

## **Life & Health Consumer Services Section (CSS) Procedures to Handle Provider Complaints**

Provider complaints must be submitted to the Bureau of Insurance by completing the form below and including any supporting documents. The information can be submitted in several ways as noted on the form.

### **Step 1:**

**Within two business days of receiving the provider complaint**, the CSS Representative will acknowledge the complaint, verifying the complaint is complete and properly filed.

- **If the provider complaint is related to an individual complainant**, the CSS Representative will request patient authorization. Complaint will be closed until authorization is received.
- **If a provider files an Ethics and Fairness (E&F) complaint under Section [38.2-3407.15](#) of the Code of Virginia (the Code)**. The CSS Representative will request the provider contract, if not submitted with the complaint. The complaint will be closed until the contract is received.
- **If a provider files a complaint under Section [38.2-237](#) of the Code** and fails to include documentation of non-compliance or details of a potential general business practice, the CSS Representative will request that the provider supply this information/documentation. The complaint will be closed until further information is received.

### **Step 2:**

**Within two business days of receiving a complete and properly filed complaint**, the CSS Representative will contact the carrier, asking the carrier for the following:

- 1) A response within 15 calendar days. An extension of 15 calendar days may be allowed when the carrier provides sufficient reason for the extension;
- 2) A spreadsheet of impacted claims with applicable interest for Virginia fully-insured members; and
- 3) A response to the issues noted in the complaint.

### **Review of the carrier's response and documentation**

CSS Representative will:

- 1) Review the case for potential violations of § 38.2-3407.15 of the Code (E&F complaints) or other Virginia insurance laws/regulations (§ 38.2-237 complaints), as applicable.
- 2) Update the provider every **20 business days** during the complaint investigation.
- 3) When the investigation is completed, respond to the provider with results of the investigation and elements that involve Virginia fully-insured claims, and explain steps taken to deter the issues from reoccurring.
