your health plan covers the cost of medically skilled services of a currently licensed Registered Nurse (RN) or Licensed Practical Nurse (LPN) in your home when the nurse is not a relative or member of your family. Your doctor must certify to us that private duty nursing services are medically necessary for your condition, and not merely custodial in nature.

Hospice care services

Hospice care will be covered, for covered persons diagnosed with a terminal illness with a life expectancy of six months or less. Covered services include the following:
- skilled nursing care, including IV therapy services;
- drugs and other outpatient prescription medications for palliative care and pain management;
- services of a medical social worker;
- services of a home health aide or homemaker;
short-term inpatient care, including both respite care and procedures necessary for pain control and acute chronic symptom management. Respite care means non-acute inpatient care for the covered person in order to provide the covered person's primary caregiver a temporary break from caregiving responsibilities. Respite care may be provided only on an intermittent, non-routine and occasional basis and may not be provided for more than five days every 90 days;

- physical, speech, or occupational therapy (services provided as part of hospice care are not subject to separate visit limits for therapy services);
- medical equipment (durable);
- routine medical supplies;
- routine lab services;
- counseling, including nutritional counseling with respect to the covered person's care and death; and
- bereavement counseling for immediate family members both before and after the covered person's death.

**Hospital services**

Your health plan covers the hospital and doctors' services when you are treated on an outpatient basis, or when you are an inpatient because of illness, injury, or pregnancy. (See Maternity on page 20 for an additional discussion of pregnancy benefits.) Your health plan covers medically necessary care in a semi-private room or intensive or special care unit. This includes your bed, meals, special diets, and general nursing services.

In addition to your semi-private room, general nursing services and meals, your health plan covers the maximum allowed amount for medically necessary services and supplies furnished by the hospital when prescribed by your doctor or provider.

The hospital must meet the American Hospital Association's standards for registration as a hospital. Remember that your share of the cost of covered services will change if you use a doctor, facility, or other health care provider that is outside your network.

While you are an inpatient in the hospital, your health plan covers the medically necessary services rendered by doctors and other covered providers.

 Helpful tip: All non-emergency inpatient hospital stays must be approved in advance, except hospital stays for vaginal or cesarean deliveries without complications.

**Private room**

Your health plan will cover the private room charge if you need a private room because you have a highly contagious condition or are at greater risk of contracting an infectious disease because of your medical condition. Otherwise, your inpatient benefits would cover the hospital's charges for a
semi-private room. If you choose to occupy a private room, you will be responsible for paying the daily differences between the semi-private and private room rates in addition to your copayment and coinsurance (if any).

**Infusion services**

Your health plan covers infusion therapy, which is treatment by placing therapeutic agents into the vein, and parenteral administration of medication and nutrients. Infusion services also include enteral nutrition, which is the delivery of nutrients by tube into the gastrointestinal tract. These services include coverage of all medications administered intravenously and/or parenterally.

**Helpful tip:** Infusion services may be received at multiple sites of service, including facilities, professional provider offices, ambulatory infusion centers and from home infusion providers. Benefits may vary by place of service, and where you choose to receive covered services may result in a difference in your copayment and/or coinsurance. Please see the Infusion services section on the Summary of benefits for a description of the benefits by place of service.

**Maternity**

**Prenatal and newborn care**

If you (or your covered dependent) become pregnant, your health plan provides several coverage features. Maternity care, maternity-related checkups, and delivery of the baby in the hospital are covered by your health plan.

**Helpful tip:** See If your family changes on page 55 for details on when and how to enroll a newborn.

**Your benefits include:**

- use of the delivery room and care for normal deliveries;
- home setting covered with nurse midwives;
- anesthesia services to provide partial or complete loss of sensation before delivery;
- hospital services for routine nursery care for the newborn during the mother’s normal hospital stay;
- prenatal and postnatal care services for pregnancy and complications of pregnancy for which hospitalization is necessary;
- initial examination of a newborn and circumcision of a covered male dependent;
- services for interruption of pregnancy; and
- fetal screenings, which are tests for the genetic and/or chromosomal status of the fetus. The term also means anatomical, biochemical or biophysical tests, to better define the likelihood of genetic and/or chromosomal anomalies.
If your doctor submits one bill for delivery, prenatal, and postnatal care services, payment will be made at the same level as inpatient professional provider services. If your doctor bills for these services separately, your payment responsibility will be determined by the services received.

**Future Moms**

You (or your covered dependent) are eligible to participate in Future Moms. This program is designed to help women have healthy pregnancies and to help reduce the chances of a premature delivery. A Future Moms consultant is assigned to women identified as having greater risk of premature delivery. The consultant (a nurse or health educator) works with the mother and her doctor during the pregnancy to determine what may be needed to help achieve a full-term delivery. As soon as pregnancy is confirmed, sign up for the program by calling 800-828-5891. You will receive:
- a kit containing educational material on how to get proper prenatal care and identify signs of premature labor;
- a risk appraisal to identify signs of premature labor; and
- after delivery, a birth kit and child care book.

**Medical equipment (durable)**

Your health plan will cover the rental (or purchase if that would be less expensive) of medical equipment (durable) when prescribed by your doctor. Also covered are maintenance and necessary repairs of medical equipment (durable) except when damage is due to neglect.

Coverage includes the following types of equipment:
- nebulizers;
- hospital type beds;
- wheelchairs;
- traction equipment;
- walkers; and
- crutches.

**Medical devices, prosthetics, and appliances**

Your health plan covers the cost of fitting, adjustment, and repair of the following items when prescribed by your doctor for activities of daily living:
- prosthetic devices and components;
- orthopedic braces;
- leg braces, including attached or built-up shoes attached to the leg brace;
- molded, therapeutic shoes for diabetics with peripheral vascular disease;
- arm braces, back braces, and neck braces;
- head halters;
- catheters and related supplies;
- orthotics, other than foot orthotics; and
splints.

A prosthetic device is an artificial substitute to replace, in whole or in part, a limb or body part, such as an arm, leg, foot, or eye. Coverage is also included for the repair, fitting, adjustments, and replacement of a prosthetic device. In addition, components for artificial limbs are covered. Components are the materials and equipment needed to ensure the comfort and functioning of the prosthetic device.

Medical formulas

Your health plan covers special medical formulas which are the primary source of nutrition for covered persons with inborn errors of amino acid or organic acid metabolism, metabolic abnormality or severe protein or soy allergies. These formulas must be prescribed by a physician and required to maintain adequate nutritional status.

Medical supplies and medications

Medical supplies are covered under your health plan if they are prescribed by a covered provider. Examples of medical supplies include:

- hypodermic needles and syringes;
- oxygen and equipment (respirators) for its administration;
- prescription medications provided by your doctor; and
- prescription medications infused through IV therapy in the physician's office or outpatient facilities.

Certain medical supplies may be covered under the prescription drug card feature of your health plan when purchased by you and supplied directly to you by a pharmacy. If so, these supplies will be listed and covered under Prescription drugs on page 23.

Mental health or substance abuse treatment

Accessing your mental health services and substance abuse services (treatment of alcohol or drug dependency) is easy. In fact, you have a dedicated department available to you simply by calling 800-991-6045. You can select any mental health and substance abuse provider listed in your provider directory. Or if you are unsure of which provider to see, call 800-991-6045 and the representative will be able to match you with a provider who seems best suited to meet your needs.

Inpatient treatment

You have coverage for inpatient care for mental health services and substance abuse services. Your coverage includes individual psychotherapy, group psychotherapy, psychological testing, counseling with family members to assist with the patient's diagnosis and treatment, and convulsive therapy treatment. Coverage for inpatient mental health services and substance abuse services is subject to the Hospital Admission Review provisions of your health plan. Please see Hospital Admission Review in the
How your health plan works section for additional information. Please note that inpatient services for substance abuse treatment must not be merely custodial, residential, or domiciliary in nature and must be provided in a hospital or substance abuse treatment facility which is licensed to provide a continuous, structured, 24-hour-a-day program of drug or alcohol treatment and rehabilitation including 24-hour-a-day nursing care.

Partial day services

You also have coverage for “partial day” mental health services and substance abuse services. Obtaining authorization in advance is recommended. A partial day program must be licensed or approved by the state and must include either a day or evening treatment program, which lasts at least 6 or more continuous hours per day for mental health or substance abuse, or an intensive outpatient program, which lasts 3 or more continuous hours per day for treatment of alcohol or drug dependence.

Outpatient treatment

Your coverage includes treatment for outpatient mental health and substance abuse services. Obtaining authorization in advance is recommended.

Medication management

Visits to your physician to make sure that medication you are taking for a mental health or substance abuse problem is working and the dosage is right for you are covered.

Prescription drugs and diabetic supplies

Your health plan covers prescription drugs if received through a pharmacy, a doctor’s office, or a hospital.

Benefits provide for diabetic supplies to treat diabetes. This includes coverage for the following:
- home blood glucose monitors;
- lancets and test strips; and
- hypodermic needles and syringes.

Also covered are prescription drugs and devices approved by the Food and Drug Administration (FDA) for use as contraceptives. This includes coverage for office visits associated with contraceptive management.

If you receive prescription drugs from your doctor, they will be covered as other medical services or supplies. If you receive prescription drugs from your hospital, they will be covered as a hospital service.
Your prescription drug card benefits

Your prescription drug card benefits cover prescriptions obtained from a pharmacist. You may receive up to a 30-day supply of medicine for an original prescription or refill for up to one year. Simply choose a pharmacy that participates in the retail pharmacy network and show your ID card to receive benefits.

To find a pharmacy that participates in the retail pharmacy network you should:
- refer to your health plan’s directory of network providers at www.anthem.com, which lists pharmacies that participate in the retail pharmacy network;
- check with your local pharmacy to see if they participate in the retail pharmacy network; or
- call Anthem’s Member Services.

Pharmacies in the retail pharmacy network, available nationwide, will automatically file claims for you and charge you only the required copayment or coinsurance amount under your health care plan for covered prescriptions.

From time to time we may initiate various programs to encourage covered persons to utilize more cost-effective or clinically-effective drugs including, but not limited to, generic drugs, mail order drugs, over-the-counter (OTC) drugs, or preferred products. Such programs may involve reducing or waiving copayments or coinsurance for certain drugs or preferred products for a limited period of time.

You must have used 75% of your prescription before it can be refilled. However, in the following circumstances, you can obtain an additional 30-day supply from your pharmacist:
- you’ve lost your medication;
- your medication was stolen; or
- your physician increases the amount of your dosage.

Anthem Blue Cross and Blue Shield and its pharmacy benefits manager (PBM) receive financial credits from drug manufacturers based on the total volume of claims processed for their products utilized by Anthem members. These credits are used to help stabilize rates. Reimbursements to pharmacies are not affected by these credits.

First-tier, second-tier, and third-tier drugs

The amount you will pay for a prescription drug depends on whether the drug you receive is a first-tier, second-tier, or third-tier drug. Refer to the Summary of benefits to determine your deductible (if any) and copayment or coinsurance amounts. Prescription drugs will always be dispensed as ordered by your physician. You may request, or your physician may order, the brand name drug. However, if a generic drug is available, you will be responsible for the difference in the maximum allowed amount between the generic and brand name drug, in addition to your generic copayment. By law, generic and brand name drugs must meet the same standards for safety, strength, and effectiveness. Using generics generally saves money, yet provides the same quality. We reserve the right, in our sole discretion, to remove certain higher cost generic drugs from this policy.
Your prescription drug benefit includes the Half-Tablet Program. This program will allow covered persons to pay a reduced copayment on selected “once daily dosage” medications. The Half-Tablet Program allows you to obtain a 30-day supply (15 tablets) of the higher strength medication when written by the physician to take “½ tablet daily” of those medications on the approved list. The National Pharmacy and Therapeutics (P&T) Committee will determine additions and deletions to the approved list. The Half-Tablet Program is strictly voluntary and your decision to participate should follow consultation with and the concurrence of your physician. To obtain a list of the products available on this program contact 800-962-8192.

Your health plan also limits coverage of prescription drugs to only those listed on the Anthem formulary. Most prescription drugs are listed on this formulary; however, certain prescription drugs with clinically equivalent alternatives may be excluded. We may add or delete prescription drugs from the formulary from time to time. A description of the prescription drugs that are listed on the formulary is available upon request and at www.anthem.com. There are two exceptions to the formulary requirement:

- You may obtain coverage without additional cost sharing beyond that which is required of formulary prescription drugs for a non-formulary drug if we determine, after consultation with the prescribing physician, that the formulary drugs are inappropriate therapy for your condition.
- You may obtain coverage without additional cost sharing beyond that which is required of formulary prescription drugs for a non-formulary drug if:
  - you have been taking or using the non-formulary prescription drug for at least six months prior to its exclusion from the formulary; and
  - the prescribing physician determines that either the formulary drugs are inappropriate therapy for your condition, or that changing drug therapy presents a significant health risk.

You may use the prior authorization process described below to request a non-formulary drug and we will act on your request within 1 business day of its receipt.

We have established a National P&T Committee, consisting of health care professionals, including nurses, pharmacists, and physicians. The purpose of this committee is to assist in determining clinical appropriateness of drugs; determining whether a drug will be included in the Anthem Formulary; determining the tier assignments of drugs; and advising on programs to help improve care. Such programs may include, but are not limited to, drug utilization programs, prior authorization criteria, therapeutic conversion programs, cross-branded initiatives, drug profiling initiatives and the like.

The determinations of tier assignments and formulary inclusion are made by Anthem based upon clinical decisions provided by the National P&T Committee, and where appropriate, the cost of the drug relative to other drugs in its therapeutic class or used to treat the same or similar condition; the availability of over-the-counter alternatives; generic availability; the degree of utilization of one drug over another in the patient population; and where appropriate, certain clinical economic factors.

We retain the right at our discretion to determine coverage for dosage formulations in terms of covered dosage administration methods (for example by mouth, injections, topical, or inhaled) and may cover one form of administration and exclude or place other forms of administration on another tier.
When you may need to file a claim

You may need to file your own claim if:
- your prescription is filled by a non-participating pharmacy;
- you need to have a prescription filled before you receive your card; or
- you have a prescription that requires special prior approval, but you need the prescription filled immediately.

Contact Anthem’s Member Services if you need a Direct Member Reimbursement Claim Form or if you have any questions about your drug program and related procedures.

To file a claim, follow these 3 steps:

1. complete the Direct Member Reimbursement Claim Form. If possible, ask the pharmacist to complete the pharmacy section of the form and sign;
2. pay for the prescription; and
3. mail your claim form to the address on the back of the form within 15 months of purchasing the prescription.

Maintenance medications

You may also purchase covered maintenance medications through the mail from the mail order pharmacy network, and your prescription will be delivered directly to your home. To receive your maintenance medicine prescription by mail, follow these 3 steps:
1. ask your doctor to prescribe a 90-day supply of your maintenance medicine plus refills. If you need the medicine immediately, ask your doctor for two prescriptions: one to be filled right away and another to send to the mail order pharmacy.
2. complete the mail order pharmacy Patient Profile Questionnaire which is enclosed within the mail order pharmacy envelope. This is needed for your first order only.
3. mail your questionnaire, written prescription(s), and a check to cover the amount of your coinsurance or copayment(s) to the mail order pharmacy.

You will receive your prescription drugs via first class mail or UPS approximately 14 days from the date you sent your order.

Helpful tip: We suggest that you order your refill two weeks before you need it to avoid running out of your medication.

Helpful tip: If you have questions concerning the mail order program you can call Member Services at 800-451-1527.
You will receive refill forms and a notice that shows the number of refills your doctor ordered in the package with your drugs. To order refills, you must have used 75% of your prescription. Mail the refill notice and the appropriate coinsurance or copayment amount to the mail order pharmacy in the envelope provided.

Specialty medications under your prescription drug card benefit

Members who use certain covered specialty drugs must purchase them through the specialty pharmacy network. You may obtain a list of specialty drugs available through the specialty pharmacy by contacting Member Services or online at www.anthem.com. These specialty drugs will be covered only when obtained through this network. Specialty drugs are high-cost, injected, infused, oral or inhaled medications (including therapeutic biological products) that are used to treat chronic or complex illnesses or conditions. Specialty drugs may have special handling, storage and shipping requirements, such as temperature control. Specialty drugs may require nursing services or special programs to encourage patient compliance. The specialty pharmacy will fill both retail and mail order prescriptions, although the ability to provide a 90-day supply of a specialty drug may be limited by the storage requirements of that particular drug.

The specialty pharmacy provides dedicated patient care coordinators to help you manage your condition and toll-free twenty-four hour access to nurses and registered pharmacists to answer questions regarding your medications. You or your doctor can order your specialty medication directly from the specialty pharmacy by simply calling 1-800-870-6419. You will be assigned a patient care coordinator who will work with you and your physician to obtain prior authorization and to coordinate the shipping of your medication directly to you or your physician's office. Your patient care coordinator will also contact you directly when it is time to refill your prescription.

Services of non-participating pharmacies

Notwithstanding any provision in this booklet to the contrary, you have coverage for outpatient prescription drug services provided to you by a non-participating pharmacy that has previously notified Anthem of its agreement to accept reimbursement for its services at rates applicable to Anthem specialty pharmacy network providers including any applicable copayment, coinsurance and/or deductible (if any) amounts as payment in full to the same extent as coverage for outpatient prescription drug services provided to you by pharmacies participating in the specialty pharmacy network. Note, however, that this paragraph shall not apply to any pharmacy which does not execute a participating pharmacy agreement with Anthem or its designee within thirty days of being requested to do so in writing by Anthem, unless and until the pharmacy executes and delivers the agreement.

If you have a prescription filled at a non-participating pharmacy, you must complete and submit a claim form. Reimbursement will be based on what a participating pharmacy would receive had the prescription been filled at a participating pharmacy. If you have questions or need a claim form, call Member Services or visit our website at www.anthem.com.
Prior authorization

Your health plan requires prior review of selected formulary drugs as well as non-formulary drugs before payment is authorized; for example, growth hormones. Your doctor has a list of drugs that require special approval. This list is periodically modified. You may obtain a copy of this list by simply contacting Member Services or from the Internet at www.anthem.com. Your doctor or pharmacist should submit a request that includes the drug name, quantity per day and strength, period of time the drug is to be administered, medical condition for which the drug is being prescribed, the patient's name, ID number, date of birth, and relationship to the employee. The request, along with applicable medical records, may be submitted in writing, by telephone, or by fax to:

Drug Prior Authorization
P. O. Box 746000
Cincinnati, OH 45274

Telephone:
800-338-6180
Fax:
800-601-4829

You will receive a written notice when a prescription is denied for coverage. Your doctor will be notified of both approval and denial decisions.

Anthem cannot deny prescription drugs (or inpatient or IV therapy drugs) used in the treatment of cancer pain on the basis that the dosage exceeds the recommended dosage of the pain relieving agent, if prescribed in compliance with established statutes pertaining to patients with intractable cancer pain.

Routine vision care

To help care for your eyes, your health plan includes benefits for one routine eye examination per covered person per calendar year. In order to receive the highest level of benefits, you should seek care from a Blue View Vision participating provider.

For more specific information on what you will be responsible for paying, please refer to the Summary of benefits section of this booklet.

When you must file a vision claim

Network providers file claims on your behalf. You may have to file a claim if you receive care from a provider that does not participate in the Blue View Vision Network. To file a claim, follow these 3 steps:

1. Call 804-358-1551 in Richmond or 800-451-1527 to order a claim form or visit our website at
www.anthem.com for a copy of the claim form.

2. Please include the completed and signed claim form and any itemized bills for covered services. Each itemized bill must contain the following:
   - name and address of the person or organization providing services or supplies;
   - name of the patient receiving services or supplies;
   - date services or supplies were provided;
   - the charge for each type of service or supply; and
   - a description of the services or supplies received.

3. Send the completed claim form and any itemized bills for covered services to:
   Blue View Vision, Attn: OON Claims
   P. O. Box 8504
   Mason, OH 45040-7111

**Shots (Injections)**

*Your health plan* covers therapeutic injections (shots) that a *provider* gives to treat illness (e.g., allergy shots) or pregnancy-related conditions. Also included is allergy serum for allergy shots. In addition, you have coverage for immunizations and self-administered injections.

Some injections may be administered by pharmacies that are authorized to perform this service. Contact the pharmacy to determine if they are authorized to perform this service.

**Skilled nursing facility stays**

*Your coverage includes benefits for skilled nursing home stays.* Coverage for your *stay* requires prior approval. Your doctor must submit a plan of treatment that describes the type of care you need. The following items and services will be provided to *you* as an *inpatient* in a skilled nursing bed of a *skilled nursing facility*:
   - room and board in semi-private accommodations;
   - rehabilitative services; and
   - drugs, biologicals, and supplies furnished for use in the skilled nursing facility and other medically necessary services and supplies.

*Your health plan* will cover the private room charge if you need a private room because you have a highly contagious condition or are at greater risk of contracting an infectious disease because of your medical condition. Otherwise, your *inpatient* benefits would cover the skilled nursing facility's charges for a semi-private room. If you choose to occupy a private room, you will be responsible for paying the daily differences between the semi-private and private room rates in addition to your *copayment* and *coinsurance* (if any).

Custodial or residential care in a *skilled nursing facility* or any other facility is not covered except as rendered as part of hospice care.
Spinal manipulation and other manual medical interventions

*Your health plan* covers spinal manipulation services (manual medical interventions) and associated evaluation and management services, including manipulation of the spine and other joints, application of manual traction and soft tissue manipulations such as massage and myofascial release.

Surgery

General surgery

Surgery charges are covered when treatment is received at an *inpatient*, *outpatient* or ambulatory surgery *facility*, or doctor’s office. We will not pay separately for pre- and post-operative services.

Reconstructive breast surgery and mastectomy

Mastectomy, or the surgical removal of all or part of the breast, is a covered service. Also covered are:
- reconstruction of the breast on which the mastectomy has been performed;
- surgery and reconstruction of the unaffected breast to produce a symmetrical appearance; and
- prostheses and physical complications of all stages of mastectomy, including lymphedemas, in a manner determined in consultation with the attending physician and the covered person.

Reconstructive breast surgery done at the same time as a mastectomy or following a mastectomy to reestablish symmetry between two breasts is also covered.

Oral surgery

*Your health plan* covers oral surgery for:
- maxillary or mandibular frenectomy when not related to a dental procedure;
- alveoleotomy when related to tooth extraction;
- orthognathic surgery that is required because of a medical condition or injury which prevents normal function of the joint or bone and is deemed medically necessary to attain functional capacity of the affected part;
- surgical services on the hard or soft tissue in the mouth when the main purpose is not to treat or help the teeth and their supporting structures; and
- the treatment of medically diagnosed cleft lip, cleft palate, or ectodermal dysplasia.

Organ and tissue transplants, transfusions

*Your health plan* covers organ and tissue transplants and transfusions. When a human organ or tissue transplant is provided from a living donor to a covered person, both the recipient and the donor may receive the benefits of the health plan.
Helpful tip: Certain organ or tissue transplants are considered experimental/investigative or not medically necessary. You may wish to contact Member Services or have your provider initiate the pre-authorization process to determine if a specific transplant will be covered.

Autologous bone marrow transplants for breast cancer are covered only when the procedure is performed in accordance with protocols approved by the institutional review board of any United States medical teaching college. These include, but are not limited to, National Cancer Institute protocols that have been favorably reviewed and used by hematologists or oncologists who are experienced in high dose chemotherapy and autologous bone marrow transplants or stem cell transplants. This procedure is covered despite the exclusion in the plan of experimental/investigative services.

Therapy

Your health plan covers the following therapies when the treatment is medically necessary for your condition and provided by a licensed therapist:

Cardiac rehabilitation therapy

Your health plan includes benefits for cardiac rehabilitation which is the process of restoring and maintaining the physiological, psychological, social and vocational capabilities of patients with heart disease.

Chemotherapy

Your health plan covers the treatment of disease by chemical or biological antineoplastic agents.

Occupational therapy

Your health plan covers occupational therapy, which is treatment to restore a physically disabled person's ability to perform activities such as walking, eating, drinking, dressing, toileting, transferring from wheelchair to bed, and bathing.

Physical therapy

Your health plan covers physical therapy, which is treatment by physical means to relieve pain, restore function, and prevent disability following disease, injury, or loss of limb. Your coverage includes benefits for physical therapy to treat lymphedema.

Radiation therapy

Your health plan covers radiation therapy including the rental or cost of radioactive materials. It covers the treatment of disease by x-ray, radium, cobalt, or high energy particle sources.
Respiratory therapy

*Your health plan* covers respiratory therapy, which is the introduction of dry or moist gases into the lungs to treat illness or injury.

Speech therapy

*Your health plan* covers speech therapy, which is treatment for the correction of a speech impairment which results from disease, surgery, injury, congenital anatomical anomaly, or prior medical treatment.

Vision correction after surgery or accident

*Your health plan* covers the cost of prescribed eyeglasses or contact lenses only when required as a result of surgery, or for the treatment of accidental injury. Services for exams and replacement of these eyeglasses or contact lenses will be covered only if the prescription change is related to the condition that required the original prescription. The purchase and fitting of eyeglasses or contact lenses are covered if:
- prescribed to replace the human lens lost due to surgery or injury;
- "pinhole" glasses are prescribed for use after surgery for a detached retina; or
- lenses are prescribed instead of surgery in the following situations:
  - contact lenses are used for the treatment of infantile glaucoma;
  - corneal or scleral lenses are prescribed in connection with keratoconus;
  - scleral lenses are prescribed to retain moisture when normal tearing is not possible or not adequate; or
  - corneal or scleral lenses are required to reduce a corneal irregularity other than astigmatism.

Wellness services

*Your health plan* covers preventive care services for children, adolescents and adults. Preventive care services generally include check-up visits, developmental assessment and guidance, screening tests, intervention counseling/education services, immunizations and other services to prevent the development of disease, or allow the detection of medical conditions in advance.

Services are covered as preventive care for children, adolescents and adults with no current symptoms or prior history of the medical condition associated with the screening or service. Members who have current symptoms or have been diagnosed with a medical condition are not considered to require preventive care for that condition, but instead benefits will be considered under the diagnostic services benefit.

Additionally, a routine preventive screening may identify abnormalities or problems that require immediate intervention or additional diagnosis. If this occurs, and your *provider* performs additional necessary covered services, these services will generally be covered as diagnostic and/or surgical services and not as preventive care services. Also, covered screenings that you undergo because you
have a personal or family history of a particular condition are not generally covered as preventive care services. **Deductibles, copayments and coinsurance** amounts applicable to diagnostic and/or surgical services may be different from those applicable to preventive care services. Please see the Diagnostic tests and Surgery sections on the **Summary of benefits** for more information.

The preventive care services in this section meet the requirements outlined under federal and state law. Many preventive care services covered by your **health plan** are not subject to cost shares (for example, **deductible**, **copayment**, and/or **coinsurance** amounts) when services are received from in-network **providers**. That means **Anthem** pays 100% of the **maximum allowed amount**. These services fall under four broad categories as shown below:

1. services with an "A" or "B" rating from the United States Preventive Services Task Force. Examples of these services are screenings for:
   - breast cancer;
   - cervical cancer;
   - colorectal cancer;
   - high blood pressure;
   - type 2 diabetes mellitus;
   - cholesterol;
   - child and adult obesity.

2. **immunizations** for children, adolescents, and adults recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention;

3. preventive care and screenings for infants, children and adolescents as provided for in the comprehensive guidelines supported by the Health Resources and Services Administration; and

4. additional preventive care and screening for women provided for in the guidelines supported by the Health Resources and Services Administration.

You may call Member Services at 800-451-1527 for additional information about these services. You may also visit the federal government websites:

- [http://www.healthcare.gov/center/regulations/prevention.html](http://www.healthcare.gov/center/regulations/prevention.html);
- [http://www.ahrq.gov/clinic/uspsfix.htm](http://www.ahrq.gov/clinic/uspsfix.htm); or

**Your health plan** also covers prostate cancer screenings including digital rectal exam and PSA test, as required by state law.
What is not covered (Exclusions)

This list of services and supplies that are excluded from coverage by your health plan will not be covered in any case.

A

Your coverage does not include benefits for acupuncture.

B

Your coverage does not include benefits for biofeedback therapy.

C

Your coverage does not include benefits for:
- over the counter convenience and hygienic items. These include, but are not limited to, adhesive removers, cleansers, underpads, and ice bags; or
- benefits for, or related to, cosmetic surgery or procedures, including complications that result from such surgeries and/or procedures. Cosmetic surgeries and procedures are performed mainly to improve or alter a person's appearance including body piercing and tattooing. However, a cosmetic surgery or procedure does not include a surgery or procedure to correct deformity caused by disease, trauma, or a previous therapeutic process. Cosmetic surgeries and/or procedures do not include surgeries or procedures to correct congenital abnormalities that cause functional impairment. Cosmetic surgeries and/or procedures also do not include surgeries or procedures on newborn children to correct congenital abnormalities. We will not consider the patient's mental state in deciding if the surgery is cosmetic.

D

Your coverage does not include benefits for the following dental services:
- treatment of natural teeth due to diseases;
- treatment of natural teeth due to accidental injury occurring on or after your effective date of coverage, unless treatment was sought within 60 days after the injury and you submitted a treatment plan to Anthem for prior approval;
- dental care, treatment, supplies, or dental x-rays;
- damage to your teeth due to chewing or biting is not deemed an accidental injury and is not covered;
- extraction of either erupted or impacted wisdom teeth;
- oral surgeries or periodontal work on the hard and/or soft tissue that supports the teeth meant to help the teeth or their supporting structures;
- appliances for temporomandibular joint pain dysfunction; or
- periodontal care, prosthodontal care or orthodontic care.

This exclusion will not apply if your group's coverage includes a dental rider.

Your coverage does not include benefits for donor searches for organ and tissue transplants, including compatibility testing of potential donors who are not immediate, blood related family members (parent, child, sibling).

E

Your coverage does not include benefits for services or supplies primarily for educational, vocational, or self management training purposes, except as otherwise specified in this certificate or when received as part of a covered wellness services visit or screening.

Your coverage does not include benefits for experimental/investigational procedures, as well as services related to or complications from such procedures except for clinical trial costs for cancer. The criteria for deciding whether a service is experimental/investigative or a clinical trial cost for cancer is set forth in Exhibit A.

F

Your coverage does not include benefits for the following family planning services:
- services for artificial insemination or in vitro fertilization or any other types of artificial or surgical means of conception including any drugs administered in connection with these procedures;
- any services or supplies provided to a person not covered under your health plan in connection with a surrogate pregnancy (including, but not limited to, the bearing of a child by another woman for an infertile couple);
- drugs used to treat infertility; or
- services to reverse voluntarily induced sterility.

Your coverage does not include benefits for palliative or cosmetic foot care including:
- flat foot conditions;
- support devices, arch supports, foot inserts, orthopedic and corrective shoes that are not part of a leg brace and fittings, castings and other services related to devices of the feet;
- foot orthotics;
- subluxations of the foot;
- corns (except as treatment for patients with diabetes or vascular disease);
- bunions (except capsular or bone surgery);
- calluses (except as treatment for patients with diabetes or vascular disease);
- care of toenails (except as treatment for patients with diabetes or vascular disease);
- fallen arches;
• weak feet;
• chronic foot strain; or
• symptomatic complaints of the feet.

G

Your coverage does not include services for surgical treatments of gynecomastia for cosmetic purposes.

H

Your coverage does not include benefits for health club memberships, exercise equipment, charges from a physical fitness instructor or personal trainer, or any other charges for activities, equipment, or facilities used for developing or maintaining physical fitness, even if ordered by a physician. This exclusion also applies to health spas.

Your coverage does not include benefits for hearing aids or for examinations to prescribe or fit hearing aids, unless otherwise specified in this certificate.

Your coverage does not include benefits for the following home care services:
• homemaker services;
• maintenance therapy;
• food and home delivered meals; or
• custodial care and services.

Your coverage does not include benefits for the following hospital services:
• guest meals, telephones, televisions, and any other convenience items received as part of your inpatient stay;
• care by interns, residents, house physicians, or other facility employees that are billed separately from the facility; or
• a private room unless it is medically necessary.

I

Your coverage does not include benefits for immunizations required for travel and work, unless such services are received as part of the covered preventive care services as defined on page 33 of this booklet.

M

Your coverage does not include benefits for medical equipment (durable), appliances and devices, and medical supplies that have both a non-therapeutic and therapeutic use. These include:
• exercise equipment;
- air conditioners, dehumidifiers, humidifiers, and purifiers;
- hypoallergenic bed linens;
- whirlpool baths;
- handrails, ramps, elevators, and stair glides;
- telephones;
- adjustments made to a vehicle;
- foot orthotics;
- changes made to a home or place of business; or
- repair or replacement of equipment you lose or damage through neglect.

Your coverage does not include benefits for medical equipment (durable) that is not appropriate for use in the home.

Your coverage does not include benefits for services or supplies if they are deemed not medically necessary as determined by Anthem at its sole discretion. Nothing in this exclusion shall prevent you from appealing Anthem's decision that a service is not medically necessary.

However, if you receive inpatient or outpatient services that are denied as not medically necessary, or are denied for failure to obtain the required pre-authorization, the following professional provider services that you receive during your inpatient stay or as part of your outpatient services will not be denied under this exclusion in spite of the medical necessity denial of the overall services:

For inpatients
1. services that are rendered by professional providers who do not control whether you are treated on an inpatient basis, such as pathologists, radiologists, anesthesiologists, and consulting physicians.
2. services rendered by your attending provider other than inpatient evaluation and management services provided to you. Inpatient evaluation and management services include routine visits by your attending provider for purposes such as reviewing patient status, test results, and patient medical records. Inpatient evaluation and management visits do not include surgical, diagnostic, or therapeutic services performed by your attending provider.

For outpatients - services of pathologists, radiologists and anesthesiologists rendering services in an (i) outpatient hospital setting, (ii) emergency room, or (iii) ambulatory surgery setting. However, this exception does not apply if and when any such pathologist, radiologist or anesthesiologist assumes the role of attending physician.

Your coverage does not include benefits for the following mental health services and substance abuse services:
- inpatient stays for environmental changes;
- cognitive rehabilitation therapy;
- educational therapy;
- vocational and recreational activities;
- coma stimulation therapy;
- services for sexual deviation and dysfunction;
- treatment of social maladjustment without signs of a psychiatric disorder; or
- remedial or special education services.
N

Your coverage does not include benefits for nutrition counseling and related services, except when provided as part of diabetes education or when received as part of a covered wellness services visit or screening.

Your coverage does not include benefits for nutritional and/or dietary supplements, except as provided under your health plan or as required by law. This exclusion includes, but is not limited to, those nutritional formulas and dietary supplements that can be purchased over the counter, which by law do not require either a written prescription or dispensing by a licensed pharmacist.

O

Your coverage does not include benefits for services and supplies related to obesity or services related to weight loss or dietary control, including complications that directly result from such surgeries and/or procedures. This includes weight reduction therapies/activities, even if there is a related medical problem. Notwithstanding provisions of other exclusions involving cosmetic surgery to the contrary, services rendered to improve appearance (such as abdominoplasties, panniculectomies, and lipectomies), are not covered services even though the services may be required to correct deformity after a previous therapeutic process involving gastric bypass surgery.

Your coverage does not include benefits for organ or tissue transplants, including complications caused by them, except as outlined on page 30 of this book.

P

Your coverage does not include benefits for paternity testing.

Your prescription drug benefit does not include coverage for:
- over the counter drugs;
- any per unit, per month quantity over the plan's limit;
- drugs used mainly for cosmetic purposes;
- drugs that are experimental, investigational, or not approved by the FDA (see page 80);
- cost of medicine that exceeds the maximum allowed amount for that prescription;
- medications used to treat sexual dysfunction;
- drugs for weight loss;
- stop smoking aids;
- therapeutic devices or appliances;
- injectable prescription drugs that are supplied by a provider other than a pharmacy;
- charges to inject or administer drugs;
- drugs not dispensed by a licensed pharmacy;
- drugs not prescribed by a licensed provider;
- any refill dispensed after one year from the date of the original prescription order;
- medicine covered by workers' compensation, Occupational Disease Law, state or government agencies; or
medicine furnished by any other drug or medical service.

Your coverage does not include benefits for private duty nurses in the inpatient setting.

R

Your coverage does not include benefits for rest cures, custodial, residential, or domiciliary care and services. Whether care is considered residential will be determined based on factors such as whether you receive active 24-hour skilled professional nursing care, daily physician visits, daily assessments, and structured therapeutic services.

Your coverage does not include benefits for care from a residential treatment center or other non-skilled settings, except to the extent such setting qualifies as a substance abuse treatment facility licensed to provide a continuous, structured, 24-hour-a-day program of drug or alcohol treatment and rehabilitation including 24-hour-a-day nursing care.

S

Your coverage does not include benefits for services or supplies if they are:

- ordered by a doctor whose services are not covered under your health plan;
- care of any type given along with the services of an attending provider whose services are not covered;
- benefits for charges from stand-by physicians in the absence of covered services being rendered;
- not listed as covered under your health plan;
- not prescribed, performed, or directed by a provider licensed to do so;
- received before the effective date or after a covered person's coverage ends;
- telephone consultations, charges for not keeping appointments, or charges for completing claim forms;
- for travel, whether or not recommended by a physician;
- services prescribed, ordered, referred by, or received from a member of your immediate family, including your spouse, child, brother, sister, parent, in-law or self;
- provided under federal, state, or local laws and regulations. This includes Medicare and other services available through the Social Security Act of 1965, as amended, except as provided by the Age Discrimination Act. This exclusion applies whether or not you waive your rights under these laws and regulations. It does not apply to laws that make the government program the secondary payor after benefits under this policy have been paid. Anthem will pay for covered services when these program benefits have been exhausted;
- provided under a U.S. government program or a program for which the federal or state government pays all or part of the cost. This exclusion does not apply to health benefits plans for civilian employees or retired civilian employees of the federal or state government;
- received from an employer mutual association, trust, or a labor union's dental or medical department;
- for injuries or illnesses incurred as a result of your commission of, or attempt to commit, a crime; or
for diseases contracted or injuries caused because of war, declared or undeclared, voluntary participation in civil disobedience, or other such activities.

Your coverage does not include benefits for services for which a charge is not usually made. This includes services for which you would not have been charged if you did not have health care coverage.

Your coverage does not include benefits for:
- amounts above the maximum allowed amount for a service; or
- biofeedback, neurofeedback, and related diagnostic tests.

Your coverage does not include benefits for surgeries for sexual dysfunction. In addition, your coverage does not include benefits for services for sex transformation. This includes medical and mental health services.

Your coverage does not include benefits for the following skilled nursing facility stays:
- treatment of psychiatric conditions and senile deterioration;
- facility services during a temporary leave of absence from the facility; or
- a private room, unless it is medically necessary.

Your coverage does not include benefits for smoking cessation programs not affiliated with us.

Your coverage does not include benefits for spinal manipulations or other manual medical interventions for an illness or injury other than musculoskeletal conditions.

**T**

Your coverage does not include benefits for non-interactive telemedicine services. Non-interactive telemedicine services include an audio-only telephone conversation, electronic mail message, or facsimile transmission.

Your coverage does not include benefits for the following therapies:
- physical therapy, occupational therapy, or speech therapy to maintain or preserve current functions if there is no chance of improvement or reversal except for children under age 3 who qualify for early intervention services;
- group speech therapy;
- group or individual exercise classes or personal training sessions; or
- recreation therapy. This includes, but is not limited to, sleep, dance, arts, crafts, aquatic, gambling, and nature therapy.

**V**

Your coverage does not include services for treatment of varicose veins or telangiectatic dermal veins (spider veins) by any method (including sclerotherapy or other surgeries) when services are rendered for cosmetic purposes.
Your coverage does not include benefits for the following vision services:

- vision services or supplies unless needed due to eye surgery and accidental injury;
- routine vision care and materials, except as outlined on page 28 of this booklet;
- experimental/investigative vision procedures or materials, as well as services related to or complications from such procedures;
- services for radial keratotomy and other surgical procedures to correct refractive defects such as nearsightedness, farsightedness and/or astigmatism. This type of surgery includes keratoplasty and Lasik procedure;
- services for vision training and orthoptics;
- tests associated with the fitting of contact lenses unless the contact lenses are needed due to eye surgery or to treat accidental injury;
- sunglasses or safety glasses and accompanying frames of any type;
- any non-prescription lenses, eyeglasses or contacts, or Plano lenses or lenses that have no refractive power;
- any lost or broken lenses or frames;
- any blended lenses (no line), oversized lenses, polycarbonate lenses (for dependents over the age of 19 and adults), progressive multifocal lenses, photochromatic lenses, Transitions lenses (for dependents over the age of 19 and adults), tinted lenses, coated lenses, anti-reflective coating, cosmetic lenses or processes, or UV-protected lenses;
- any frame in which the manufacturer has imposed a no discount policy;
- services needed for employment or given by a medical department, clinic, or similar service provided or maintained by the employer or any government entity; or
- any other vision services not specifically listed as covered.

W

Your coverage does not include benefits for weight loss programs, whether or not they are pursued under medical or physician supervision, unless specifically listed as covered under your health plan. This exclusion includes, but is not limited to, commercial weight loss programs (Weight Watchers, Jenny Craig, LA Weight Loss) and fasting programs.

Your coverage does not include benefits for services or supplies if they are for work-related injuries or diseases when the employer must provide benefits by federal, state, or local law or when that person has been paid by the employer. This exclusion applies even if you waive your right to payment under these laws and regulations or fail to comply with your employer's procedures to receive the benefits. It also applies whether or not the covered person reaches a settlement with his or her employer or the employer's insurer or self insurance association because of the injury or disease.
Claims and payments

We consider the charge to be incurred on the date a service is provided. This is important because you must be actively enrolled on the date the service is provided. Also, the dates of service will affect your deductible (if any) and other minimums described in the Summary of benefits and in this section.

Calendar year deductible

Your benefits include an in-network and out-of-network calendar year deductible for covered services. Before we will make payments for covered services received in-network or out-of-network, you must first satisfy the deductible. The in-network deductible is separate from the out-of-network deductible. They do not accumulate to each other. See the Summary of benefits section of this booklet for your calendar year deductible amounts.

Covered services received during the last three months of the calendar year that applied to a covered person's deductible, may also apply to the deductible required for the following calendar year.

Limits on your out-of-pocket expenses

Your health plan protects you from large out-of-pocket expenses by limiting the amount you spend out of your own pocket each year. Once the limit on your health plan is reached, almost all other covered expenses are paid in full for the rest of the calendar year.

What you will pay

In-network limit

Deductibles, copayments, and coinsurance for services by providers and facilities within your network count toward your in-network, out-of-pocket expense limit. When your in-network, out-of-pocket expense limit is reached, deductibles, copayments, and coinsurance for in-network services will no longer apply for the rest of the calendar year. Two special situations when expenses will also count toward this limit are:

- when you receive services from medical suppliers for whom there is no network (e.g., private duty nurses), your out-of-pocket expenses count toward this limit; and
- when specialty care is not available within the network and Anthem authorizes the highest level of benefits, any deductibles and coinsurance for these covered services count toward this limit.

Helpful tip: The calendar year deductible does not apply to services that require an office visit copayment.
Out-of-network limit

Deductibles and coinsurance for covered services by providers and facilities who are not part of your KeyCare PPO Network, but who participate in an Anthem or Blue Cross and Blue Shield Company's network, count toward your out-of-network, out-of-pocket expense limit. If you reach your out-of-network, out-of-pocket expense limit, you will no longer pay coinsurance for out-of-network services for the rest of the calendar year.

 Helpful tip: The in-network and out-of-network out-of-pocket expense limits are separate, and amounts applied to one do not apply to the other.

What does not count toward these limits

The following amounts do not count toward your out-of-pocket expense limit, and you will always be responsible for these expenses, regardless of whether you have met your out-of-pocket expense limit.

- amounts above the maximum allowed amount;
- amounts above health plan limits;
- copayments and coinsurance for prescription drugs under your prescription drug card benefit;
- copayments and coinsurance for routine vision care;
- deductible amounts carried forward from the prior calendar year;
- expenses for supplies or services not covered by your health plan; or
- deductible, copayments, and coinsurance for dental services provided by separate contract, certificate, or amendment to this health plan.

How Anthem pays a claim

How we pay a claim takes into account the maximum allowed amount for the service, the network status of the provider or facility where you receive services, and your member cost share under your health plan's benefit design. Each of the components is explain in the section that follows.

Maximum allowed amount

This section describes how we determine the amount of reimbursement for covered services. Reimbursement for services rendered by in-network and out-of-network providers is based on your health plan's maximum allowed amount for the covered service that you received. Please see the BlueCard section for additional information.

The maximum allowed amount for your health plan is the maximum amount of reimbursement Anthem will allow for services and supplies:

- that meet our definition of covered services, to the extent such services and supplies are covered under your health plan and are not excluded;
- that are medically necessary; and
- that are provided in accordance with all applicable preauthorization, utilization management or other requirements set forth in your plan.
You will be required to pay a portion of the maximum allowed amount to the extent you have not met your deductible or have a copayment or coinsurance. In addition, when you receive covered services from non-participating providers, you may be responsible for paying any difference between the maximum allowed amount and the provider's actual charges. This amount can be significant.

When you receive covered services from a provider, we will, to the extent applicable, apply claim processing rules to the claim submitted for those covered services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect our determination of the maximum allowed amount. Our application of these rules does not mean that the covered services you received were not medically necessary. It means we have determined that the claim was submitted inconsistent with procedure coding rules and/or reimbursement policies. For example, your provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the maximum allowed amount will be based on the single procedure code rather than a separate maximum allowed amount for each billed code.

**Maximum allowed amount for multiple procedures**

When multiple procedures are performed on the same day by the same physician or other healthcare professional, we may reduce the maximum allowed amounts for those secondary and subsequent procedures because reimbursement at 100% of the maximum allowed amount for those procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.

**Assistant at surgery**

Services of a physician who actively assists the operating surgeon to perform a covered surgical service are covered services. However, when two or more surgeons provide a covered surgical service that could have been performed by one surgeon, the maximum allowed amount will not be more than that available to one surgeon.

**Provider network status**

The maximum allowed amount may vary depending upon whether the provider is an in-network provider or an out-of-network provider.

An in-network provider is a provider who is in the KeyCare PPO network, the managed network for this specific health plan. For covered services performed by an in-network provider the maximum allowed amount for your health plan is the rate the provider has agreed with Anthem to accept as reimbursement for the covered services.
Providers who are not in the KeyCare PPO network, but contracted for other products with us are considered non-network participating providers. While your cost share may be higher because these providers are not in-network, these non-network participating providers have agreed to accept the maximum allowed amount established by the provider's contract as payment in full for those covered services. Choosing an in-network provider will likely result in lower out-of-pocket costs to you.

Because in-network providers and non-network participating providers have agreed to accept the maximum allowed amount as payment in full for those covered services, they should not send you a bill or collect for amounts above the maximum allowed amount. However, you may receive a bill or be asked to pay all or a portion of the maximum allowed amount to the extent you have not met your deductible or have a copayment or coinsurance. Please call Member Services for help in finding an in-network provider or visit www.anthem.com.

Providers who have not signed any contract with us and are not in any of our networks are out-of-network providers. For covered services you receive from an out-of-network provider, the maximum allowed amount for your health plan will be one of the following as determined by Anthem:

1. an amount based on our non-participating provider fee schedule/rate, which we have established in our discretion, and which we reserve the right to modify from time to time, after considering one or more of the following: reimbursement amounts accepted by like/similar providers contracted with Anthem, reimbursement amounts paid by the Centers for Medicare and Medicaid Services for the same services or supplies, and other industry cost, reimbursement and utilization data or
2. an amount based on the level and/or method of reimbursement used by the Centers for Medicare and Medicaid Services for the same services or supplies; or
3. an amount based on information provided by a third party vendor, which may reflect one or more of the following factors: (1) the complexity or severity of treatment; (2) level of skill and experience required for the treatment; or (3) comparable providers' fees and costs to deliver care; or
4. an amount negotiated by us or a third party vendor which has been agreed to by the provider. This may include rates for services coordinated through case management; or
5. an amount equal to the total charges billed by the provider, but only if such charges are less than the maximum allowed amount calculated by using one of the methods described above.

Member Services is also available to assist you in determining your health plan's maximum allowed amount for a particular service from an out-of-network provider. In order for us to assist you, you will need to obtain from your provider the specific procedure code(s) and diagnosis code(s) for the services the provider will render. You will also need to know the provider's charges to calculate your out-of-pocket responsibility. Although Member Services can assist you with this pre-service information, the final maximum allowed amount for your claim will be based on the actual claim submitted by the provider.

Certain covered services such as medical supplies, ambulance, early intervention services, home care services, private duty nursing, medical equipment, and medical formulas, may be rendered by persons or entities that are not providers. There may or may not be networks established for these persons or entities. The maximum allowed amount for services from these persons or entities will be determined in
the same manner as described above for providers. For prescription drugs and diabetic supplies rendered by a pharmacy, the maximum allowed amount is the amount determined by us using prescription drug cost information provided by our pharmacy benefits manager.

Member cost share

For certain covered services and depending on your plan’s benefit design, you may be required to pay a part of the maximum allowed amount as your cost share amount (for example, deductible, copayment, and/or coinsurance).

Your cost share amount and out-of-pocket limits may vary depending on whether you received services from an in-network or out-of-network provider. Specifically, you may be required to pay higher cost sharing amounts or may have limits on your benefits when using out-of-network providers. Please see the Summary of benefits in this certificate for your cost share responsibilities and limitations, or call Member Services to learn how this plan’s benefits or cost share amounts may vary by the type of provider you use.

Anthem will not provide any reimbursement for non-covered services. You may be responsible for the total amount billed by your provider for non-covered services, regardless of whether such services are performed by an in-network or out-of-network provider. Both services specifically excluded by the terms of your policy/plan and those received after benefits have been exhausted are non-covered services. Benefits may be exhausted by exceeding, for example, benefit caps or day/visit limits.

In some instances you may only be asked to pay the lower in-network cost sharing amount when you use an out-of-network provider. For example, if you go to an in-network hospital or provider facility and receive covered services from an out-of-network provider such as a radiologist, anesthesiologist or pathologist who is employed by or contracted with an in-network hospital or facility, you will pay the in-network cost share amounts for those covered services. However, you also may be liable for the difference between the maximum allowed amount and the out-of-network provider’s charge.

In some instances, because of the negotiated arrangement with network facilities and providers, our maximum allowed amount may be higher than the facility or provider billed charge for the covered services. In these cases, any coinsurance amount that your health plan imposes will be based off the lower billed charges.

Helpful tip: The following examples are illustrative only, and are not intended to reflect the actual member cost share amounts reflected on the Summary of benefits.

Example: Your plan has a coinsurance cost share of 20% for in-network services, and 30% out-of-network after the in- or out-of-network deductible has been met. You undergo a surgical procedure in an in-network hospital. The hospital has contracted with an out-of-network anesthesiologist to perform the anesthesiology services for the surgery. You have no control over the anesthesiologist used.
- the out-of-network anesthesiologist's charge for the service is $1200. The maximum allowed amount for the anesthesia service is $950; your coinsurance responsibility is 20% of $950, or $190 and the remaining allowance from us is 80% of $950, or $760. You may receive a bill from the anesthesiologist for the difference between $1200 and $950. Provided the deductible has been met, your total out of pocket responsibility would be $190 (20% coinsurance responsibility) plus an additional $250, for a total of $440.

- you choose an in-network surgeon. The charge was $2500. The maximum allowed amount for the surgery is $1500; your coinsurance responsibility when an in-network surgeon is used is 20% of $1500, or $300. We allow 80% of $1500, or $1200. The in-network surgeon accepts the total of $1500 as reimbursement for the surgery regardless of the charges. Your total out of pocket responsibility would be $300.

- you choose an out-of-network surgeon. The out-of-network surgeon's charge for the service is $2500. The maximum allowed amount for the surgery service is $1500; your coinsurance responsibility for the out-of-network surgeon is 30% of $1500, or $450 after the out-of-network deductible has been met. We allow the remaining 70% of $1500, or $1050. In addition, the out-of-network surgeon could bill you the difference between $2500 and $1500, so your total out of pocket charge would be $450 plus an additional $1000, for a total of $1450.

Authorized services

In some circumstances, such as where there is no in-network provider available for the covered service, we may authorize the network cost share amounts (deductible, copayment, and/or coinsurance) to apply to a claim for a covered service you receive from an out-of-network provider. In such circumstance, you must contact us in advance of obtaining the covered service. We also may authorize the network cost share amounts to apply to a claim for covered services if you receive emergency services from an out-of-network provider and are not able to contact us until after the covered service is rendered. If we authorize a covered service so that you are responsible for the in-network cost share amounts, you may still be liable for the difference between the maximum allowed amount and the out-of-network provider's charge. Please contact Member Services for authorized services information or to request authorization.

Example: You require the services of a specialty provider, but there are no in-network providers for that specialty in your state of residence. You contact us in advance of receiving any covered services, and we authorize you to go to an available out-of-network provider for that covered service and we agree that the in-network cost share will apply.

Your plan has a $45 copayment for out-of-network provider and a $25 copayment for in-network providers for the covered service. The out-of-network provider's charge for this service is $500. The maximum allowed amount is $200.

Because we have authorized the in-network cost share amount to apply in this situation, you will be responsible for the in-network copayment of $25 and Anthem will be responsible for the remaining $175 of the $200 maximum allowed amount.
Because the out-of-network provider’s charge for this service is $500, you may receive a bill from the out-of-network provider for the difference between the $500 charge and the maximum allowed amount of $200. Combined with your in-network copayment of $25, your total out of pocket expense would be $325.

Network and participating providers and facilities

If you go to a network or participating provider or facility, we will pay the provider or facility directly. If coinsurance or a copayment is applicable to covered services rendered by a network or participating facility or provider, or if any applicable deductible is not met, any such amounts may be collected at the time of service.

Non-participating providers and facilities

If you go to a non-participating provider or facility, we may choose to pay you or anyone else responsible for paying the bill. We will pay only after we have received an itemized bill or proof of loss and all the medical information we need to process the claim. We will not pay a non-participating provider more than we would have paid a participating provider for the same service.

In the event that payment is made directly to you, you have the responsibility to apply this payment to the claim from the non-participating provider. In all cases, our payment relieves Anthem of any further liability for the service.

When you must file a claim

Network providers file claims on your behalf. You may have to file a claim if you receive care from a provider or facility that does not participate in Anthem’s network.

You will have to file a claim if you receive care billed by someone other than a doctor or hospital, or if the provider cannot file a claim for you. To file a claim follow these 3 steps:

1. Call 804-358-1551 in Richmond or 800-451-1527 to order a claim form or get one from your group administrator.

2. Please include the completed and signed claim form and any itemized bills for covered services. Each itemized bill must contain the following:
   - name and address of the person or organization providing services or supplies;
   - name of the patient receiving services or supplies;
   - date services or supplies were provided;
   - the charge for each type of service or supply;
   - a description of the services or supplies received; and
   - a description of the patient’s condition (diagnosis).
In addition, private duty nursing bills must include the professional status of the nurse (for example, RN for registered nurse), the attending physician’s written certification that the services were medically necessary, and the hours the nurse worked.

3. Send the completed claim form and any itemized bills for covered services to:
   Anthem Blue Cross and Blue Shield
   P. O. Box 27401
   Richmond, VA 23279

Timely Filing of Claims

Written notice of a claim is to be made within 20 days after the occurrence or commencement of any loss covered by the health plan. However, failure to give this notice shall not invalidate or reduce any claim if the notice is given as soon as reasonably possible. Claim forms will be furnished to you if needed within 15 days after this written notice.

Written proof of loss must be furnished within 90 days after the date of service. A proof of loss is not complete unless it is properly filed and contains all information that Anthem needs to process the claim. Failure to furnish the proof of loss within this time frame will not invalidate or reduce any claim if the proof of loss is given as soon as reasonably possible. However, no claim will be paid if we receive the proof of loss more than 15 months after the date of service, except in the absence of legal capacity of the covered person. All benefits payable for a claim will be payable within 60 days after receipt of the proof of loss.

When your claim is processed

In processing your claim, your health plan may use protocols, guidelines or criteria to ensure that coverage determinations are consistently applied. Claims filed as outlined in the “When you must file a claim” paragraph of this section will be processed within 30 days of receipt of the claim. We may extend this period for another 15 days if we determine it to be necessary because of matters beyond our control. In the event that this extension is necessary, you will be notified prior to the expiration of the initial 30-day period. If the coverage decision involves a determination of the appropriateness or medical necessity of services, we will make our decision within 2 working days of our receipt of the medical information needed to process the claim.

Your health plan may deny a claim for benefits if information needed to fully consider the claim is not provided. The denial will describe the additional information needed to process the claim. The claim may be reopened by you or your provider furnishing the additional information. You or your provider must submit the additional information to us within either 15 months of the date of service or 45 days from the date you were notified that the information is needed, whichever is later. Once your claim has been processed by your health plan, you will receive written notification of the coverage decision. In the event of an adverse benefit determination, the written notification will include the following:

- information sufficient to identify the claim involved;
- the specific reason(s) and the plan provision(s) on which the determination is based;
a description of any additional material or information necessary to reopen the claim for consideration, along with an explanation of why the requested material or information is needed;

- a description of your health plan's appeal procedures and applicable time limits; and

- the availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman who may assist you with the internal or external appeals process.

If all or part of a claim was not covered, you have a right to see, upon request and at no charge, any rule, guideline, protocol or criterion that your health plan relied upon in making the coverage decision. If a coverage decision was based on medical necessity or the experimental nature of the care, you are entitled to receive upon request and at no charge the explanation of the scientific or clinical basis for the decision as it relates to your medical condition.

Recovery of overpayment

Anthem shall have the right to recover any overpayment of benefits from persons or organizations that we have determined to have realized benefits from the overpayment:

- any person to, or for whom, such payments were made;
- any insurance company;
- a facility or provider; or
- any other organization.

You will be required to cooperate with us to secure Anthem's right to recover the excess payments made on your behalf, or on behalf of covered persons enrolled under your family coverage.

Under certain circumstances, if we pay the health care provider amounts that are your responsibility, such as deductibles, copayments or coinsurance, we may collect such amounts directly from you. You agree that we have the right to collect such amounts from you.
When you are covered by more than one health plan

Coordination of benefits (COB)

Special coordination of benefits (COB) rules apply when you or members of your family have additional health care coverage through other group health plans, including:
- group insurance plans, including other Blue Cross and Blue Shield plans or HMO plans;
- labor management trustee plans, union welfare plans, employer welfare plans, employer organization plans, or employee benefit organization plans; and
- coverage under any tax-supported or government program to the extent permitted by law.

Primary coverage and secondary coverage

When a covered person is also enrolled in another group health plan, one coverage will be primary and one will be secondary. The decision of which coverage will be primary or secondary is made using the order of benefit determination rules set out in the group policy issued to the policyholder. Highlights of these rules are described below:
- If the other coverage does not have COB rules substantially similar to this health plan's, the other coverage will be primary.
- If a covered person is enrolled as the named insured under one coverage and as a dependent under another, generally the one that covers him or her as the named insured will be primary.
- If a covered person is the named insured under both coverages, generally the one that covers him or her for the longer period of time will be primary.
- If the covered person is enrolled as a dependent child under both coverages (for example, when both parents cover their child), typically the coverage of the parent whose birthday falls earliest in the calendar year will be the primary.
- Special rules apply when a covered person is enrolled as a dependent child under two coverages and the child's parents are separated or divorced. Generally, the coverage of the parent with custody will be primary. However, if there is a court order that requires one parent to provide for medical expenses for the child, that parent's coverage will be primary. If there is a court order that states that the parents share joint custody without designating that one of the parents is responsible for medical expenses, the coverage of the parent whose birthday falls earliest in the calendar year will be primary.

When this health plan provides secondary coverage, we first calculate the amount that would have been payable had this health plan been primary. In no event will this health plan's payment as secondary coverage exceed that amount. This health plan coordinates benefits so that the combination of the primary plan's payment and this health plan's payment does not exceed our maximum allowed amount. When the primary coverage provides benefits in the form of services rather than payment, a reasonable cash value of the services will be assigned and then considered to be the benefit payment.
52 - When you are covered by more than one health plan

The preceding paragraph does not apply to claims for outpatient prescription drugs provided by a pharmacy when Medicare Part D provides the covered person's primary prescription drug coverage. See the following section for more information.

How prescription drug benefits are coordinated when Medicare Part D is primary

If Medicare Part D provides your primary coverage for outpatient prescription drugs provided by a pharmacy, we first calculate the amount that would have been payable had this health plan been primary. We then pay a secondary benefit up to that amount, in order to reduce any amount you had to pay out of pocket under Medicare Part D. The benefit we pay is limited to the lesser of the amount you paid out-of-pocket under Medicare Part D or the amount this health plan would have paid if it had been primary.
Changing your coverage

Who is eligible for coverage

You

You are eligible for coverage after you satisfy your employer's eligibility requirements. Eligibility requirements are available from your group administrator. Your employer will inform you of your effective date in accordance with these eligibility requirements.

Your eligible dependents

Eligible dependents include:

- Your spouse;
- Your children age 26 or younger which includes:
  - a newborn, natural child, or a child placed with you for adoption;
  - a stepchild; or
  - any other child for whom you have legal guardianship or court-ordered custody.

The age limit for enrolling a child is age 26. Coverage for children will end on the last day of the month in which the children reach age 26.

The age limit does not apply for the initial enrollment or maintaining enrollment of an unmarried child who cannot support himself or herself because of mental retardation, mental illness, or physical incapacity that began prior to the child reaching the age limit. Coverage may be obtained for the child who is beyond the age limit at the initial enrollment if you provide proof of handicap and dependence at the time of enrollment.

You may be asked to provide a physician’s certification of the dependent’s condition.

Types of coverage

Your employer provides the following enrollment options. After reviewing the available options, you may choose the option that best meets your needs. The options are as follows:

- Employee only;
- Employee and spouse;
- Employee and one child;
- Employee and family; and
- Employee and children.
When you may enroll

You may enroll:

- **During the initial enrollment period**
  If your employer has purchased a new group policy from *Anthem* and you were enrolled under a previous group policy of that employer on the date before this group policy is effective, your *effective date* will be the date the health plan begins. Your *group administrator* can tell you what this date is.

- **Within 31 days after becoming eligible**
  Your *effective date* will be determined by your employer in accordance with its eligibility requirements.

- **During annual open enrollment periods**
  Your employer will tell you the *effective date* if you enroll during your company's annual open enrollment period.

- **During a special enrollment period**
  You may have chosen to decline coverage for yourself and/or dependents under this health plan when you could have enrolled for it because of coverage under another health plan.

If you declined coverage under this health plan in writing for yourself and/or your eligible dependents and later you or your dependent(s) loses the other coverage, you may enroll in any benefit package under the plan during a special enrollment period. For example, a special enrollment period of 31 days will be allowed if:

- the other health plan coverage was under a COBRA continuation and the continuation period ran out;
- the employer who had been making contributions toward the other health plan coverage stopped making them; or
- there was a loss of eligibility under the other health plan coverage. Eligibility may have been lost due to:
  - divorce;
  - the death of your spouse;
  - a reduction in the number of hours of employment;
  - termination of employment for yourself or your spouse at another company; or
  - for a dependent, cessation of dependent status.

A special enrollment period of 60 days will be allowed under two additional circumstances:

- if your or your eligible dependent's coverage under Medicaid or the Children's Health Insurance Program (SCHIP) is terminated as a result of loss of eligibility; or
- if you or your eligible dependent become eligible for premium assistance under a state Medicaid or SCHIP plan.

Under these two circumstances, the special enrollment period must be requested within 60 days of the loss of Medicaid/SCHIP or of the eligibility determination.
If your family changes

Special enrollment periods are also allowed if your family changes. The change may be due to your marriage, the birth of a child, or the placement of a child with you for adoption. Within 31 days after the change occurs, you will need to complete an application to add dependents or a change form to delete dependents. In all cases, contact your group administrator immediately.

Marriage

The effective date of coverage for those added as a result of marriage will be determined by your employer in accordance with its eligibility requirements.

Newborn children

"Newborn child" means:
- a child who is born to you; or
- a child who is adopted by you or placed with you for adoption within 31 days after his or her birth.

A newborn child is covered from the moment of birth if, before the newborn child's birth, adoption or placement:
- you already have your dependents covered and adding the newborn child to your coverage would not result in an increase in your premium. You should submit an application within 31 days to notify us of your new dependent.
- you already have at least one dependent covered, but adding the newborn child would result in an increase in your premium. You must submit an application to add the newborn child to your coverage within 31 days and you must pay the appropriate premium. If you do not do this, the child's coverage will end after 31 days.

If you have employee-only coverage before the birth, adoption, or placement of the newborn child, you must enroll the child within 31 days. If you do, the child will be covered from his or her date of birth. If you do not enroll the newborn child within 31 days, you will not be able to add him or her until your next annual open enrollment period.

Other Adopted Children

Other than a newborn child (as defined above), a child who is adopted by you or placed with you for adoption is covered from the date of adoption or placement if:
- before the adoption or placement, you already have your dependents covered and adding the child would not result in an increase in your premium. You should submit an application within 31 days to notify us of your new dependent.
- adding the child would result in an increase in your premium. You must submit an application to add the child to your coverage within 31 days after the adoption or placement for adoption. If you do not do this, the child's coverage will end after 31 days, and you will not be able to add him or her until your next annual open enrollment period.
When a dependent is no longer eligible for coverage, you can change your type of coverage by completing a change form to drop the dependent. The effective date of your coverage change will be determined by your employer in accordance with its eligibility requirements.
After coverage ends

When a covered person ceases to be eligible or the required premiums are not paid, the covered person’s coverage will end. When coverage is ending due to loss of eligibility, the date that coverage will end will be determined by the employer in accordance with its eligibility requirements. When coverage is ending due to lack of premium payment, coverage will end the last day of the month for which payment is made.

Examples of when a covered person’s eligibility may cease include:
- when you leave your job with the employer.
- when a child reaches the end of the month in which the child turns 26.
- in the case of a handicapped dependent, when the child is no longer handicapped.
- when an enrolled child over age 26 marries.
- in the case of your spouse, when you and your spouse divorce.

After you become eligible for Medicare

If you continue to work after becoming eligible for Medicare due to age (usually at age 65), your Medicare entitlement will not end your eligibility for coverage under this health plan. When you retire, you will no longer be eligible for coverage under the group plan. You may be able to apply for a COBRA continuation of coverage (see “Continuation of Coverage (COBRA)” section below. If you are entitled to Medicare, you may also be eligible for an individual Medicare supplement plan.

To enroll for Medicare when you or a family member becomes eligible for it, you must contact the nearest Social Security Office.

When the employee dies

Coverage continues until the last day of the month in which the employee’s death occurs unless your family member(s) are eligible for and elect continuous coverage. (See Continuation of coverage (COBRA) below.) Your family members are also eligible for an individual policy through Anthem.

Continuing coverage when eligibility ends

You and your covered dependents may be eligible for the following:
- continuous group coverage under the COBRA law (Consolidated Omnibus Budget Reconciliation Act);
- continuous group coverage under state law; or
- individual coverage through Anthem.
Continuation of coverage (COBRA)

This section pertains to you only if your employer’s group health plan is subject to the requirements of the COBRA law. It generally explains when COBRA continuation coverage may be available to you and your covered family members and what you need to do to protect your family’s COBRA rights.

COBRA continuation is a temporary extension of coverage under your health plan. You and your covered family members may be qualified beneficiaries. A qualified beneficiary is eligible for continued coverage if coverage under your health plan would ordinarily end due to a qualifying event described in this section. Qualified beneficiaries who elect COBRA coverage must pay the full cost for it, without contribution from the employer.

A covered person will become a qualified beneficiary if he or she loses coverage under your health plan because one of the following qualifying events occurs:

- Your hours of employment are reduced;
- Your employment ends for any reason other than your gross misconduct;
- You die;
- You become entitled to Medicare benefits;
- You become divorced or legally separated;
- For a covered child, he or she stops being an eligible dependent (for example, by attaining the maximum age for coverage); or
- For covered retirees and their covered family members only, the employer files a proceeding in bankruptcy.

COBRA continuation will be offered only after the plan administrator has been notified that a qualifying event has occurred. The employer will notify the plan administrator unless the qualifying event is your divorce or legal separation or the loss of a covered child’s eligibility. For these qualifying events, you must notify the plan administrator within 60 days after the qualifying event. The form and content of all COBRA-related notices must satisfy your employer’s requirements. Contact your group administrator for instructions.

After receiving timely notice, the plan administrator will inform the qualified beneficiaries of their right to elect continuation of coverage and of:

- the monthly cost for the coverage;
- the due date of each monthly payment; and
- where the monthly payments should be sent.

Qualified beneficiaries have 60 days in which to elect COBRA continuation using forms that have been approved by Anthem and supplied by the plan administrator. Each qualified beneficiary has an independent right to elect COBRA coverage. You may elect COBRA on behalf of your covered spouse, and parents may elect it on behalf of their covered children.

Within 45 days after electing COBRA, the first payment for the coverage must be paid in full, along with any unpaid amounts necessary to pay for coverage through the current month. Thereafter, monthly payments must be made according to the instructions provided by the plan administrator.
When the qualifying event is:
- your death, divorce, legal separation or Medicare entitlement or a covered child's loss of eligibility, continuation coverage may last up to 36 months.
- a reduction in your work hours or your termination of employment, continuation coverage may last up to 18 months. However, if you became entitled to Medicare less than 18 months before one of these qualifying events, continuation coverage may last up to 36 months after the date of Medicare entitlement for qualified beneficiaries other than you.

If a qualified beneficiary would ordinarily be eligible for 18 months of continuation coverage, that period may be extended for up to 11 additional months if he or she is determined by the Social Security Administration to have been disabled at some time during the first 60 days of COBRA coverage. To be eligible for the 11-month extension, notice must be provided to the plan administrator:
- within 60 days after the date of the Social Security Administration's disability determination; and
- before the end of the first 18 months of COBRA coverage.

Other covered non-disabled family members of the disabled qualified beneficiary are also entitled to the 11-month extension if these requirements are met.

If your family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, your covered spouse and child(ren) can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months if:
- notice of the second qualifying event is properly given to the plan administrator; and
- the qualifying event would have caused the spouse or child(ren) to lose coverage under your health plan had the first qualifying event not occurred.

If you have a newborn child, adopt a child, or have a child placed with you for adoption during your COBRA continuation period, that child will also be a qualified beneficiary with COBRA rights. For adding a child or making other changes in dependent coverage, please follow the procedures explained earlier in this booklet.

A qualified beneficiary's eligibility for COBRA coverage will end on the earliest of the following dates:
- the date that ends the maximum continuation period described above;
- the date that ends the last period for which a monthly payment was made when due;
- the date the qualified beneficiary obtains coverage under any other group health plan that does not contain an exclusion or limitation that is applicable to his or her pre-existing conditions;
- the date the qualified beneficiary becomes enrolled in Medicare; or
- the date the employer's group health plan ends.

Once eligibility for COBRA coverage ends, the former qualified beneficiary may enroll under any individual program offered by us for which he or she is eligible as explained below.

In order to protect your family's COBRA rights, you must keep the plan administrator informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the plan administrator.
If you have any questions, please contact the plan administrator. For additional information, you may also contact the nearest regional or district office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit the EBSA website at www.dol.gov/ebsa. Addresses and phone numbers of EBSA offices are available on EBSA's website.

Switching to individual coverage

To prevent a lapse in coverage, contact Anthem within 31 days after issuance of the written notice described in the Notice of continuation options section below, but in no event beyond the 60 day period following the date coverage ends. If you meet enrollment requirements for an individual plan and apply within the time limit, there will be no lapse in coverage. Otherwise, claims may not be paid for a period of time. To make sure you know what will be covered, read the individual Anthem offer carefully. It will outline:
- enrollment rules;
- the time permitted to accept the offer;
- the waiting period, if any; and
- the benefits and rates of the individual plan.

Twelve-month continuation under state law

This section pertains to you only if your employer's group health plan is not subject to the requirements of the COBRA law. Also, even if the employer's group health plan is not subject to the requirements of COBRA, the group policyholder must elect to administer the continuation option set forth in this section for all enrolled employees and their dependents as of its most recent policy renewal or effective date for this section to be effective.

If you or a dependent loses eligibility for your group's coverage, you may be able to continue group coverage for a period of 12 months beginning immediately following the date of the termination of the person's eligibility, without evidence of insurability. The following rules apply:
- the person must have been enrolled under the plan for at least 3 months;
- the person must not be eligible for Medicare or Medicaid benefits prior to the loss of eligibility for group coverage;
- the person must apply for coverage with the group policyholder and pay the first month's premium within 31 days after issuance of the written notice described in the Notice of continuation options section below, but in no event beyond the 60 day period following the date of the termination of the person's eligibility;
- premium for such extended coverage is timely paid to the group policyholder on a monthly basis during the twelve-month period; and
- the premium for continuing the group coverage shall be at the insurer's current rate applicable to the group policy plus any applicable administrative fee not to exceed two percent of the current rate.
Notice of continuation options

The group *policyholder* shall provide each employee or other person losing coverage under such policy written notice of the opportunity to purchase individual coverage, or if elected by the group *policyholder* with respect to a health plan not subject to COBRA, written notice of the availability of the twelve month continuation option under state law. Such notice shall be provided within 14 days of the *policyholder's* knowledge of your loss of eligibility under the policy. If the group *policyholder* does not provide the required notice, please contact *Anthem* Member Services directly within 60 days from the date you lose eligibility for coverage to discuss your continuation options.
Important information about your health plan

Statement of ERISA rights

As a participant in this plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA) and the Health Insurance Portability and Accountability Act (HIPAA) of 1996.

You may examine, without charge, at your plan administrator's office and at other specified locations, all plan documents. These include insurance contracts, copies of all documents filed by the plan with the Department of Labor (such as detailed annual reports), and plan descriptions.

You may obtain copies of all plan documents and other plan information by writing to your plan administrator. The administrator may make a reasonable charge for the copies.

Helpful tip: ERISA generally does not apply to church plans or to governmental plans (such as plans sponsored by city, county, or state governments, or by public school systems).

Plan "fiduciaries"

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants.

- No one may terminate your employment or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.
- If your claim for a welfare benefit is denied in whole or in part, you may receive a written explanation of the reason for the denial.
- You have the right to have the plan administrator review and reconsider your claim.

Enforcement of ERISA rights

Under ERISA, there are steps to enforce the above rights. For instance:

- If you request materials from the plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to $110 a day until you receive the materials (unless the materials were not sent because of reasons beyond the control of the Administrator).
- If you have a claim for benefits or an appeal of a coverage decision, which is denied or ignored, in whole or in part, you may file suit in a state or federal court.
· If plan fiduciaries misuse the plan’s money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court decides who pays court costs and legal fees.

If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, if, for example, it finds your claim to be frivolous.

Assistance

If you have questions about your plan, contact your plan administrator. If you have questions about this statement about your rights under ERISA, contact the nearest Area Office of the Employee Benefits Security Administration, Department of Labor, listed in your telephone directory. You may also contact the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

Employer premiums

Your employer is responsible for paying a monthly premium by the first day of the month for which coverage is purchased. We will allow employers a 31 day grace period to pay monthly premiums, except for the first month’s premium. During this grace period, coverage will continue unless we receive a written notice of termination from your employer. We will notify your employer at least 15 days prior to terminating the group policy for non-payment of a monthly premium. Anthem is not responsible for costs you incur during any period (other than the grace period discussed above) when your employer fails to pay full premiums.

Changes in the health plan

We may amend this health plan by giving your employer at least 30 days written notice. Any amendment to the health plan will change covered services to covered persons on the effective date of the change. This applies even though you may have an ongoing condition at the time of the change. We may not amend this plan to reduce benefits other than on the renewal date of the group policy unless your employer agrees to the change. Your employer and Anthem may mutually agree to amend or reduce benefits at any time.

Complaint and appeal process

In order for your health plan to remain responsive to your needs, we’ve established both a complaint process and an appeal process. Should you have a problem or question about your health plan, a Member Services representative will assist you. Most problems and questions can be handled in this manner. You may also file a written complaint or appeal with us. Complaints typically involve issues such as dissatisfaction about your health plan’s services, quality of care, the choice of and accessibility
to your health plan's providers and network adequacy. Appeals typically involve a request to reverse a previous decision made by your health plan. Requests regarding claim errors, claim corrections, and claims denied for additional information may be reopened for consideration without having to invoke the appeal process.

Complaint Process

Upon receipt, your complaint will be reviewed and investigated. You will receive a response within 30 calendar days of your health plan's receipt of your complaint. If we are unable to resolve your complaint in 30 calendar days, you will be notified on or before calendar day 30 that more time is required to resolve your complaint. We will then respond to you within an additional 30 calendar days.

Important: Written complaints or any questions concerning your health insurance may be filed to the following address:

Anthem Blue Cross and Blue Shield
Attention: Member Services
P.O. Box 27401
Richmond, VA 23279

Appeal Process

Your health plan is committed to providing a full and fair process for resolving disputes and responding to requests to reconsider coverage decisions you find unacceptable, whether the decision is a claim denial or a rescission of coverage. A rescission is a retroactive termination of coverage, other than when it is attributable to a failure to timely pay required premiums or contributions towards the cost of coverage. Types of appeals include:

- internal appeals are requests to reconsider rescissions or coverage decisions of pre-service or post-service claims. Expedited appeals are made available when the application of the time period for making pre-service or post-service appeal decisions could seriously jeopardize the patient's life, health or ability to regain maximum function, or in the opinion of the patient's physician, would subject the patient to severe pain that cannot be adequately managed without the care or treatment. Situations in which expedited appeals are available include those involving prescriptions to alleviate cancer pain, when the cancer patient would be subjected to pain; and
- external reviews are requests for an independent, external review of coverage decisions made by your health plan through its internal appeal process. More information about this type of appeal may be found in the "Independent external review of adverse utilization review decisions" paragraph of this section.
How to appeal a coverage decision

To appeal a coverage decision (including a rescission), please send a written explanation of why you feel the coverage decision was incorrect. You or your authorized representative acting on your behalf may submit the written explanation. Alternatively, this information may be provided to a Member Services representative over the phone. This is your opportunity to provide any comments, documents, or information that you feel your health plan should consider when reviewing your appeal.

Please include with the explanation:

- the patient’s name, address and telephone number;
- your identification and group number (as shown on your identification card); and
- in the case of a claim, the name of the health care professional or facility that provided the service, including the date and description of the service provided and the charge.

Important: You may contact Member Services with your appeal or any questions concerning your health insurance at the following:

Address:
Anthem Blue Cross and Blue Shield
Attention: Corporate Appeals Department
P.O. Box 27401
Richmond, VA 23279

Telephone:
804-358-1551
in Richmond
800-451-1527
from outside Richmond

You must file your appeal within either 15 months of the date of service or 180 days of the date you were notified of the adverse benefit determination, whichever is later.

How your health plan will handle your appeal

In reviewing your appeal, we will take into account all the information you submit, regardless of whether the information was considered at the time the initial coverage decision was made. A new review will be completed, and will not assume the correctness of the original determination. The individual reviewing your appeal will not have participated in the original coverage decision, and will not be a subordinate of the individual who made the original determination. Appeals involving medical necessity will be reviewed by a practitioner who holds a non-restricted license in the Commonwealth of Virginia or under comparable licensing law in the same or similar specialty as typically manages the medical condition, procedure or treatment under review. Any other decision that involves the review of medical information will be made by appropriate clinical staff.
We will promptly acknowledge receipt of your appeal, and will resolve and respond to it as follows:

- For pre-service claims, we will respond in writing within 30 days after receipt of the request to appeal;
- For post-service claims and rescissions, we will respond in writing within 60 days after receipt of the request to appeal; or
- For expedited appeals, we will respond to you and your provider as soon as possible taking into account your medical condition, but not later than 72 hours from the receipt of the request.

We will also provide you, free of charge, with any new or additional evidence considered, relied upon, or generated in connection with your claim. In addition, before you receive an adverse benefit determination based on new or additional rationale, we will provide you, free of charge, with the rationale.

When our review of your appeal has been completed, you will receive written notification of the outcome. In the event that the original coverage decision is upheld, the written notification will include the specific reasons and the plan provision(s) on which the determination is based. You will also be entitled to receive, upon request and at no charge, the following:

- reasonable access to, and copies of, all documents, records, and other information relevant to the appeal;
- any rule, guideline, protocol or criterion relied upon in the coverage decision(s);
- the explanation of the scientific or clinical judgment as it relates to the patient's medical condition if the coverage decision was based on the medical necessity or experimental nature of the care; and
- the identification of medical or vocational experts whose advice was obtained by the plan in connection with the claimant's adverse decision, whether or not the advice was relied upon.

If we deny your appeal, you will be provided with other dispute resolution options as applicable, including external review through the Bureau of Insurance.

**Independent external review of adverse utilization review decisions**

If we have denied your claim, you may have the right to request an independent external review of our decision by health care professionals who have no association with us if our decision involved making a judgment as to the medical necessity, appropriateness, health care setting, level of care, or effectiveness of the health care service or treatment you requested (including whether the service or treatment was determined to be experimental or investigiative). Except when an expedited external review is warranted as described below, the external review process is available only if the denial is upheld after you file an internal appeal with us. This is called a standard external review.

You or your authorized representative may request an expedited external review with the Bureau of Insurance at the same time as exercising our expedited appeal process. An expedited external review may also be requested if our adverse decision was based upon our judgment that the services rendered
were experimental or investigative and your treating physician certifies, in writing, that the recommended or requested health care service or treatment would be significantly less effective if not promptly initiated.

If you have not already requested an expedited external review in advance of our decision to deny your claim on appeal, you may do so after our appeal decision if:

- you have a medical condition where the time frame for completion of a standard external review would seriously jeopardize your life, health or ability to regain maximum function;
- this decision concerns an admission, availability of care, continued stay, or health care service for which you received emergency services, but have not been discharged from a facility; or
- this decision is based on our judgment that the services rendered were experimental or investigative and your treating physician certifies, in writing, that the recommended or requested health care service or treatment would be significantly less effective if not promptly initiated.

To request a standard or expedited external review with the Bureau of Insurance you may contact the Corporate Appeals department listed above, or contact the Bureau of Insurance directly at: Bureau of Insurance – External Review P.O. Box 1157 Richmond VA 23218, Telephone: 877-310-6560, E-Mail: externalreview@scc.virginia.gov

**Virginia Bureau of Insurance**

If you have been unable to contact or obtain satisfaction from Anthem, you may contact the Virginia Bureau of Insurance, 1300 East Main Street, P. O. Box 1157, Richmond, VA 23218, in Richmond (804) 371-9741, from outside Richmond (800) 552-7945.

**The Office of the Managed Care Ombudsman**

If you have any questions regarding an appeal or grievance concerning the health care services that you have been provided which have not been satisfactorily addressed by your health plan, you may contact the Office of the Managed Care Ombudsman for assistance at any of the following:

**Address:**
The Office of the Managed Care Ombudsman
Bureau of Insurance
P.O.Box 1157
Richmond, VA 23218

**Telephone:**
804-371-9032
in Richmond
877-310-6560
from outside Richmond
(Note: This number is separate from the Bureau's existing toll-free number and is exclusive to The Office of the Managed Care Ombudsman)

E-Mail:
ombudsman@scc.virginia.gov

Information regarding The Office of the Managed Care Ombudsman may be found by accessing the State Corporation Commission's web page at: http://www.scc.virginia.gov

The Virginia Department of Health Office of Licensure and Certification

If you have any questions regarding a complaint and/or an appeal concerning the health care services that you have been provided which have not been satisfactorily addressed by us, you may contact the Virginia Department of Health Office of Licensure and Certification for assistance at any of the following:

Address:
Office of Licensure and Certification
Virginia Department of Health
9900 Mayland Drive, Suite 401
Richmond, VA 23233

Telephone:
Complaint Hotline: 800-955-1819
Richmond Metropolitan Area: 804-367-2106

Fax:
804-367-2149

E-Mail:
MCHIP@vdh.virginia.gov

Laws governing this health plan

This health plan is entered into in, and is subject to the laws of, the Commonwealth of Virginia.

This coverage is a Managed Care Health Insurance Program subject to regulation in the Commonwealth of Virginia by both the Virginia State Corporation Commission's Bureau of Insurance pursuant to Title 38.2 and the Virginia Department of Health pursuant to Title 32.1.
Notice in writing

If we change the health plan, we will send you written notice. Any notice required under this health plan must be in writing. Notice given to your employer will be sent to your employer's address, stated in the group application as provided by the group. Notice given to a covered person will be sent, at our option, to your employer or to your address as it appears on our records. Your employer or a covered person may indicate a new address for giving notice.

Cancellation or termination

Your employer may cancel this health plan on the last day of any month by giving us at least 30 days written notice.

We can terminate this health plan when your employer:
- does not pay the appropriate premium when due;
- fails to perform any duties required by the health plan;
- commits fraud or misrepresentation with respect to the health plan. Additionally, a covered person's coverage under the health plan may be terminated for fraud or misrepresentation by the covered person with regard to his or her coverage;
- fails to comply with our underwriting guidelines regarding employer contribution and participation requirements; or
- has no more employees living, residing, or working in our service area.

If we have issued this policy to an association offering coverage to its membership, we may terminate coverage for any subgroup in the association for any of the above occurrences attributable to that subgroup.

We can terminate this health plan when we decide, in accordance with state law, to:
- discontinue offering the particular type of group health coverage specified in the health plan. We will give at least 90 days written notice to your employer and all covered persons.
- discontinue offering all group health insurance coverage in this state. We will give at least 180 days written notice to the Virginia State Corporation Commission, your employer, and all covered persons.

If your employer is an association offering coverage under the health plan to its membership, we will give notice to each association subgroup.

Termination of the health plan automatically ends your coverage. When the health plan is terminated because of an action by your employer, your employer must notify all covered persons of the termination of the coverage. However, coverage will end whether or not the notice is given.
Validity of coverage

Your coverage will not be contested after it has been in effect two years, unless premiums have not been paid. Any statement you make that we may use to contest the validity of your coverage must be written and signed by you.

Time limits on legal action

No legal action may be brought against Anthem within the 60-day period after proof of loss notice is filed or more than three years after the end of the 90-day period that proof of loss was required to be filed (see page 49). This limit applies to matters relating to this health plan, to our performance under this health plan, or to any statement made by an employee, officer, or director of Anthem concerning this health plan or the benefits available to a covered person.

Limitations of damages

In the event a covered person or his representative sues Anthem, or any of its directors, officers, or employees acting in his or her capacity as director, officer, or employee, for a determination of what coverage and/or benefits, if any, exist under this health plan, the damages shall be limited to the amount of the covered person's claim for benefits. The damages shall not exceed the amount of any claim not properly paid as of the time the lawsuit is filed. Under no circumstances shall this provision be construed to limit or preclude any extra contractual damages that may be available to you or your representative.

Anthem's continuing rights

On occasion, we may not insist on your strict performance of all terms of this health plan. This does not mean we waive or give up any future rights we have under this health plan.

Anthem's relationship to providers

The choice of a health care provider is solely the covered person's. Providers are neither Anthem employees nor agents. We can contract with any appropriate provider or facility to provide services to you. Our inclusion or exclusion of a provider or a covered facility in any network is not an indication of the provider's or facility's quality or skill. We make no guarantees about the health of any providers. We do not furnish covered services but only make payment for them when received by covered persons.

We are not liable for any act or omission of any provider, nor are we responsible for a provider's failure or refusal to render covered services to a covered person.
Assignment of payment

A covered person may not assign the right to receive payment for covered services. Prior payments to anyone, whether or not there has been an assignment of payment, shall not waive or otherwise restrict, Anthem's right to direct future payments to a covered person or any other entity. This provision does not apply to dentists and oral surgeons.

Once covered services are rendered by a provider, Anthem will not honor requests not to pay the claims submitted by the provider. Anthem will have no liability to any person because it rejects the request.
Member Rights and Responsibilities

Successful relationships take a strong commitment from all sides – with each side recognizing the rights and responsibilities of the other. Your health care is no different. It takes strong team work between you, your health care professionals, and *Anthem* for coverage you can count on. Below is a statement of rights and responsibilities that guide our relationship with you. Please read through them, and should you have any questions, don't hesitate to give us a call.

**We are committed to:**

- Recognizing and respecting you as a member.
- Encouraging your open discussions with your health care professionals and *providers*.
- Providing information to help you become an informed health care consumer.
- Providing access to health benefits and our network *providers*.
- Sharing our expectations of you as a member.

**You have the right to:**

- Participate with your health care professionals and *providers* in making decisions about your health care.
- Receive the benefits for which you have coverage.
- Be treated with respect and dignity.
- Privacy of your personal health information, consistent with state and federal laws, and our policies.
- Receive information about our organization and services, our network of health care professionals and *providers*, and your rights and responsibilities.
- Candidly discuss with your physicians and *providers* appropriate or *medically necessary* care for your condition, regardless of cost or benefit coverage.
- Make recommendations regarding the organization's members' rights and responsibilities policies.
- Voice complaints or appeals about our organization, any benefit or coverage decisions we (or our designated administrators) make, your coverage, or care provided.
- Refuse treatment for any condition, illness or disease without jeopardizing future treatment, and be informed by your physician(s) of the medical consequences.
- Participate in matters of the organization's policy and operations.
- For assistance at any time, contact your local insurance department: by phone in Richmond (804) 371-9741, from outside Richmond (800) 552-7945, or in writing: Virginia Bureau of Insurance, 1300 East Main Street, P. O. Box 1157, Richmond, VA 23218.

**You have the responsibility to:**

- Choose a participating primary care physician if required by your health benefit plan.
- Treat all health care professionals and staff with courtesy and respect.
- Keep scheduled appointments with your doctor, and call the doctor's office if you have a delay or cancellation.
- Read and understand to the best of your ability all materials concerning your health benefits or ask for help if you need it.
- Understand your health problems and participate, along with your health care professionals and providers, in developing mutually agreed upon treatment goals to the degree possible.
- Supply, to the extent possible, information that we and/or your health care professionals and providers need in order to provide care.
- Follow the plans and instructions for care that you have agreed on with your health care professional and provider.
- Tell your health care professional and provider if you do not understand your treatment plan or what is expected of you.
- Follow all health benefit plan guidelines, provisions, policies and procedures.
- Let our Member Services Department know if you have any changes to your name, address, or family members covered under your policy.
- Provide us with accurate and complete information needed to administer your health benefit plan, including other health benefit coverage and other insurance benefits you may have in addition to your coverage with us.

We are committed to providing quality benefits and customer service to our members. Benefits and coverage for services provided under the benefit program are governed by the Group Policy and this Member Certificate document, and not by this Member Rights and Responsibilities statement.
Definitions

Activities of daily living
means walking, eating, drinking, dressing, toileting, transferring (e.g. wheelchair to bed), and bathing.

Adverse benefit determination
is any denial, reduction of a benefit or failure to provide a benefit, in whole or in part, by the health plan.

Coinsurance
is the percentage of the maximum allowed amount you pay for some covered services.

Copayment
is the fixed dollar amount you pay for some covered services.

Cost Awareness
covered persons are individuals designated by the employer (in accordance with the guidelines set by Anthem) who do not have reasonable access to KeyCare PPO Network providers and facilities due to their location.

Covered persons
are you and enrolled eligible dependents.

Covered services
are those medically necessary hospital and medical services which are described as covered in this certificate and which are performed, prescribed or directed by a physician.

Deductible
is a fixed dollar amount of covered services you pay in a calendar year before your health plan will pay for any remaining covered services during that calendar year.

Effective date
is the date coverage begins for you and/or your dependents enrolled under the health plan.

Emergency medical condition (Emergency)
is a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) so that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in one of the following conditions:
• placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy;
• serious impairment to bodily functions; or
• serious dysfunction of any bodily organ or part.
Emergency services (Emergency care)
with respect to an emergency medical condition:
- a medical screening examination that is within the capability of the emergency department of a hospital, including ancillary services routinely available to the emergency department to evaluate such emergency medical condition, and
- within the capabilities of the staff and facilities available at the hospital, such further medical examination and treatment to stabilize the patient.

The term "stabilize" means, with respect to an emergency medical condition, to provide such medical treatment of the condition as may be necessary to assure, within reasonable medical probability, that no material deterioration of the condition is likely to result from or occur during the transfer of the individual from a facility. With respect to a pregnant woman who is having contractions, the term "stabilize" also means to deliver (including the placenta), if there is inadequate time to effect a safe transfer to another hospital before delivery or transfer may pose a threat to the health or safety of the woman or the unborn child.

Enrollment date
means your first day of coverage under your employer's group health plan or, if your employer's plan imposes a waiting period for eligibility, the first day of your waiting period.

Experimental/investigative
means any service or supply that is judged to be experimental or investigative at Anthem's sole discretion. Refer to Exhibit A for more information.

Facilities are:
- dialysis centers
- home health care agencies
- hospice providers
- hospitals
- skilled nursing facilities

First-tier drugs
have the lowest copayment. This tier will contain low cost or preferred medications. This tier may include generic, single source brand drugs, or multi-source brand drugs.

Future Moms
is a program designed to help women have healthy pregnancies and to help reduce the chances of a premature delivery.

Group administrator
is the benefits administrator at your employer.

High dose
means a dose of chemotherapy or radiation so high that it predictably requires stem cell rescue.
Home care services
are services rendered in the home setting. Home care includes services such as skilled nursing visits and physical, speech, and occupational therapy for patients confined to their homes. This also means infusion services rendered in the home setting. Infusion services include such services as the intravenous and parenteral administration of medication to patients as well as enteral and parenteral nutrition. Infusion services rendered in the home setting do not require that the patient is confined to his/her home.

Inpatient
means when you are a bed patient in the hospital.

Inpatient facilities
are settings where patients can spend the night, including hospitals, skilled nursing facilities, partial day programs.

KeyCare PPO Network
is a network of providers and facilities that has agreed to accept Anthem's maximum allowed amount as payment in full for their services (see page 43 for a definition of maximum allowed amount). When you receive care from KeyCare PPO Network providers and facilities, you won't be charged for any outstanding balances beyond your deductible (if any), copayment, and/or coinsurance amount for covered services detailed in the Summary of benefits (see page 1).

Maintenance medications
are those you take on a regular, recurring basis to treat or control a chronic illness such as heart disease, high blood pressure, epilepsy, or diabetes.

Maximum allowed amount
means the amount on which deductible (if any), copayment, and coinsurance amounts for eligible services are calculated.

Medical equipment (durable)
is used for a medical purpose, can withstand repeated use, and is appropriate for use in your home for activities of daily living purposes.

Medically necessary
to be considered medically necessary, a service must:
• be required to identify or treat an illness, injury, or pregnancy-related condition;
• be consistent with the symptoms or diagnosis and treatment of your condition;
• be in accordance with standards of generally accepted medical practice; and
• be the most suitable supply or level of service that can safely treat the condition and not be for the convenience of the patient, patient's family, or the provider.

Mental health services
are for the diagnosis and treatment of a psychiatric condition, including nervous, mental, and emotional disorders, including alcohol and drug abuse.
Out-of-network
is care covered at a lower level of benefits. After you satisfy a calendar year deductible, you are responsible for your coinsurance.

Outpatient
is when you receive care in a hospital outpatient department, emergency room, professional provider's office, or your home.

Outpatient mental health services
are for the diagnosis and treatment of psychiatric conditions and include individual psychotherapy, group psychotherapy, and psychological testing.

Partial day services
are used as an alternative to inpatient treatment.

Plan administrator
is your group administrator or the person selected by your employer to administer the continuation of coverage (COBRA) provision.

Policyholder
is the entity who has contracted with Anthem to provide these benefits. This is typically your employer.

Post-service claims
are all claims other than pre-service claims and urgent care claims. Post-service claims include claims filed after services are rendered and claims that do not require authorization in advance of the service, even where you request authorization in advance.

Pre-existing condition
is a condition (whether physical or mental), regardless of the cause of the condition, for which medical advice, diagnosis, care, or treatment was recommended or received within the six-month period ending on the enrollment date.

Prescription drugs
are medicines, including insulin, that require a prescription order from your doctor.

Pre-service claims
are claims for a service where the terms of the health plan require the member to obtain approval of the benefit, in whole or in part, in advance of receipt of the service. If you call to receive authorization for a service when authorization in advance is not required, that claim will be considered a post-service claim.

Primary care physician (PCP)
is the general or family practitioner, internist or pediatrician you choose to provide, arrange and/or authorize any health care services you and your family members may need.
Providers are:
- acupuncturists
- audiologists
- certified nurse midwives
- chiropractors
- chiropodists
- clinical social workers, psychologists, clinical nurse specialists in psychiatric mental health, professional counselors, marriage and family therapists
- dentists
- doctors of medicine (MD), including osteopaths and other specialists
- independent clinical reference laboratories
- retail health clinics
- occupational therapists
- opticians
- optometrists
- podiatrists
- registered physical therapists
- speech pathologists

Qualified beneficiary
is a covered person who is eligible for a temporary extension of coverage under your healthplan because of the COBRA law.

Qualifying event
is an event that allows you or covered persons enrolled with you to select continuation of coverage under the COBRA law.

Referral
is the authorization from your PCP to receive services from another provider.

Retail health clinic
is a clinic that provides limited basic medical care services to members on a “walk-in” basis. These clinics normally operate in major pharmacies or retail stores. Medical services are typically provided by physician’s assistants and nurse practitioners.

Second-tier drugs
will have a higher copayment than first-tier drugs. This tier will contain preferred medications that generally are moderate in cost. This tier may include generic, single source, or multi-source brand drugs.

Setting
is the place where you receive treatment. It could be your home, your provider’s office, a hospital outpatient department, a skilled nursing home, hospital inpatient room, or a partial day program.
**Significant break in coverage**
means a period of 63 consecutive days during which you do not have any creditable coverage. Days in a waiting period imposed by your employer do not count toward the 63 days. If you sought individual insurance coverage, the days between when you submitted your completed application and when the individual policy was effective or denied do not count toward the 63 days.

**Skilled nursing facility**
is a facility licensed by the state in which it operates to provide medically skilled services to inpatients.

**Specialty care providers**
are any covered providers other than those defined as primary care physicians.

**Stay**
is the period from the admission to the date of discharge from a facility, including hospitals, hospices, and skilled nursing facilities. All facility stays, less than 90 days apart are considered the same stay, and a new inpatient copayment will not apply.

**Telemedicine services**
means the use of interactive audio, video, or other electronic media used for the purpose of diagnosis, consultation, or treatment as it pertains to the delivery of covered health care services. Telemedicine services do not include an audio-only telephone conversation, electronic mail message, or facsimile transmission.

**Third-tier drugs**
will have a higher copayment than second-tier drugs. This tier will contain non-preferred or high cost medications. This tier may include generic, single source, or multi-source brand drugs.

**Urgent care claims**
are claims where care and services are actively ongoing and to which the application of time periods for making claim or appeal decisions could seriously jeopardize the patient's life, health or ability to regain maximum function, or in the opinion of the patient's physician, would subject the patient to severe pain. Notwithstanding any provision of your health plan, services for an emergency medical condition do not require PCP referrals or any type of advance approval.

**Visit**
a period during which a covered person meets with a provider to receive covered services.

**We, us, our, Anthem**
is Anthem Blue Cross and Blue Shield.

**You**
the enrolled employee.

**Your health plan**
Anthem KeyCare plan.
Exhibit A

Experimental/investigative criteria

Experimental/investigative means any service or supply that is judged to be experimental or investigative at Anthem's sole discretion. Services which do not meet each of the following criteria will be excluded from coverage as experimental/investigative:

1. Any supply or drug used must have received final approval to market by the U.S. Food and Drug Administration ('FDA') for the particular indication or application in question. Moreover, quantities of any drug or medication used, except those drugs used in the treatment of cancer pain and prescribed in compliance with established statutes pertaining to patients with intractable cancer pain, must be within recommended maximum daily dose or duration established by the FDA or any of the standard reference compendia defined below. There are two exceptions which apply when a drug has received final approval to market by the FDA, but not for the particular indication or application in question.

   a) This criterion will be satisfied if the use of the drug is recognized for treatment of the indication or application in any of the following resources:
      · the following three standard reference compendia defined below:
        1) American Hospital Formulary Service – Drug Information
        2) National Comprehensive Cancer Network's Drug & Biologics Compendium
        3) Elsevier Gold Standard's Clinical Pharmacology
      · in substantially accepted peer-reviewed medical literature. Peer-reviewed medical literature means a scientific study published only after having been critically reviewed for scientific accuracy, validity, and reliability by unbiased independent experts. This study must appear in a journal that has been determined by the International Committee of Medical Journal Editors to have met the Uniform Requirements for Manuscripts submitted to biomedical journals.
      Peer-reviewed medical literature does not include publications or supplements to publications that are sponsored to a significant extent by a pharmaceutical manufacturing company or health carrier; or

   b) In the case where the drug is being used for the treatment of a specific type of cancer, this criterion will be satisfied if the use of the drug is recognized as safe and effective for treatment of the specific type of cancer in any of the standard reference compendia.

   Despite the above two exceptions, this criterion will not be satisfied if the FDA has determined that use of the drug is not recommended for the treatment of the specific indication for which it is prescribed.

2. There must be enough information in the peer-reviewed medical and scientific literature to let us judge the safety and efficacy.

3. The available scientific evidence must show a good effect on health outcomes outside a research setting.

4. The service or supply must be as safe and effective outside a research setting as current diagnostic or therapeutic options.

New technologies are evaluated against these criteria to determine if services should be included as a covered benefit or considered experimental/investigative.
Clinical trial costs

Clinical trial cost means patient costs incurred during participation in a clinical trial when such a trial is conducted to study the effectiveness of a particular treatment of cancer where all of the following circumstances exist:

1) The treatment is being conducted in a Phase II, Phase III, or Phase IV clinical trial;
2) Treatment provided by a clinical trial is approved by:
   - The National Cancer Institute (NCI);
   - An NCI cooperative group or an NCI center;
   - The U.S. Food and Drug Administration in the form of an investigational new drug application;
   - The Federal Department of Veterans Affairs; or
   - An institutional review board of an institution in the Commonwealth that has a multiple project assurance contract approved by the Office of Protection from Research Risks of the NCI;
3) With respect to the treatment provided by a clinical trial:
   - There is no clearly superior, non-investigational treatment alternative;
   - The available clinical or preclinical data provides a reasonable expectation that the treatment will be as effective as the non-investigational alternative;
   - The covered person and the physician or health care provider who provides the services to the covered person conclude that the covered person’s participation in the clinical trial would be appropriate; and
4) The facility and personnel providing the treatment are capable of doing so by virtue of their experience, training, and expertise.

"Patient cost" under this paragraph means the cost of a medically necessary health care service that is incurred as a result of the treatment being provided to the covered person for purposes of a clinical trial. "Patient cost" does not include (i) the cost of non-health care services that a patient may be required to receive as a result of the treatment being provided for purposes of a clinical trial, (ii) costs associated with managing the research associated with the clinical trial, or (iii) the cost of the investigational drug or device.

Special features and programs

In addition to the health and wellness benefits under your health plan, our 360° Health® program surrounds you and your family members with 360 degrees of preventive care resources, wellness information, savings and incentives and care management services.

Our 360° Health program focuses on helping you manage your health and make the right health care decisions for you and your family. Whether you're healthy or have medical conditions, you can turn to the programs that make up 360° Health. The program components are each designed to help you get the right care at the right time and help you lead the healthiest life possible. All the parts of 360° Health are located in one consumer-friendly source on anthem.com that you can tap into whether you're healthy and just want to stay that way or living with a chronic condition that needs regular attention.

Although these services are not part of the health and wellness benefits under your health plan, they are provided to you as a plan participant. Discount services are available through networks administered by other companies - many of which are national leaders in their fields. The discount services listed below are not covered as benefits under your health plan and can be discontinued at any time.

Health resources and tools

MyHealth@Anthem®

When you visit anthem.com, you can access this personalized online resource center. It's full of interactive tools to help you assess, manage and improve your health. You can take advantage of:

- Health risk assessments – Learn your overall health status by completing a health risk assessment.
- LEAP Fitness Program – Use the Lifetime Exercise Adherence Program (LEAP) to create online fitness programs and personalized activity plans.
- Condition Centers – When you visit a Condition Center, you can access in-depth, condition-specific health assessments and personalized treatment options. Condition Centers exist for allergy, anxiety, diabetes, prostate health, breast health and more.
- Physician Pre-Visit Questionnaire – Use this to get ready for your next doctor's visit. It can help you ask the right questions and communicate effectively with your doctor.
- Child Health Manager and Pregnancy Planner – Track your children's doctor visits, immunization records and any medical concerns you have. Expectant mothers can track their pregnancy check-ups, tests, progress and more.
- Message Center and Health News - Receive health-related secure e-mails with current news, drug alerts and health tips based on your personal health interests and profiles.
- Depression and Anxiety Screening – Answer general questions about depression and anxiety. Based on your responses, a nurse care manager may follow up with you to discuss treatment options and offer support.
AudioHealth Library

For those who aren't comfortable discussing their health concerns with someone else or those just looking for more information on a health topic, there's the AudioHealth Library. It's accessible by phone with more than 400 recorded health topics.

Online Preventive Guidelines

At anthem.com, you can use the online preventive guidelines to check on when you should have certain check-ups, immunizations, screenings and tests.

Anthem Healthy Solutions Newsletter

Mailed to your home twice a year, this wellness and benefits newsletter can help you make wiser decisions about your health and the care you need. Packed with practical information, it can help you get the most value out of your health care benefits.

SpecialOffers@Anthem<sup>SM</sup>

With SpecialOffers@Anthem, you can access discounts on a wide variety of health and wellness products and services. Find deals on natural health and wellness products; acupuncture, chiropractic and massage therapy; fitness club memberships; weight management; laser vision correction and recommended health and wellness books.

The discount programs and services available through SpecialOffers@Anthem are continually reviewed for opportunities to provide more value to your membership. For the most up-to-date information, always refer to SpecialOffers@Anthem at anthem.com. These discount programs and services are independent of your plan benefits and may change or be cancelled at any time.

Health guidance

MyHealth Advantage

We know that early detection of potential health issues can lead to better health. And overall better health may reduce your annual doctor visits, which can lead to annual cost savings for you. MyHealth Advantage conducts ongoing reviews of your health status by checking your prescribed medications and alerting you and your doctor about potential drug interactions, overdue exams or recommended tests. And if MyHealth Advantage identifies issues like these for you, you may receive a MyHealth Note in the mail. These personalized notices include information about health recommendations and potential pharmacy savings, and feature a summary of your recent claims data to keep for your records and share with your treatment providers.
24/7 NurseLine

Illness or injury can happen, no matter what time of day. As an Anthem health plan member, you have access to a team of nurses, available to assist with your questions or concerns, 24 hours a day, seven days a week. These registered nurses can discuss symptoms you’re experiencing, how to get the right care in the right setting and more, and you can call as often as you like. Call 888-207-4210.

Future Moms

This program promotes healthy pregnancies and is designed for all expectant women – whether they’re experiencing routine pregnancies or at highest risk for complications. When members enroll in the Future Moms program, they receive an up-to-date prenatal care package with valuable information for the whole family. A team of nurses – specializing in obstetrics and experienced in working with expectant mothers – is available 24/7 to help members try and have the healthiest pregnancies possible.

Health management and coordination

ComplexCare

This program helps members living with multiple health care issues. Our goal is to help you access quality care, learn to effectively manage your condition and lead the healthiest life possible. When you enroll in the program, you’re assigned to a nurse care manager who specializes in helping high-risk people.

The nurse care manager will work with you and your doctor to create an individualized care plan, coordinate care between different doctors and health care providers, develop personalized goals, offer health and lifestyle coaching, answer your questions and more.

ConditionCare

If you or a family member suffers from a chronic condition like asthma, we may be able to help you achieve better health. Our ConditionCare program gives you personalized support to take charge of your health and maybe even improve it.

We’ll help you manage your symptoms related to pediatric and adult asthma, chronic obstructive pulmonary disease, pediatric and adult diabetes (Types I and II), heart failure, coronary artery disease and kidney disease. The ConditionCare program gives you:

- 24-hour toll-free access to registered nurses who can answer your questions, provide support and educate you on how to best manage your condition.
- A health evaluation and consultation with a registered nurse over the phone, when needed, to help you manage your condition.
- Educational materials like care diaries, self-monitoring charts and self-care tips.

To enroll in the ConditionCare program, call us toll-free at 800-445-7922.
Vision Program

To help you care for your eyes, valuable vision discounts are available to you. In order to take advantage of the available discounts, you should seek care from a Blue View Vision participating provider.

Your Eyewear Discounts

When you visit a Blue View Vision participating eye care professional or vision center, you'll pay the discount price for as many pairs of eyeglasses and/or supplies of conventional (non-disposable) contact lenses as you would like.

Your eyewear discounts/costs at participating Blue View Vision provider offices are as follows:
