PETITION OF

VIRGINIA ELECTRIC AND POWER COMPANY

CASE NO. PUR-2023-00171

For revision of a rate adjustment clause
designated Rider SNA under § 56-585.1 A 6
of the Code of Virginia

ORDER FOR NOTICE AND HEARING

On October 3, 2023, Virginia Electric and Power Company ("Dominion" or "Company") filed a petition ("Petition") with the State Corporation Commission ("Commission") for revision of a rate adjustment clause ("RAC"), Rider SNA, for the costs associated with the preparation of the applications for Subsequent License Renewal ("SLR") to the Nuclear Regulatory Commission to extend the operating licenses (the "SLR Component"), and the projects reasonably appropriate to upgrade or replace systems and equipment deemed to be necessary to operate Dominion's Surry Units 1 and 2 and North Anna Units 1 and 2 safely and reliably in the extended period of operation (the "Capital Upgrade Component") (collectively, the SLR Component and the Capital Upgrade Component comprise the "Program").¹ The Company seeks revision of Rider SNA for the rate year commencing September 1, 2024 through August 31, 2025 ("Rate Year").²

The Petition explains that in Case No. PUR-2021-00229, the Commission approved Phase I of the Program, consisting of the Company's subsequent license renewal applications and

33 Capital Upgrade Component projects.³ The total estimated costs for Phase I are approximately \$1.2 billion.⁴ The Company filed the instant Petition as the second annual update to Rider SNA pursuant to the Commission's Final Order in Case No. PUR-2022-00162.⁵

In its Petition, Dominion states that Phase I of the Program is proceeding on time and on budget, and that the Company received license renewals for the Surry Units on May 4, 2021.⁶ The Company asserts that it continues to pursue the subsequent license renewal application for North Anna Units 1 and 2 and has submitted materials to the Nuclear Regulatory Commission ("NRC").⁷ The Company states that the NRC is scheduled to issue the supplemental safety evaluation report and the draft supplemental environmental impact statement in October 2023.⁸ The Company further asserts that it expects to receive the North Anna SLR in July 2024, which is prior to the commencement of the Rate Year in this proceeding.⁹ The Company states that in this proceeding, it is seeking to recover costs for North Anna incurred after February 28, 2022, which were deferred pursuant to the Commission's 2021 Rider SNA Final Order.¹⁰

The Company asserts it has continued to implement the Capital Upgrade Component projects consistent with the scheduled station outages and outage events at both stations, and that it has successfully performed work on six projects at Surry and one project at North Anna during the scheduled outages.¹¹

The three components of the revenue requirement for Rider SNA are the Projected Cost Recovery Factor, the Allowance for Funds Used During Construction ("AFUDC") Cost Recovery Factor, and the Actual Cost True-Up Factor.¹² According to the Petition, the Projected Cost Recovery Factor consists of projected net plant balances as of the month-end immediately preceding the Rate Year (*i.e.*, as of August 31, 2024) in determination of the rate base and the calculation of financing costs on rate base.¹³ The AFUDC Cost Recovery Factor represents the amortization of the unrecovered AFUDC accrued from March 1, 2022, through August 31, 2022. According to the Petition, the additional AFUDC is the remainder of financing costs on North Anna Units 1 and 2 deferred for recovery in Case No. PUR-2021-00229.¹⁴ The Actual Cost True-Up Factor will recover from, or credit to, customers any under-/over-recovery of costs from the most recently completed calendar year.¹⁵

The total revenue requirement requested for recovery for the Rate Year through Rider SNA is \$94,941,005.¹⁶ The Company asserts that it has allocated costs to the Virginia

jurisdiction and customer classes using its 2022 Production Demand Allocation Factor, consistent with the way production plant costs for the Surry and North Anna facilities are allocated in the cost of service.¹⁷

If the proposed Rider SNA is approved as proposed, it would incrementally increase the residential customer's monthly bill, based on 1,000 kilowatt hours per month, by \$0.85 compared to the current Rider SNA.¹⁸

Dominion also requests a waiver, in part, of Rules 20 VAC 5-204-60 ("Rule 60") and 20 VAC 5-204-90 ("Rule 90") of the Commission's Rules Governing Utility Rate Applications and Annual Informational Filings of Investor-Owned Electric Utilities, 20 VAC 5-204-5 *et seq.* ("Rate Case Rules") with respect to Schedule 46. Rule 60 states that an application for a rate adjustment clause filed pursuant to Chapter 23 of Title 56 of the Code of Virginia ("Code") shall include Schedule 46, which is entitled "Rate Adjustment Clauses and Prudency Determinations Pursuant to Chapter 23 (§ 56-576 *et seq.*) of the Code of Virginia." Schedule 46 requires an applicant to provide certain information, including:

[k]ey documents supporting the projected and actual costs recovered through the rate adjustment clause, such as: economic analyses, support used by senior management for major cost decisions as determined by the applicant, contracts, studies, investigations, results from requests for proposals, cost-benefit analyses, and other items supporting the costs that have not been provided in previous applications.¹⁹

According to Dominion, the supporting documentation responsive to this requirement is voluminous and therefore the Company proposes to provide the documentation in electronic format only.²⁰

Finally, in conjunction with the filing of its Petition, the Company filed the Motion of Virginia Electric and Power Company for Entry of Protective Ruling ("Motion for Protective Ruling") and a proposed protective ruling to establish procedures governing the use of confidential information in this proceeding.²¹

NOW THE COMMISSION, upon consideration of this matter, is of the opinion and finds that this matter should be docketed; Dominion should provide public notice of its Petition; public hearings should be scheduled for the purpose of receiving testimony and evidence on the Petition; interested persons should have an opportunity to file comments on the Petition or to participate in this proceeding as a respondent; and the Staff of the Commission ("Staff") should be directed to investigate the Petition and file testimony and exhibits containing its findings and recommendations thereon.

We find that a Hearing Examiner should be assigned to conduct all further proceedings in this matter on behalf of the Commission, including ruling on the Company's Motion for Protective Ruling and filing a final report containing the Hearing Examiner's findings and recommendations.

To promote administrative efficiency and timely service of filings upon participants, the Commission will, among other things, direct the electronic filing of pleadings, unless they contain confidential information, and require electronic service on parties to this proceeding.

(3) Pursuant to 5 VAC 5-20-140, *Filing and service*, of the Rules of Practice, the Commission directs that service on parties and Staff in this matter shall be accomplished by electronic means. Concerning Confidential or Extraordinarily Sensitive Information, all parties and Staff are instructed to work together to agree upon the manner in which documents containing such information shall be served upon one another, to the extent practicable, in an electronically protected manner, even if such information is unable to be filed in the Office of the Clerk, so that no party or Staff is impeded from preparing its case.

(4) As provided by § 12.1-31 of the Code and Rule 5 VAC 5-20-120, *Procedure before hearing examiners*, of the Rules of Practice, a Hearing Examiner is appointed to conduct all further proceedings in this matter on behalf of the Commission, including ruling on the

Company's Motion for Protective Order. A copy of each filing made with the Commission's Clerk's office in this matter shall also be sent electronically to the Office of the Hearing Examiners.²³

scc.virginia.gov/pages/CaseInformation.

On October 3, 2023, Virginia Electric and Power Company ("Dominion" or "Company") filed a petition ("Petition") with the State Corporation Commission ("Commission") for revision of a rate adjustment clause ("RAC"), Rider SNA, for the costs associated with the preparation of the applications for Subsequent License Renewal ("SLR") to the Nuclear Regulatory Commission to extend the operating licenses (the "SLR Component"), and the

projects reasonably appropriate to upgrade or replace systems and equipment deemed to be necessary to operate Dominion's Surry Units 1 and 2 and North Anna Units 1 and 2 safely and reliably in the extended period of operation (the "Capital Upgrade Component") (collectively, the SLR Component and the Capital Upgrade Component comprise the "Program"). The Company seeks revision of Rider SNA for the rate year commencing September 1, 2024 through August 31, 2025 ("Rate Year").

The Petition explains that in Case No. PUR-2021-00229, the Commission approved Phase I of the Program, consisting of the Company's subsequent license renewal applications and 33 Capital Upgrade Component projects. The total estimated costs for Phase I are approximately \$1.2 billion. The Company filed the instant Petition as the second annual update to Rider SNA pursuant to the Commission's Final Order in Case No. PUR-2022-00162.

In its Petition, Dominion states that Phase I of the Program is proceeding on time and on budget, and that the Company received license renewals for the Surry Units on May 4, 2021. The Company asserts that it continues to pursue the subsequent license renewal application for North Anna Units 1 and 2 and has submitted materials to the Nuclear Regulatory Commission ("NRC"). The Company states that the NRC is scheduled to issue the supplemental safety evaluation report and the draft supplemental environmental impact statement in October 2023. The Company further asserts that it expects to receive the North Anna SLR in July 2024, which is prior to the commencement of the Rate Year in this proceeding. The Company states that in this proceeding, it is seeking to recover costs for North Anna incurred after February 28, 2022, which were deferred pursuant to the Commission's 2021 Rider SNA Final Order.

The Company asserts it has continued to implement the Capital Upgrade Component projects consistent with the scheduled station outages and outage events at both stations, and that it has successfully performed work on six projects at Surry and one project at North Anna during the scheduled outages.

The three components of the revenue requirement for Rider SNA are the Projected Cost Recovery Factor, the Allowance for Funds Used During Construction ("AFUDC") Cost Recovery Factor, and the Actual Cost True-Up Factor. According to the Petition, the Projected Cost Recovery Factor consists of projected net plant balances as of the month-end immediately preceding the Rate Year (*i.e.*, as of August 31, 2024) in determination of the rate

base and the calculation of financing costs on rate base. The AFUDC Cost Recovery Factor represents the amortization of the unrecovered AFUDC accrued from March 1, 2022, through August 31, 2022. According to the Petition, the additional AFUDC is the remainder of financing costs on North Anna Units 1 and 2 deferred for recovery in Case No. PUR-2021-00229. The Actual Cost True-Up Factor will recover from, or credit to, customers any under-/over-recovery of costs from the most recently completed calendar year.

The total revenue requirement requested for recovery for the Rate Year through Rider SNA is \$94,941,005. The Company asserts that it has allocated costs to the Virginia jurisdiction and customer classes using its 2022 Production Demand Allocation Factor, consistent with the way production plant costs for the Surry and North Anna facilities are allocated in the cost of service.

If the proposed Rider SNA is approved as proposed, it would incrementally increase the residential customer's monthly bill, based on 1,000 kilowatt hours per month, by \$0.85 compared to the current Rider SNA.

Interested persons are encouraged to review the Petition and supporting documents for the details of these and other proposals.

TAKE NOTICE that the Commission may apportion revenues among customer classes and/or design rates in a manner differing from that shown in the Petition and supporting documents and thus may adopt rates that differ from those appearing in the Company's Petition and supporting documents.

The Commission entered an Order for Notice and Hearing in this proceeding that, among other things, scheduled a public hearing on Dominion's Petition. On April 24, 2024, at 10 a.m., the Hearing Examiner appointed to this case will hold the telephonic portion of the hearing for the purpose of receiving the testimony of public witnesses. On or before April 17, 2024, any person desiring to offer testimony as a public witness shall provide to the Commission (a) your name, and (b) the telephone number that you wish the Commission to call during the hearing to receive your testimony. This information may be provided to the Commission in three ways: (i) by filling out a form on the Commission's website at scc.virginia.gov/pages/Webcasting; (ii) by completing and emailing the PDF version of this form to SCCInfo@scc.virginia.gov; or (iii) by calling (804) 371-9141.

This public witness hearing will be webcast at scc.virginia.gov/pages/Webcasting.

Beginning at 10 a.m. on April 24, 2024, the Hearing Examiner will telephone sequentially each person who has signed up to testify as provided above.

Beginning at 10 a.m. on April 24, 2024, or at the conclusion of the public witness portion of the hearing, whichever is later, in the Commission's second floor courtroom located in the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, the Hearing Examiner will convene a hearing to receive testimony and evidence related to the Petition from the Company, any respondents, and the Commission's Staff.

To promote administrative efficiency and timely service of filings upon participants, the Commission has directed the electronic filing of testimony and pleadings, unless they contain confidential information, and has required electronic service on parties to this proceeding.

An electronic copy of the public version of the Company's Petition may be obtained by submitting a written request to counsel for the Company: Timothy D. Patterson, Esquire, McGuireWoods LLP, 800 East Canal Street, Richmond, Virginia, 23219, or tpatterson@mcguirewoods.com.
