VIRGINIA ELECTRIC AND POWER COMPANY

CASE NO. PUR-2021-00114

For revision of rate adjustment clause:  
Rider S, Virginia City Hybrid Energy Center,  
for the rate years commencing April 1, 2022, and  
April 1, 2023

ORDER FOR NOTICE AND HEARING

On June 8, 2021, Virginia Electric and Power Company ("Dominion" or "Company") filed with the State Corporation Commission ("Commission") a biennial update of the Company's rate adjustment clause, Rider S ("Application") pursuant to § 56-585.1 A 6 of the Code of Virginia ("Code").<sup>1</sup> Through its Application, the Company seeks to recover costs associated with the Virginia City Hybrid Energy Center ("VCHEC" or "Project"), a 600 megawatt nominal coal-fueled generating plant and associated transmission interconnection facilities located in Wise County, Virginia.<sup>2</sup>

In Case No. PUE-2007-00066,<sup>3</sup> the Commission approved Dominion's construction and operation of VCHEC and also approved a rate adjustment clause, designated Rider S, for

<sup>1</sup> On June 23, 2021, pursuant to 5 VAC 5-20-160 of the Commission's Rules of Practice and Procedure ("Rules of Practice"), 5 VAC 5-20-10 *et seq.*, the Commission's Staff ("Staff") filed a Memorandum of Completeness/Incompleteness stating that, upon granting the requested waiver, the Application was complete as of June 18, 2021, and that the Commission's final order in this matter is statutorily due in nine (9) months, or by March 18, 2021. See Code § 56-585.1 A 8.

<sup>3</sup> *Application of Virginia Electric and Power Company, For a certificate of public convenience and necessity to construct and operate an electric generation facility in Wise County, Virginia, and for approval of a rate adjustment clause under §§ 56-585.1, 56-580 D, and 56-46.1 of the Code of Virginia, Case No. PUE-2007-00066, 2008 S.C.C. Ann. Rept. 385, Final Order (Mar. 31, 2008).*

Dominion to recover costs associated with the development of the Project.<sup>4</sup> VCHEC became fully operational in 2012.<sup>5</sup>

In this proceeding, Dominion has asked the Commission to approve a biennial update procedure for Rider S with two consecutive rate years.<sup>6</sup> The proposed rate years for this proceeding are April 1, 2022, through March 31, 2023 ("Rate Year 1"), and April 1, 2023, through March 31, 2024 ("Rate Year 2").<sup>7</sup> The two components of the proposed total revenue requirement for Rate Year 1 are the Projected Cost Recovery Factor and the Actual Cost True-Up Factor.<sup>8</sup> For Rate Year 1, the Company is requesting a Projected Cost Recovery Factor revenue requirement of \$193,125,000 and an Actual Cost True-Up Factor revenue requirement of (\$1,593,000).<sup>9</sup> Thus, the Company is requesting a total revenue requirement of \$191,532,000 for service rendered during Rate Year 1.<sup>10</sup> The total revenue requirement for Rate Year 2 is comprised only of a Projected Cost Recovery Factor.<sup>11</sup> For Rate Year 2, Dominion seeks approval of a total revenue requirement of \$191,292,000.<sup>12</sup>

<sup>11</sup> Application at 7.

<sup>12</sup> *Id.* at 8; Direct Testimony of Christopher J. Lee at 10-11. For billing purposes, Dominion requests a rate effective date for usage on and after April 1, 2022, or the first day of the month that is at least 15 days following the date of any Commission order approving Rider S, if such date is later than April 1, 2022, for Rate Year 1. For Rate Year 2, the Company requests a rate effective date for usage on and after April 1, 2023. See Application at 9; Direct Testimony of Estafña M. Davis at 1.

For purposes of calculating the revenue requirements in this case, Dominion utilized an enhanced rate of return on common equity ("ROE") of 10.2%. This ROE comprises the general ROE of 9.2% approved by the Commission in Case No. PUR-2019-00050, plus a 100 basis point enhanced return applicable to a conventional coal generating station as described in Code § 56-585.1 A 6.<sup>13</sup>

If the proposed Rider S revenue requirements for Rate Year 1 and Rate Year 2 are approved, the impact on customer bills would depend on the customer's rate schedule and usage. According to Dominion, for Rate Year 1, implementation of its proposed Rider S on April 1, 2022, would increase the bill of a residential customer using 1,000 kilowatt hours per month by approximately \$0.09.<sup>14</sup> The Company states that, for Rate Year 2, implementation of its proposed Rider S on April 1, 2023, would increase the bill of a residential customer using 1,000 kilowatt hours per month by approximately \$0.02 as compared to Rate Year 1.<sup>15</sup> Dominion indicates it has calculated the proposed Rider S rates in accordance with the same methodology as used for rates approved by the Commission in the most recent Rider S proceeding, Case No. PUR-2020-00102.<sup>16</sup>

This Application is one of six filings Dominion made on or about June 8, 2021, for

Ann. Rept. 400, Final Order (Nov. 21, 2019). Dominion states the Commission will set an ROE in its pending triennial review proceeding, Case No. PUR-2021-00058, and the Commission-approved ROE will be applicable for use in the Projected Cost Recovery Factor component of the revenue requirement ultimately approved as part of this proceeding. *See Application at 6; Application of Virginia Electric and Power Company, For a 2021 triennial review of the rates, terms and conditions for the provision of generation, distribution and transmission services pursuant to § 56-585.1 A of the Code of Virginia*, Case No. PUR-2021-00058, Doc. recovery of funds related to capital projects. If the revenue requirements in these filings are approved as proposed, the cumulative impact would be a monthly increase of approximately \$0.41 for a residential customer using 1,000 kilowatt hours per month for the period April 1, 2022, through March 31, 2023.

Dominion also requests a waiver, in part, of Rules 20 VAC 5-204-60 ("Rule 60") and 20 VAC 5-204-90 ("Rule 90") of the Commission's Rules Governing Utility Rate Applications and Annual Informational Filings of Investor-Owned Electric Utilities, 20 VAC 5-204-5 *et seq.* ("Rate Case Rules") with respect to Schedule 46. Rule 60 states that an application for a rate adjustment clause filed pursuant to Chapter 23 of Title 56 of the Code shall include Schedule 46, which is entitled "Rate Adjustment Clauses and Prudency Determinations Pursuant to Chapter 23 (§ 56-576 *et seq.*) of the Code of Virginia."<sup>17</sup> Schedule 46 requires an applicant to provide certain information, including "[k]ey documents supporting the projected and actual costs recovered through the rate adjustment clause, such as: economic analyses, support used by senior management for major cost decisions as determined by the applicant, contracts, studies, investigations, results from requests for proposals, cost-benefit analyses, and other items supporting the costs that have not been provided in previous applications." According to Dominion, the supporting documentation responsive to this requirement is voluminous and therefore the Company proposes to provide the documentation in electronic format only.<sup>18</sup>

Finally, in conjunction with the filing of its Application, the Company filed the Motion of Virginia Electric and Power Company for Entry of a Protective Ruling ("Motion for Protective Ruling") and a proposed protective ruling that establishes procedures governing the use of confidential information in this proceeding.

<sup>17</sup> Application at 11-12.

<sup>18</sup> *Id.* at 11.

NOW THE COMMISSION, upon consideration of this matter, is of the opinion and finds that this matter should be docketed; the Company should provide public notice of its Application; public hearings should be scheduled for the purpose of receiving testimony and evidence on the Application; interested persons should have an opportunity to file comments on the Application or to participate in this proceeding as a respondent; and the Staff should be directed to investigate the Application and to file testimony and exhibits containing its findings and recommendations thereon.

We find that a Hearing Examiner should be assigned to conduct all further proceedings in this matter on behalf of the Commission, including ruling on the Company's Motion for Protective Ruling and filing a final report containing the Hearing Examiner's findings and recommendations.

Further, for purposes of making the Application complete and commencing this proceeding, we grant Dominion's request to waive in part the requirements under Rule 60 and Rule 90 of the Rate Case Rules with respect to the filing of certain Schedule 46 materials.

The Commission takes judicial notice of the ongoing public health emergency related to the spread of the coronavirus, or COVID-19, and the declarations of emergency issued at both the state and federal levels.<sup>19</sup> The Commission has taken certain actions, and may take additional actions going forward, which could impact the procedures in this proceeding.<sup>20</sup> Consistent with these actions, in regard to the terms of the procedural framework established below, the Commission will, among other things, direct the electronic filing of testimony and pleadings unless they contain confidential information, and require electronic service on parties to this proceeding.

We note that the proposed Rider S, if approved, would result in an increase to customer bills. We realize that the current COVID-19 public health crisis has caused devastating economic effects that impact utility customers. We have responded to this economic emergency by, among other actions, directing Virginia utilities to offer extended payment plans, without late fees for those who are current on such plans, to protect customers from service disconnection. We are sensitive to the effects of rate increases, especially in times such as these. The Commission, however, must and will follow the laws applicable to this case, as well as the findings of fact supported by evidence in the record.

VIRGINIA ELECTRIC AND POWER COMPANY  
D/B/A DOMINION ENERGY VIRGINIA  
FOR APPROVAL OF A RATE ADJUSTMENT CLAUSE:  
RIDER S, VIRGINIA CITY HYBRID ENERGY CENTER  
CASE NO. PUR-2021-00114

- Virginia Electric and Power Company d/b/a Dominion Energy Virginia ("Dominion") has applied for approval to revise its rate adjustment clause, Rider S.
- In this case, Dominion has asked the State Corporation Commission ("Commission") to approve a biennial update procedure for Rider S with two consecutive rate years. The proposed rate years for this proceeding are April 1, 2022 through March 31, 2023 ("Rate Year 1"), and April 1, 2023, through March 31, 2024 ("Rate Year 2").
- For Rate Year 1, Dominion requests a revenue requirement of \$191,532,000, which would increase the bill of a typical residential customer using 1,000 kilowatt hours of electricity per month by \$0.09.
- For Rate Year 2, Dominion requests a revenue requirement of \$191,292,000, which would increase the bill of a typical residential customer using 1,000 kilowatt hours of electricity per month by \$0.02 as compared to Rate Year 1.
- A Hearing Examiner appointed by the Commission will hold a telephonic hearing in this case on December 14, 2021, at 10 a.m., for the receipt of public witness testimony.
- An evidentiary hearing will be held on December 15, 2021, at 10 a.m., either in the Commission's second floor courtroom located in the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, or by electronic means. Further details on this hearing will be provided by subsequent Commission Order or Hearing Examiner's Ruling.
- Further information about this case is available on the SCC website at: [scc.virginia.gov/pages/Case-Information](http://scc.virginia.gov/pages/Case-Information).

On June 8, 2021, Virginia Electric and Power Company ("Dominion" or "Company") filed with the State Corporation Commission ("Commission") a biennial update of the Company's rate adjustment clause, Rider S ("Application") pursuant to § 56-585.1 A 6 of the Code of Virginia ("Code"). Through its Application, the Company seeks to recover costs associated with the Virginia City Hybrid Energy Center ("VCHEC" or "Project"), a 600 megawatt nominal coal-fueled generating plant and associated transmission interconnection facilities located in Wise County, Virginia.

In Case No. PUE-2007-00066, the Commission approved Dominion's construction and operation of VCHEC and also approved a rate adjustment clause, designated Rider S, for Dominion to recover costs associated with the development of the Project. VCHEC became fully operational in 2012.

In this proceeding, Dominion has asked the Commission to approve a biennial update procedure for Rider S with two consecutive rate years. The proposed rate years for this proceeding are April 1, 2022, through March 31, 2023 ("Rate Year 1"), and April 1, 2023, through March 31, 2024 ("Rate Year 2"). The two components of the proposed total revenue requirement for Rate Year 1 are the Projected Cost Recovery Factor and the Actual Cost True-Up Factor. For Rate Year 1, the Company is requesting a Projected Cost Recovery Factor revenue requirement of \$193,125,000 and an Actual Cost True-Up Factor revenue requirement of (\$1,593,000). Thus, the Company is requesting a total revenue requirement of \$191,532,000 for service rendered during Rate Year 1. The total revenue requirement for Rate Year 2 is comprised only of a Projected Cost Recovery Factor. For Rate Year 2, Dominion seeks approval of a total revenue requirement of \$191,292,000.

For purposes of calculating the revenue requirements in this case, Dominion utilized an enhanced rate of return on common equity ("ROE") of 10.2%. This ROE comprises the general ROE of 9.2% approved by the Commission in Case No. PUR-2019-00050, plus a 100 basis point enhanced return applicable to a conventional coal generating station as described in Code § 56-585.1 A 6.

If the proposed Rider S revenue requirements for Rate Year 1 and Rate Year 2 are approved, the impact on customer bills would depend on the customer's rate schedule and usage. According to Dominion, for Rate Year 1, implementation of its proposed Rider S on April 1, 2022, would increase the bill of a residential customer using 1,000 kilowatt hours of electricity per

month by approximately \$0.09. The Company states that, for Rate Year 2, implementation of its proposed Rider S on April 1, 2023, would increase the bill of a residential customer using 1,000 kilowatt hours of electricity per month by approximately \$0.02 as compared to Rate Year 1. Dominion indicates it has calculated the proposed Rider S rates in accordance with the same methodology as used for rates approved by the Commission in the most recent Rider S proceeding, Case No. PUR-2020-00102.

This Application is one of six filings Dominion made on or about June 8, 2021, for recovery of funds related to capital projects. If the revenue requirements in these filings are approved as proposed, the cumulative impact would be a monthly increase of approximately \$0.41 for a residential customer using 1,000 kilowatt hours of electricity per month.

Interested persons are encouraged to review Dominion's Application and supporting documents in full for details about these and other proposals.

TAKE NOTICE that the Commission may apportion revenues among customer classes and/or design rates in a manner differing from that shown in the Application and supporting documents and thus may adopt rates that differ from those appearing in the Company's Application and supporting documents.

The Commission entered an Order for Notice and Hearing that, among other things, scheduled public hearings on Dominion's Application. On December 14, 2021, at 10 a.m., a Hearing Examiner appointed by the Commission will hold a telephonic hearing for the purpose of receiving the testimony of public witnesses, with no public witness present in the Commission's courtroom. On or before December 10, 2021, any person desiring to offer testimony as a public witness shall provide to the Commission (a) your name, and (b) the telephone number that you wish the Commission to call during the hearing to receive your testimony. This information may be provided to the Commission in three ways: (i) by filling out a form on the Commission's website at [scc.virginia.gov/pages/Webcasting](http://scc.virginia.gov/pages/Webcasting); (ii) by completing and emailing the PDF version of this form to [SCCInfo@scc.virginia.gov](mailto:SCCInfo@scc.virginia.gov); or (iii) by calling (804) 371-9141. This public witness hearing will be webcast at [scc.virginia.gov/pages/Webcasting](http://scc.virginia.gov/pages/Webcasting).

On December 15, 2021, at 10 a.m., either in the Commission's second floor courtroom located in the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, or by

electronic means, a Hearing Examiner appointed by the Commission will convene a hearing to receive testimony and evidence offered by the Company, any respondents, and the Commission's Staff on the Company's Application. Further details on this hearing will be provided by subsequent Commission Order or Hearing Examiner's Ruling.
