APPLICATION OF

VIRGINIA ELECTRIC AND POWER COMPANY

CASE NO. PUR-2020-00230

For revision of rate adjustment clause: Rider BW,
Brunswick County Power Station, for the Rate Year
Commencing September 1, 2021

ORDER FOR NOTICE AND HEARING

On October 5, 2020, Virginia Electric and Power Company d/b/a Dominion Energy Virginia ("Dominion" or "Company"), pursuant to § 56-585.1 A 6 of the Code of Virginia ("Code") and the State Corporation Commission's ("Commission") Final Order in Case No. PUR-2019-00160,¹ filed with the Commission an annual update with respect to the Company's rate adjustment clause, Rider BW ("Application"). Through its Application, the Company seeks to recover costs associated with the Brunswick County Power Station, a 1,358 megawatt (nominal) natural gas-fired, combined-cycle electric generating facility, as well as the related transmission interconnection facilities, in Brunswick County, Virginia ("Project").²

In Case No. PUE-2012-00128,³ the Commission approved construction of the Project. In conjunction therewith, the Commission also approved a rate adjustment clause, designated

Rider BW, which allowed Dominion to recover costs associated with the development of the Project.⁴ The Company has since annually updated its Rider BW rate adjustment clause.⁵

In this proceeding, Dominion has asked the Commission to approve Rider BW for the rate year beginning September 1, 2021, and ending August 31, 2022 ("2021 Rate Year").⁶ The two key components of the proposed total revenue requirement for the 2021 Rate Year are the Projected Cost Recovery Factor and the Actual Cost True-Up Factor.⁷ The Company is requesting a Projected Cost Recovery Factor revenue requirement of \$112,977,000 and an Actual Cost True-Up Factor revenue requirement of \$457,000.⁸ Thus, the Company is requesting a total revenue requirement of \$113,434,000 for service rendered during the 2021 Rate Year.⁹ Dominion requests a rate effective date for usage on and after the latter of September 1, 2021, or the first day of the month that is at least 15 days following the date of any Commission order approving Rider BW.¹⁰

For purposes of calculating the Projected Cost Recovery Factor in this case, Dominion utilized an enhanced rate of return on common equity ("ROE") of 10.2%, which was approved

by the Commission in Case No. PUR-2019-00050.¹¹ This includes a general ROE of 9.2%, plus a 100 basis points enhanced return, as provided for in Code § 56-585.1 A 6, for a combined cycle generating station.¹² For purposes of calculating the Actual Cost True-Up Factor, the Company used an enhanced ROE of 10.2%, including a general ROE of 9.2%, plus a ROE adder of 100 basis points.¹³

If the proposed Rider BW for the 2021 Rate Year is approved, the impact on customer bills would depend on the customer's rate schedule and usage. According to Dominion, implementation of its proposed Rider BW on September 1, 2021, would increase the monthly bill of a residential customer using 1,000 kilowatt hours per month by approximately \$0.15.¹⁴

Dominion also requests a waiver of Rules 20 VAC 5-201-60 ("Rule 60") and 20 VAC 5-201-90 ("Rule 90") of the Rules Governing Utility Rate Applications and Annual Informational Filings ("Rate Case Rules") with respect to Schedule 45 and Schedule 46 (in part). Rule 60 of the Rate Case Rules requires that an application filed pursuant to Code § 56-585.1 A 6 include Schedule 45, "Return on Equity Peer Group Benchmark," with the utility's direct testimony. Rule 90 of the Rate Case Rules states that Schedule 45 must include "documentation supporting the return on equity benchmark proposed pursuant to § 56-585.1 A 2 a and b of the Code" In support of its request for waiver of Schedule 45, Dominion states that it is requesting that the general ROE of 9.2%, as set by the Commission in

Accordingly, the Company asserts that waiver of this schedule in this proceeding is warranted by judicial economy and efficiency of case administration.¹⁶

Dominion also requests that the Commission waive, in part, the requirements under Rule 60 and Rule 90 of the Rate Case Rules with respect to Schedule 46. Rule 60 requires that an application filed pursuant to Code § 56-585.1 A 6 include Schedule 46, "Projected Rate Adjustment Clause Pursuant to § 56-585.1 A 4, A 5 b, c and d or A 6 of the Code of Virginia," with the utility's direct testimony. Rule 90 states that the Company must "provide all documents, contracts, studies, investigations or correspondence that support projected costs proposed to be recovered via a rate adjustment clause." According to Dominion, the supporting documentation responsive to this request is voluminous and therefore the Company proposes to provide the documentation in electronic format only.¹⁷

Finally, in conjunction with the filing of its Application on October 5, 2020, the Company filed the Motion of Virginia Electric and Power Company for Entry of a Protective Ruling and a proposed protective ruling that establishes procedures governing the use of confidential information in this proceeding.

NOW THE COMMISSION, upon consideration of this matter, is of the opinion and finds that this matter should be docketed; Dominion should provide public notice of its Application; a hearing should be scheduled for the purpose of receiving testimony and evidence on the

¹⁵ Application at 10. Case No. PUR-2019-00050 was filed pursuant to Code § 56-585.1:1 C, which states that the ROE set in such a case applies to future rate adjustment clauses filed pursuant to Code § 56-585.1 A 6, including the current proceeding.

Further, we find that a Hearing Examiner should be assigned to conduct all further proceedings in this matter on behalf of the Commission, including filing a final report containing the Hearing Examiner's findings and recommendations. Finally, we grant Dominion's request to waive, in part, the filing of Schedules 45 and 46 for purposes of commencing this proceeding.

The Commission further takes judicial notice of the ongoing public health emergency related to the spread of the coronavirus, or COVID-19, and the declarations of emergency issued at both the state and federal levels.¹⁸ The Commission has taken certain actions, and may take additional actions going forward, that could impact the procedures in this proceeding.¹⁹

Consistent with these actions, in regard to the terms of the procedural framework established below, the Commission will, among other things, direct the electronic filing of testimony and

pleadings unless they contain confidential information, and require electronic service on parties to this proceeding.

For clarification, we note that the proposed Rider BW, if approved, would result in an increase to customer bills. We realize that the current COVID-19 public health crisis has caused devastating economic effects that impact all utility customers. We responded to this economic emergency by, among other actions, suspending for approximately six months customer disconnections from utility service and directing Virginia utilities to offer extended payment plans, without late fees for those who are current on such plans, to protect customers from service disconnections. We are sensitive to the effects of rate increases, especially in times such as these. The Commission, however, must and will follow the laws applicable to this case, as well as the findings of fact supported by evidence in the record.

Accordingly, IT IS ORDERED THAT:

(1) This matter is docketed and assigned Case No. PUR-2020-00230.

VIRGINIA ELECTRIC AND POWER COMPANY FOR
REVISION OF RATE ADJUSTMENT CLAUSE: RIDER BW
BRUNSWICK COUNTY POWER STATION, FOR THE RATE
YEAR COMMENCING SEPTEMBER 1, 2021
CASE NO. PUR-2020-00230

- **Dominion Energy Virginia ("Dominion") has applied to update its Rider BW by which it recovers the costs of the Brunswick County Power Station.**
- **Dominion requests \$113,434,000 for its 2021 Rider BW. According to Dominion, this amount would increase a typical residential customer's bill using 1,000 kilowatt hours per month by \$0.15.**

On October 5, 2020, Virginia Electric and Power Company d/b/a Dominion Energy Virginia ("Dominion" or "Company"), pursuant to § 56-585.1 A 6 of the Code of Virginia ("Code") and the State Corporation Commission's ("Commission") Final Order in Case No. PUR-2019-00160, filed with the Commission an annual update with respect to the Company's rate adjustment clause, Rider BW ("Application"). Through its Application, the Company seeks to recover costs associated with the Brunswick County Power Station, a 1,358 megawatt (nominal) natural gas-fired, combined-cycle electric generating facility, as well as the related transmission interconnection facilities, in Brunswick County, Virginia ("Project").

In Case No. PUE-2012-00128, the Commission approved construction of the Project. In conjunction therewith, the Commission also approved a rate adjustment clause, designated Rider BW, which allowed Dominion to recover costs associated

with the development of the Project. The Company has since annually updated its Rider BW rate adjustment clause.

In this proceeding, Dominion has asked the Commission to approve Rider BW for the rate year beginning September 1, 2021, and ending August 31, 2022 ("2021 Rate Year"). The two key components of the proposed total revenue requirement for the 2021 Rate Year are the Projected Cost Recovery Factor and the Actual Cost True-Up Factor. The Company is requesting a Projected Cost Recovery Factor revenue requirement of \$112,977,000 and an Actual Cost True-Up Factor revenue requirement of \$457,000. Thus, the Company is requesting a total revenue requirement of \$113,434,000 for service rendered during the 2021 Rate Year. Dominion requests a rate effective date for usage on and after the latter of September 1, 2021, or the first day of the month that is at least 15 days following the date of any Commission order approving Rider BW.

For purposes of calculating the Projected Cost Recovery Factor in this case, Dominion utilized an enhanced rate of return on common equity ("ROE") of 10.2%, which was approved by the Commission in Case No. PUR-2019-00050. This includes a general ROE of 9.2%, plus a 100 basis points enhanced return, as provided for in Code § 56 585.1 A 6, for a combined cycle generating station. For purposes of calculating the Actual Cost True Up Factor, the Company used an enhanced ROE of 10.2%, including a general ROE of 9.2%, plus an ROE adder of 100 basis points.

If the proposed Rider BW for the 2020 Rate Year is approved, the impact on customer bills would depend on the customer's rate schedule and usage. According to Dominion, implementation of its proposed Rider BW on September 1, 2021, would increase the monthly bill of a residential customer using 1,000 kilowatt hours per month by approximately \$0.15.

Interested persons are encouraged to review the Application and supporting documents for the details of these and other proposals.

TAKE NOTICE that the Commission may apportion revenues among customer classes and/or design rates in a manner differing from that shown in the Application and supporting documents and thus may adopt rates that differ from those appearing in the Company's Application and supporting documents.

A public hearing on the Application shall be convened on March 23, 2021, at 10 a.m., to receive the testimony of public witnesses and the evidence of the Company, any respondents, and the Commission's Staff ("Staff"). Further details on the hearing will be provided by subsequent Commission Order or Hearing Examiner's Ruling.

The Commission has taken judicial notice of the ongoing public health emergency related to the spread of the coronavirus, or COVID-19, and the declarations of emergency issued at both the state and federal levels. In accordance therewith, all pleadings, briefs, or other documents required to be served in this matter should be submitted electronically to the extent authorized by 5 VAC 5-20-150, *Copies and format*, of the Commission's Rules of Practice and Procedure ("Rules of Practice"). Confidential and Extraordinarily Sensitive information shall not be submitted electronically and should comply with 5 VAC 5-20-170, *Confidential information*, of the Rules of Practice. For the duration of the COVID-19 emergency, any person seeking to hand deliver and physically file or submit any pleading or other document shall contact the Clerk's Office Document Control Center at (804) 371-9838 to arrange the delivery.

Pursuant to 5 VAC 5-20-140, *Filing and service*, of the Commission's Rules of Practice, the Commission has directed that service on parties and the Commission's Staff in this matter shall be accomplished by electronic means. Please refer to the Commission's Order for Notice and Hearing for further instructions concerning Confidential or Extraordinarily Sensitive Information.

An electronic copy of the Company's Application may be obtained by submitting a written request to counsel for the Company, Lisa R.
