## APPLICATION OF

VIRGINIA ELECTRIC AND POWER COMPANY

CASE NO. PUR-2020-00103

For revision of rate adjustment clause:  
Rider W, Warren County Power Station

ORDER FOR NOTICE AND HEARING

On June 1, 2020, Virginia Electric and Power Company d/b/a Dominion Energy Virginia ("Dominion" or "Company"), pursuant to § 56-585.1 A 6 of the Code of Virginia ("Code"), filed with the State Corporation Commission ("Commission") an annual update of the Company's rate adjustment clause, Rider W ("Application"). Through its Application, the Company seeks to recover costs associated with the Warren County Power Station ("Warren County Project" or "Project"), a natural gas-fired combined-cycle electric generating facility and associated transmission interconnection facilities located in Warren County, Virginia.<sup>1</sup>

In Case No. PUE-2011-00042,<sup>2</sup> the Commission approved Dominion's construction and operation of the Warren County Project and also approved a rate adjustment clause, designated Rider W, for the Company to recover costs associated with the construction of the Project.<sup>3</sup> The Warren County Project began commercial operations in December 2014.<sup>4</sup>

<sup>2</sup> *Application of Virginia Electric and Power Company, For approval and certification of the proposed Warren County Power Station electric generation and related transmission facilities under §§ 56-580 D, 56-265.2, and 56-46.1 of the Code of Virginia and for approval of a rate adjustment clause, designated as Rider W, pursuant to § 56-585.1 A 6 of the Code of Virginia*, Case No. PUE-2011-00042, 2012 S.C.C. Ann. Rept. 263, Final Order (Feb. 2, 2012).

<sup>3</sup> Application at 2-3.

In this proceeding, Dominion has asked the Commission to approve Rider W for the rate year beginning April 1, 2021, and ending March 31, 2022 ("2021 Rate Year").<sup>5</sup> The two components of the proposed total revenue requirement for the 2021 Rate Year are the Projected Cost Recovery Factor and the Actual Cost True-Up Factor.<sup>6</sup> The Company is requesting a Projected Cost Recovery Factor revenue requirement of \$116,366,000 and an Actual Cost True-Up Factor revenue requirement of \$3,377,000.<sup>7</sup> Thus, the Company is requesting a total revenue requirement of \$119,743,000 for service rendered during the 2021 Rate Year.<sup>8</sup>

For purposes of calculating the revenue requirement in this case, Dominion utilized an enhanced rate of return on common equity ("ROE") of 10.2%. This ROE comprises a general ROE of 9.2% approved by the Commission in Case Nos. PUR-2017-00038 and PUR-2019-00050, plus a 100 basis point enhanced return applicable to a to a combined-cycle combustion turbine generating station as described in § 56-585.1 A 6 of the Code.<sup>9</sup>

If the proposed Rider W for the 2021 Rate Year is approved, the impact on customer bills would depend on the customer's rate schedule and usage. According to Dominion, implementation of its proposed Rider W on April 1, 2021, would increase the bill of a residential

Alternatively, Dominion requests a rate effective date for usage on the first day of the month that is at least 15 days following the date of any Commission order approving Rider W, if such date is later than April 1, 2021. Application at 8.

<sup>9</sup> Application at 5-6; Direct Testimony of C. Alan Givens at 3. *See Application of Virginia Electric and Power Company, For the determination of the fair rate of return on common equity pursuant to § 56-585.1:1 C of the Code of Virginia*, Case No. PUR-2019-00050, Doc. customer using 1,000 kilowatt hours per month by approximately \$0.15.<sup>10</sup> The Company indicates it has calculated the proposed Rider W rates in accordance with the same methodology as used for rates approved by the Commission in the most recent Rider W proceeding, Case No. PUR-2019-00089, with the exception that in this case the Company did not remove federal customers' and retail choice customers' load and usage for the purpose of designing rates.<sup>11</sup>

This Application is one of six filings Dominion made on or about June 1, 2020, for recovery of funds related to capital projects. If the revenue requirements in these filings are approved as proposed, the cumulative impact would be a monthly increase of approximately \$0.96 for a residential customer using 1,000 kilowatt hours per month.

In this Application, Dominion also requests a waiver of Rules 20 VAC 5-201-60 ("Rule 60") and 20 VAC 5-201-90 ("Rule 90") of the Commission's Rules Governing Utility Rate Applications and Annual Informational Filings ("Rate Case Rules") with respect to Schedule 45.<sup>12</sup> Rule 60 of the Rate Case Rules requires that an application filed pursuant to Code § 56-585.1 A 6 include Schedule 45, "Return on Equity Peer Group Benchmark," with the utility's direct testimony. Rule 90 of the Rate Case Rules states that Schedule 45 must include, "documentation supporting the return on equity benchmark proposed pursuant to § 56-585.1 A 2 a and b of the Code . . . ." In support of its request for waiver of Schedule 45, Dominion states that it is requesting that the general ROE of 9.2%, as set by the Commission in

Case Nos. PUR-2017-00038 and PUR-2019-00050, be used to calculate the revenue requirement for Rider W.<sup>13</sup> Accordingly, the Company asserts that waiver of this schedule in this proceeding is warranted by judicial economy and efficiency of case administration.<sup>14</sup>

Dominion also requests that the Commission waive, in part, the requirements under Rule 60 and Rule 90 of the Rate Case Rules with respect to Schedule 46. Rule 60 requires that an application filed pursuant to Code § 56-585.1 A 6 include Schedule 46, "Projected Rate Adjustment Clause Pursuant to § 56-585.1 A 4, A 5 b, c and d or A 6 of the Code of Virginia," with the utility's direct testimony. Rule 90 states that the Company must "provide all documents, contracts, studies, investigations or correspondence that support projected costs proposed to be recovered via a rate adjustment clause." According to Dominion, the supporting documentation responsive to this request is voluminous and therefore the Company proposes to provide the documentation in electronic format only.<sup>15</sup>

Finally, in conjunction with the filing of its Application on June 1, 2020, the Company filed the Motion of Virginia Electric and Power Company for Entry of a Protective Ruling and a proposed protective ruling that establishes procedures governing the use of confidential information in this proceeding.

NOW THE COMMISSION, upon consideration of this matter, is of the opinion and finds that this matter should be docketed; Dominion should provide public notice of its Application; a hearing should be scheduled for the purpose of receiving testimony and evidence on the

PUR-2017-00038 and PUR-2019-00050 were filed pursuant to Code § 56-585.1:1 C, which states that the ROE set in such a case applies to future rate adjustment clauses filed pursuant to Code § 56-585.1 A 5 and § 56-585.1 A 6, including the current proceeding.

The Commission further takes judicial notice of the ongoing public health emergency related to the spread of the coronavirus, or COVID-19, and the declarations of emergency issued at both the state and federal levels.<sup>16</sup> The Commission has taken certain actions, and may take additional actions going forward, that could impact the procedures in this proceeding.<sup>17</sup> Consistent with these actions, in regard to the terms of the procedural framework established below, the Commission will, among other things, direct the electronic filing of testimony and

For clarification, we note that the proposed Rider W, if approved, would result in an increase to customer bills. We realize that the current COVID-19 public health crisis has caused devastating economic effects that impact all utility customers. We have responded to this economic emergency by, among other actions, temporarily suspending customer service disconnections for customers of Virginia utilities during the pandemic emergency. We are sensitive to the effects of rate increases, especially in times such as these. The Commission, however, must and will follow the laws applicable to this case, as well as the findings of fact supported by evidence in the record.

Accordingly, IT IS ORDERED THAT:

(1) This matter hereby is docketed and assigned Case No. PUR-2020-00103.

NOTICE TO THE PUBLIC OF AN APPLICATION BY  
VIRGINIA ELECTRIC AND POWER COMPANY  
D/B/A DOMINION ENERGY VIRGINIA  
FOR APPROVAL OF A RATE ADJUSTMENT CLAUSE  
RIDER W, WARREN COUNTY POWER STATION  
CASE NO. PUR-2020-00103

- Virginia Electric and Power Company d/b/a Dominion Energy Virginia ("Dominion") has applied for approval to revise its rate adjustment clause, Rider W.
- Dominion's request represents an increase of \$119,743,000 million annually, which would increase the bill of a typical residential customer using 1,000 kilowatt hours per month by \$0.15.
- A Hearing Examiner appointed by the State Corporation Commission will hold a hearing in this case on January 12, 2021.
- Further information about this case is available on the SCC website at: <https://scc.virginia.gov/pages/Case-Information>.

On June 1, 2020, Virginia Electric and Power Company d/b/a Dominion Energy Virginia ("Dominion" or "Company"), pursuant to § 56-585.1 A 6 of the Code of Virginia ("Code"), filed with the State Corporation Commission ("Commission") an annual update of the Company's rate adjustment clause, Rider W ("Application"). Through its Application, the Company seeks to recover costs associated with the Warren County Power Station ("Warren County Project" or "Project"), a natural gas-fired combined-cycle electric generating facility and associated transmission interconnection facilities located in Warren County, Virginia.

In Case No. PUE-2011-00042, the Commission approved Dominion's construction and operation of the Warren County Project and also approved a rate adjustment clause, designated

Rider W, for the Company to recover costs associated with the construction of the Project. The Warren County Project began commercial operations in December 2014.

In this proceeding, Dominion has asked the Commission to approve Rider W for the rate year beginning April 1, 2021, and ending March 31, 2022 ("2021 Rate Year"). The two components of the proposed total revenue requirement for the 2021 Rate Year are the Projected Cost Recovery Factor and the Actual Cost True-Up Factor. The Company is requesting a Projected Cost Recovery Factor revenue requirement of \$116,366,000 and an Actual Cost True Up Factor revenue requirement of \$3,377,000. Thus, the Company is requesting a total revenue requirement of \$119,743,000 for service rendered during the 2021 Rate Year.

For purposes of calculating the revenue requirement in this case, Dominion utilized an enhanced rate of return on common equity ("ROE") of 10.2%. This ROE comprises a general ROE of 9.2% approved by the Commission in Case Nos. PUR-2017-00038 and PUR-2019-00050, plus a 100 basis point enhanced return applicable to a to a combined cycle combustion turbine generating station as described in § 56 585.1 A 6 of the Code.

If the proposed Rider W for the 2021 Rate Year is approved, the impact on customer bills would depend on the customer's rate schedule and usage. According to Dominion, implementation of its proposed Rider W on April 1, 2021, would increase the bill of a residential customer using 1,000 kilowatt hours per month by approximately \$0.15. The Company indicates it has calculated the proposed Rider W rates in accordance with the same methodology as used for rates approved by the Commission in the most recent Rider W proceeding, Case No. PUR-2019-00089, with the exception that in this case the Company did not remove federal customers' and retail choice customers' load and usage for the purpose of designing rates.

This Application is one of six filings Dominion made on or about June 1, 2020, for recovery of funds related to capital projects. If the revenue requirements in these filings are approved as proposed, the cumulative impact would be a monthly increase of approximately \$0.96 for a residential customer using 1,000 kilowatt hours per month.

Interested persons are encouraged to review the Application and supporting documents for the details of these and other proposals.

TAKE NOTICE that the Commission may apportion revenues among customer classes and/or design rates in a manner differing from that shown in the Application and supporting documents and thus may adopt rates that differ from those appearing in the Company's Application and supporting documents.

A public hearing on the Application shall be convened on January 12, 2021, at 10 a.m., to receive the testimony of public witnesses and the evidence of the Company, any respondents, and the Staff. Further details on the hearing will be provided by subsequent Commission Order or Hearing Examiner's Ruling.

The Commission further takes judicial notice of the ongoing public health emergency related to the spread of the coronavirus, or COVID-19, and the declarations of emergency issued at both the state and federal levels. In accordance therewith, all pleadings, briefs, or other documents required to be served in this matter should be submitted electronically to the extent authorized by 5 VAC 5-20-150, *Copies and format*, of the Commission's Rules of Practice and Procedure ("Rules of Practice").
