APPLICATION OF

VIRGINIA ELECTRIC AND POWER COMPANY

CASE NO. PUR-2020-00122

For revision of rate adjustment clause:
Rider US-3, Colonial Trail West and
Spring Grove 1 Solar Projects, for the
rate year commencing June 1, 2021

ORDER FOR NOTICE AND HEARING

On July 1, 2020, Virginia Electric and Power Company d/b/a Dominion Energy Virginia ("Dominion" or "Company"), pursuant to § 56-585.1 A 6 of the Code of Virginia ("Code"), filed with the State Corporation Commission ("Commission") an annual update of the Company's rate adjustment clause, Rider US-3 ("Application"). Through its Application, the Company seeks to recover costs associated with two utility scale solar photovoltaic generating facilities: (i) the Colonial Trail West Solar Facility, an approximately 142 megawatt ("MW") (nominal alternating current ("AC")) facility located in Surry County; and (ii) the Spring Grove 1 Solar Facility, an approximately 98 MW AC facility located in Surry County (collectively, "US-3 Solar Projects" or "Projects").¹ Dominion also filed a Motion for Entry of a Protective Ruling ("Motion for Protective Ruling"), as well as a proposed Protective Ruling with its Application.

On January 24, 2019, and April 15, 2019, respectively, the Commission approved Dominion's construction and operation of the US-3 Solar Projects and also approved a rate adjustment clause, designated Rider US-3, for the Company to recover costs associated with the

construction of the Projects.² On March 20, 2020, the Commission approved the first annual update to Rider US-3 and directed the Company to file its next Rider US-3 annual update on or after July 1, 2020.³

In this proceeding, Dominion has asked the Commission to approve Rider US-3 for the rate year beginning June 1, 2021, and ending May 31, 2022 ("2021 Rate Year").⁴ The two key components of the proposed total revenue requirement for the 2021 Rate Year are the Projected Cost Recovery Factor and the Actual Cost True-Up Factor.⁵ The Company is requesting recovery of a Projected Cost Recovery Factor revenue requirement of approximately \$33,154,062 and an Actual Cost True-Up Factor revenue requirement of \$5,545,991, resulting in a 2021 Rate Year total revenue requirement of \$38,700,053.⁶ The Company is utilizing a rate of return on common equity of 9.2% in this proceeding consistent with the Commission's Final Order in Case No. PUR-2019-00050.⁷

² *Petition of Virginia Electric and Power Company, For approval and certification of the proposed US-3 Solar Projects pursuant to §§ 56-580 D and 56-46.1 of the Code of Virginia, and for approval of a rate adjustment clause, designated Rider US-3, under § 56-585.1 A 6 of the Code of Virginia*, Case No. PUR-2018-00101, Doc. Con. Cen. No. 190140132, Order Granting Certificates (Jan. 24, 2019), and Doc. Con. Cen. No. 190420099, Order Approving Rate Adjustment Clause (Apr. 15, 2019).

Con. Cen. No. 191130006, Final Order (Nov. 21, 2019).

If the proposed Rider US-3 for the 2021 Rate Year is approved, the impact on customer bills would depend on the customer's rate schedule and usage. According to Dominion, implementation of its proposed Rider US-3 on June 1, 2021, would increase the bill of a residential customer using 1,000 kilowatt hours per month by approximately \$0.16.⁸

Dominion requests that the Commission waive, in part, the requirements under Rules 20 VAC 5-201-60 ("Rule 60") and 20 VAC 5-201-90 ("Rule 90") of the Rules Governing Utility Rate Applications and Annual Informational Filings⁹ with respect to Schedule 45.¹⁰ Rule 60 requires that an application filed pursuant to Code § 56-585.1 A 6 include Schedule 45, "Return on Equity Peer Group Benchmark," with the utility's direct testimony. Rule 90 states that Schedule 45 must include "documentation supporting the return on equity benchmark proposed pursuant to § 56-585.1 A 2 a and b of the Code" In support of its request for waiver of Schedule 45, Dominion states that pursuant to the provisions of Code §§ 56-585.1 and 56-585.1:1, and consistent with recent Commission orders granting similar limited waivers,¹¹ a return on equity determination is not to be made in this proceeding.¹²

Dominion also requests that the Commission waive, in part, the requirements under Rule 60 and Rule 90 with respect to paper copies of certain Schedule 46 materials.¹³ Rule 60

requires that an application filed pursuant to Code § 56-585.1 A 6 include Schedule 46, "Projected Rate Adjustment Clause Pursuant to § 56-585.1 A 4, A 5 b, c and d or A 6 of the Code of Virginia," with the utility's direct testimony. Rule 90 states that the Company must "provide all documents, contracts, studies, investigations or correspondence that support projected costs proposed to be recovered via a rate adjustment clause." According to Dominion, the supporting documentation responsive to this request is voluminous and therefore the Company proposes to provide the documentation in electronic format only.¹⁴

Dominion further requests a waiver, in part, of the Rule 60 and Rule 90 requirements with respect to the portions of Filing Schedule 46 related to approval of the US-3 Solar Projects as required by public convenience and necessity.¹⁵ Specifically, the Company requests a continuous and ongoing waiver of the portions of Schedule 46 related to approval of the US-3 Solar Projects as required by the public convenience and necessity ("CPCN-related information").¹⁶ In support of its request for waiver, the Company asserts that such CPCN-related information does not directly pertain to the relief requested in this 2020 Annual Update and, further, such information has already been provided, or findings related to these topics have already been made by the Commission in Case No. PUR-2018-00101.¹⁷

Finally, in conjunction with the filing of its Application on July 1, 2020, the Company filed a Motion for Protective Ruling and a proposed Protective Ruling that establishes procedures governing the use of confidential information in this proceeding.

NOW THE COMMISSION, upon consideration of this matter, is of the opinion and finds that this matter should be docketed; Dominion should provide public notice of its Application; a public hearing should be scheduled for the purpose of receiving testimony and evidence on the Application; interested persons should have an opportunity to file comments on the Application or participate as a respondent in this proceeding; and the Staff of the Commission ("Staff") should be directed to investigate the Application and file testimony and exhibits containing its findings and recommendations thereon. We further find that a Hearing Examiner should be assigned to conduct all further proceedings in this matter on behalf of the Commission, including filing a final report containing the Hearing Examiner's findings and recommendations.

We grant Dominion's request to waive, in part, Schedule 45 and Schedule 46 requirements for purposes of commencing this proceeding. We also grant the Company's request for a limited, ongoing partial waiver of Schedule 46 requirements regarding CPCN-related information, which has previously been filed and reviewed as part of Case No. PUR-2018-00101. By granting this limited waiver, the Commission is not ruling on the relevance, if any, that CPCN-related information required by Schedule 46 may have in this proceeding or any future Rider US-3 proceedings.¹⁸

The Commission further takes judicial notice of the ongoing public health emergency related to the spread of the coronavirus, or COVID-19, and the declarations of emergency issued

at both the state and federal levels.¹⁹ The Commission has taken certain actions, and may take additional actions going forward, that could impact the procedures in this proceeding.²⁰

Consistent with these actions, in regard to the terms of the procedural framework established below, the Commission will, among other things, direct the electronic filing of testimony and pleadings unless they contain confidential information and will require electronic service on parties to this proceeding.

For clarification, we note that the proposed Rider US-3, if approved, would result in an increase to customer bills. We realize that the current COVID-19 public health crisis has caused devastating economic effects that impact all utility customers. We have responded to this economic emergency by, among other actions, temporarily suspending customer service disconnections for customers of Virginia utilities during the pandemic emergency.²¹ We are

NOTICE TO THE PUBLIC OF
THE APPLICATION OF VIRGINIA ELECTRIC
AND POWER COMPANY FOR REVISION OF
RATE ADJUSTMENT CLAUSE: RIDER US-3,
COLONIAL TRAIL WEST AND
SPRING GROVE 1 SOLAR PROJECTS
CASE NO. PUR-2020-00122

- **Virginia Electric and Power Company d/b/a Dominion Energy Virginia ("Dominion") has applied for approval to revise its rate adjustment clause Rider US-3.**
- Dominion requests a total revenue requirement of approximately \$38.7 million for its 2021 Rider US-3. According to Dominion, this amount would increase the monthly bill of a typical residential customer using 1,000 kilowatt hours per month by approximately \$0.16.**
- **A Hearing Examiner appointed by the Commission will hear the case on January 12, 2021, at 10 a.m.**

On July 1, 2020, Virginia Electric and Power Company d/b/a Dominion Energy Virginia ("Dominion" or "Company"), pursuant to § 56-585.1 A 6 of the Code of Virginia, filed with the State Corporation Commission ("Commission") an annual update of the Company's rate adjustment clause, Rider US-3 ("Application"). Through its Application, the Company seeks to recover costs associated with two utility scale solar photovoltaic generating facilities: (i) the Colonial Trail West Solar Facility, an approximately 142 megawatt ("MW") (nominal alternating current ("AC")) facility located in Surry County; and (ii) the Spring Grove 1 Solar Facility, an approximately 98 MW AC facility located in Surry County (collectively, "US-3 Solar Projects" or "Projects"). Dominion also filed a Motion for Entry of a Protective Ruling, as well as a proposed Protective Ruling with its Application.

On January 24, 2019, and April 15, 2019, respectively, the Commission approved Dominion's construction and operation of the US-3 Solar Projects and also approved a rate adjustment clause, designated Rider US-3, for the Company to recover costs associated with the construction of the Projects. On March 20,

2020, the Commission approved the first annual update to Rider US-3 and directed the Company to file its next Rider US-3 annual update on or after July 1, 2020.

In this proceeding, Dominion has asked the Commission to approve Rider US-3 for the rate year beginning June 1, 2021, and ending May 31, 2022 ("2021 Rate Year"). The two key components of the proposed total revenue requirement for the 2021 Rate Year are the Projected Cost Recovery Factor and the Actual Cost True-Up Factor. The Company is requesting recovery of a Projected Cost Recovery Factor revenue requirement of approximately \$33,154,062 and an Actual Cost True-Up Factor revenue requirement of \$5,545,991, resulting in a 2021 Rate Year total revenue requirement of \$38,700,053. The Company is utilizing a rate of return on common equity of 9.2% in this proceeding consistent with the Commission's Final Order in Case No. PUR-2019-00050.

If the proposed Rider US-3 for the 2021 Rate Year is approved, the impact on customer bills would depend on the customer's rate schedule and usage. According to Dominion, implementation of its proposed Rider US-3 on June 1, 2021, would increase the bill of a residential customer using 1,000 kilowatt hours per month by approximately \$0.16.

Interested persons are encouraged to review the Application and supporting documents for the details of these and other proposals.

TAKE NOTICE that the Commission may apportion revenues among customer classes and/or design rates in a manner differing from that shown in the Application and supporting documents and thus may adopt rates that differ from those appearing in the Company's Application and supporting documents.

A public hearing on the Application shall be convened on January 12, 2021, at 10 a.m., to receive testimony of public witnesses and the evidence of the Company, any respondents, and the Commission's Staff. Further details on the hearing will be provided by subsequent Commission Order or Hearing Examiner's Ruling.

The Commission has taken judicial notice of the ongoing public health emergency related to the spread of the coronavirus,

or COVID-19, and the declarations of emergency issued at both the state and federal levels. In accordance therewith, all pleadings, briefs, or other documents required to be served in this matter should be submitted electronically to the extent authorized by 5 VAC 5-20-150, *Copies and format*, of the Commission's Rules of Practice and Procedure ("Rules of Practice"). Confidential and Extraordinarily Sensitive information shall not be submitted electronically and should comply with 5 VAC 5-20-170, *Confidential information*, of the Rules of Practice. For the duration of the COVID-19 emergency, any person seeking to hand deliver and physically file or submit any pleading or other document shall contact the Clerk's Office Document Control Center at (804) 371-9838 to arrange the delivery.

Pursuant to 5 VAC 5-20-140, *Filing and service*, of the Commission's Rules of Practice, the Commission has directed that service on parties and the Commission's Staff in this matter shall be accomplished by electronic means. Please refer to the Commission's Order for Notice and Hearing for further instructions concerning Confidential or Extraordinarily Sensitive Information.

An electronic copy of the Company's Application may be obtained by submitting a written request to counsel for the Company, Audrey T. Bauhan, Esquire, Dominion Energy Services, Inc., 120 Tredegar Street, Richmond, Virginia 23219, or audrey.t.bauhan@dominionenergy.com.
