Re: Case No. PUR-2017-00060
*Application of Virginia Electric Power Company, For approval of 100
percent renewable energy tariffs pursuant to §§ 56-577 A 5 and 56-234 of
the Virginia Code*

Dear Mr. Peck:

Pursuant to the Hearing Examiner's March 2, 2018, Report and Recommendation, Walmart Stores East, LP and Sam's East, Inc. ("Walmart") provides the following Comments to the Hearing Examiner's Report. Walmart supports the Hearing Examiner's recommendation that Virginia Electric and Power Company's ("Dominion or the Company") request for approval of six voluntary renewable energy tariffs (the "CRG Rate Schedules") be denied because (1) the Company failed to prove that the CRG Rate Schedules qualify as tariffs for "electric energy provided 100% from renewable energy" as required by § 56-577 A 5 of the Code of Virginia; and (2) Dominion did not prove that the CRG Rate Schedules as proposed were just and reasonable. Walmart further agrees with the Hearing Examiner that, if the CRG Rate Schedules are approved, they should be approved solely as experimental rates under § 56-234 B of the Virginia Code.

Copies of these Comments are being served on the parties as set forth in the attached Certificate of Service. Should you have any questions regarding this filing, please do not hesitate to contact me.

Sincerely,

SPILMAN THOMAS & BATTLE, PLLC
