SCHEDULE RF  
ENVIRONMENTAL ATTRIBUTES PURCHASE  
FROM RENEWABLE ENERGY FACILITIES  
(EXPERIMENTAL)

I. APPLICABILITY

- A. This Schedule is a companion to an approved embedded cost-based tariff, currently including the Company's Rate Schedule GS-1, Small General Service ("Schedule GS-1"); Rate Schedule GS-2, Intermediate General Service ("Schedule GS-2"); Rate Schedule GS-2T, Intermediate General Service Time-of-Usage ("Schedule GS-2T"); Rate Schedule GS-3, Large General Service – Secondary Voltage ("Schedule GS-3"); Rate Schedule GS-4, Large General Service – Primary Voltage ("Schedule GS-4"); and Rate Schedule 10, Large General Service ("Schedule 10"); and is applicable, on an experimental, voluntary basis, only to any Customer (i) electing to receive Electricity Supply Service and Electric Delivery Service from the Company in accordance with such approved embedded cost-based tariff ("Principal Tariff") at the Customer's service location under a Company-assigned electric service account number; and (ii) who is adding new load of at least 30,000,000 kWh annually at one account or in total across multiple accounts ("Qualifying Account(s)") in the Company's Virginia service territory. This Schedule may not be utilized in conjunction with any other companion schedule with the Principal Tariff, such as the Company's Schedule MBR – GS-3, Large General Service – Secondary Voltage (Experimental) or Schedule MBR – GS-4, Large General Service – Primary Voltage (Experimental).
- B. This Schedule is applicable only upon the Customer's and the Company's execution of (i) a Confirmation ("Confirmation"), pursuant to a Renewable Facility Agreement ("RFA"), providing for the Customer's purchase of environmental attributes from one or more new Renewable Energy facility(ies), pursuant to such Confirmation, and (ii) the Customer's and the Company's execution of the Agreement for Electric Service ("ESA") that memorializes the Customer's election of service under this Schedule for a term continuing through and until the latest termination date of any applicable Confirmation, pursuant to the RFA.
- C. "Renewable Energy" means electric energy (kWh) derived from sources as defined in Va. Code § 56-576. Such sources currently include sunlight, wind, falling water, biomass, sustainable or otherwise, (the definitions of which shall be liberally construed), energy from waste, landfill gas, municipal solid waste, wave motion, tides, and geothermal power. Renewable Energy does not include energy derived from coal, oil, natural gas, or nuclear power.

SCHEDULE RF  
ENVIRONMENTAL ATTRIBUTES PURCHASE  
FROM RENEWABLE ENERGY FACILITIES  
(EXPERIMENTAL)

(Continued)

IV. MONTHLY SCHEDULE RF CHARGE

The Schedule RF Charge will be added to the Customer's monthly bill for service under the Principal Tariff and, if applicable, the Principal Tariff for the Customer-identified Account(s), based upon each kWh of electrical energy delivered to the Company's grid by the Renewable Energy facility(ies) providing environmental attributes, pursuant to the terms of the applicable Confirmation and the RFA.

V. TERM OF CONTRACT

- A. The term of contract under this Schedule ("Term") shall commence upon all of the conditions being met in Paragraph I.B of this Schedule and shall continue through and coincide with the term of any applicable Confirmation pursuant to the RFA. For avoidance of doubt, such Term shall include the time from execution of any such Confirmation through and until the time the term of such Confirmation ends or such Confirmation is otherwise terminated by either the Company or the Customer in accordance with the Confirmation's terms. In the event the Customer and the Company execute multiple Confirmations pursuant to the RFA and to which this Schedule RF is applicable, the Term under this Schedule shall continue through and until the latest time the term of any such applicable Confirmation ends or is otherwise terminated by either the Company or the Customer in accordance with the Confirmation's terms.
- B. The Customer agrees during the Term under this Schedule that the Company shall be the exclusive provider of Electric Service, including Electricity Supply Service, for the Customer's Qualifying Account(s) and, if applicable, for any Customer-identified Account(s) to which this Schedule RF applies. For avoidance of doubt, if (i) no Confirmation to an RFA has been executed or (ii) all applicable Confirmations to an RFA have ended or otherwise been terminated by either the Company or the Customer in accordance with such Confirmations' terms, Schedule RF shall not apply and Customer may choose any available and applicable Company Rate Schedule or provider of Electricity Supply Service.
