October 3, 2023

Dr. David N. Essah:

Pursuant to Rule 10 of the Filing Requirements in Support of Applications for Authority to Construct and Operate Electric Generating Facilities of the State Corporation Commission of Virginia, 20 VAC 5-301-10, this letter is to inform you that Virginia Electric and Power Company desires to acquire and operate an electric generating facility with a rated capacity of less than five megawatts. Specifically, Virginia Electric and Power Company plans to acquire and operate the Peppertown Solar Facility, an approximately 4.98 MW AC facility located at 4196 Peppertown Road, Mechanicsville, Virginia 23111. The fuel source for this project will be sunlight. Virginia Electric and Power Company will comply with all other requirements of federal, state, and local law related to the acquisition and operation of this facility.

Sincerely,

A handwritten signature in blue ink that reads "Todd Flowers". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Todd Flowers
